

# ENROLMENT ADVICE SESSIONS FOR COMMENCING UNDERGRADUATE STUDENTS 2009

All students will be enrolling via the internet in 2009. For most academic programs there will be an enrolment advice session to familiarise you with the structure of your degree and the choice of courses available. Please refer to the information listed in this document for your Faculty. It is important that you attend these sessions. You are encouraged to check the online enrolment website at [www.adelaide.edu.au/enrol/](http://www.adelaide.edu.au/enrol/) for general instructions, and to follow Steps 1-7 to enrol.

## Engineering, Computer and Mathematical Sciences

All students enrolling in an Engineering, Computer Science or Mathematical Sciences program are invited to attend a Faculty Information Session which will be held in the **Flentje Lecture Theatre, Level 2, Plaza Building** at the date given below.

In addition, a special session will be held for students enrolling into Sustainable Energy Engineering. This session will provide information on the Chemical, Electrical and Mechanical streams available within the program. It is strongly suggested that these students attend the 10.00am Faculty Information Session followed by the Sustainable Energy Engineering Session.
