

# Would you like to win a full registration to AusBiotech 2009?

**Calling all SCIENCE and bio-engineering students** to show off your research and compete for full registration to attend AusBiotech 2009 – Australia's biotechnology conference in Melbourne

**The Competition:** The AusBiotech-GSK Student Excellence Awards are national awards that are partnered exclusively by GlaxoSmithKline (GSK). These national awards encourage students to think strategically about their research in the bioscience, biotechnology or medical technology field. The awards are open in each state and finalists are required to "pitch" the commercial application of their research to a panel of judges.

**The prize:** One winner from **each state** will be presented with their award during a ceremony at AusBiotech2009. Each winner will be given the opportunity to display a poster of their abstract during the conference. The award covers the winner's travel, accommodation expenses and registration for AusBiotech2009 to be held in Melbourne from 27 – 30 October 2009 ([www.ausbiotech2009.com.au](http://www.ausbiotech2009.com.au)).

**How to apply:** Applications available online via the AusBiotech website: [www.ausbiotech.org/studentexcellenceawards](http://www.ausbiotech.org/studentexcellenceawards).

*The AusBiotech Students Association (ABSA), a special interest group of AusBiotech, aims to link students with industry. For more information on ABSA please contact Wendy Stevens [wstevens@ausbiotech.org](mailto:wstevens@ausbiotech.org)*

**Applications close – 14 August 2009**

**Can you afford to miss this opportunity to KICK START your BIOcareer?**
