#### Notes on Delegated Authority

1. Council has delegated the power to approve minor changes to the Academic Program Rules to the Executive Deans of Faculties.
2. Council has delegated the power to specify syllabuses to the Head of each department or centre concerned, such syllabuses to be subject to approval by the Faculty or by the Executive Dean on behalf of the Faculty.

## Undergraduate Program Rules

### Bachelor of Dental Surgery

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

#### 1 General

There shall be a degree of Bachelor of Dental Surgery.

#### 2 Duration of program

The program of study for the degree of Bachelor of Dental Surgery, unless otherwise approved by the Council on the recommendation of the School, shall extend over five years of full-time study.

A candidate may interrupt his or her studies:

- a for the purpose of proceeding to the Honours degree of Bachelor of Science in Dentistry,  
*or*
- b for such period and on such conditions as may in each case be determined by the School.

Students wishing to interrupt their studies must apply for permission and obtain beforehand the approval of the Dean on behalf of the School for leave of absence for a defined period.

A student who leaves the program without approval or who extends leave of absence beyond the time period approved by the Dean shall be deemed to have withdrawn his or her candidature for the degree but shall be permitted to reapply for admission to the program in accordance with the procedures in operation at the time.

Students who have interrupted their studies in the prescribed courses may be required to resume at such a point in the program and/or to undertake such additional or special program of study as the Dean of the School deems appropriate.

#### 3 Enrolment

##### 3.1 Approval of enrolment

The following students must have their programs approved by the Dean or nominee at the time of enrolment in the year concerned:

- a students who have been granted or are seeking status or exemption from these Rules
- b students who are repeating a stream or streams; such students may be required to resume at a point in the program and/or undertake such additional or special program of study as the Dean of the School deems appropriate

- c students who have obtained permission from the School to intermit their program, either to proceed to the Honours degree of Bachelor of Science in Dentistry, or for other reasons approved in each case.

##### 3.2 Prescribed communicable infections policy

The University promotes a pro-active public health approach to prescribed communicable infections (PCI) such as HIV/AIDS, Hepatitis B and Hepatitis C, and seeks to minimise the impact of these infections on students' academic progress.

It offers understanding and practical support to students with such infections, and aims to provide a work and study environment free from discrimination, challenging views that result in discriminatory attitudes toward people with PCIs.

The University also has a legal and ethical obligation to take all reasonable measures to prevent the transmission of prescribed communicable infections among students, staff members and visitors, and recognises that some students with such infections will not be permitted to complete the Bachelor of Dental Surgery or other clinical programs offered by the Faculty of Health Sciences.

All prospective Medical and Dental School students are strongly advised to consult the University's Students With Prescribed Communicable Infections Policy - available through the University's website at [www.adelaide.edu.au/policies/591/](http://www.adelaide.edu.au/policies/591/) - which makes reference to the relevant legislation, elaborates on the reasons for the adoption of this policy, and outlines procedures for implementing the policy.

##### 3.3 Police Record Check

Bachelor of Dental Surgery students require a National Police Certificate, obtained through a Police Record Check, before undertaking clinical placements or internships. Organisations providing clinical placements require the Certificate in line with legislation concerning the professional care of children, or people who are ill, elderly or vulnerable.

#### 4 Assessment and examinations

- 4.1 A candidate may not be eligible to attend for examination unless the prescribed work has been completed to the satisfaction of the academic staff concerned.

- 4.2 In the revised curriculum, candidates will be required to enrol in one stream, Dental Science and Practice (DSP). Candidates will be awarded one of the following grades for assessment in the stream: Fail, Pass, Credit, Distinction, High Distinction. Candidates will also be required to complete the Progressive Integrated Assessment (PIA), which is one of the summative assessments within the DSP stream. The PIA will be assessed as a Non Graded Pass or Fail. If a candidate fails the PIA, they will fail the DSP stream. A candidate must pass the DSP stream to receive a pass in the Annual Examination. Students who enrolled in the program before 2010 will be required to complete all streams in each year of the program. Candidates will be awarded one of the grades in each of the streams: Fail, Pass, Credit, Distinction, High Distinction. Candidates will also be required to complete and pass the PIA to pass each of the individual streams and to pass the Annual Examination. Candidates will be awarded a Non Graded Pass or Fail in the PIA.
- 4.3 In determining a candidate's final result in a stream (or part of a stream) the examiners may take into account oral, written, clinical, practical and examination work, provided that the candidate has been given adequate notice at the commencement of the teaching of the stream of the way in which work will be taken into account and of its relative importance in the final result.
- 4.4 The School will apply criterion referenced rather than norm referenced standards in determining these grades. It is a requirement that summative stream assessments are completed at a Pass level or better in order to progress to the following year and to meet the academic requirements of the program.
- 4.5 A candidate who has twice failed to obtain a Pass or higher in the stream assessment for the Bachelor degree may not enrol for that stream again except by special permission of the School and then only under such conditions as School may prescribe.
