

Masters Degrees by Research

The General Academic Program Rules shall apply to all Masters by Research programs at the University of Adelaide. Specific Academic Program Rules for other Masters by Research awards have been developed within the framework of these General Masters Rules and are listed under their respective Faculty/School. The following academic programs have no specific Academic Program Rules and therefore are bound entirely by the General Masters Program Rules:

- Master of Agricultural Science
- Master of Applied Science
- Master of Design Studies
- Master of Design Studies (Landscape)
- Master of Science
- Master of Urban Design

General Masters Rules

- 1 All students must comply with both the General and Specific Academic Program Rules and are advised to refer to them to gain an understanding of their rights and responsibilities regarding program matters.

Rules

- 2 The Research Education and Development Committee may from time to time approve guidelines on any matters included in these Rules and may authorise the Dean of Graduate Studies or the Manager, Graduate Administration and Scholarships, to act in accordance with such guidelines without reference to the Committee in each case. Notwithstanding this, Faculties may develop their own specific guidelines as permitted within the framework of these Rules.

Definitions

- 3.1 A Masters Degree by Research shall, in general, have the objectives of
- (a) training students in research methodology and techniques
 - (b) developing critical evaluation skills appropriate to their research topic
 - (c) application of such methods by conducting a specified program of research under appropriate supervision and the development of new knowledge where possible
 - (d) providing training in literature analysis *and*
 - (e) encouraging debate in the substantive area of the thesis at an advanced level.
- 3.2 Examiners for a Masters degree should satisfy themselves that the candidate has

- (a) a thorough understanding of the relevant methodology as demonstrated by a thorough critical review of the literature
- (b) demonstrated competence through judicious selection and application of appropriate methods to yield meaningful results
- (c) demonstrated the capacity to evaluate critically these results and presented a clear and well written thesis in accordance with the format specified in 8.3 below.

Academic standing

- 4.1 The academic standing required for acceptance as a candidate for a Master degree by research in the University shall be a relevant Honours degree of Bachelor or a relevant degree of Master of the University of Adelaide or the equivalent thereof. Where a Master's degree is presented as a qualification for admission to a Master's by Research program, the Master's degree must contain a research component deemed appropriate by the Research Education and Development Committee. A Master's degree that contains only coursework will not be accepted for this purpose.
- 4.2 A person who holds a relevant Honours or Master degree of another university or equivalent thereof, may be accepted as a candidate provided that the program of study undertaken and the academic standard reached are equivalent to those required of a candidate who is a graduate of the University of Adelaide.
- 4.3 The Committee may accept as a candidate a graduate who does not qualify under Rules 4.1 or 4.2 but has demonstrated a high level of academic achievement *and*

- (a) has completed to the satisfaction of the Committee at least one year of full-time postgraduate study or research and passed a qualifying examination of Honours standard prescribed by the appropriate Faculty and approved by the Committee *or*
- (b) obtained a qualification that includes a significant research component *or*
- (c) is experienced in research as evidenced by research publications or written reports on research work done by the applicant.

4.4 Applicants for a Masters degree by Research must satisfy the minimum English language proficiency requirement as set by the university.

Credit for work previously completed

- 5.1 At the time of application, the Committee may grant credit in a Master by Research program for research undertaken in another program in the University or in another university or tertiary institution.
- 5.2 In consideration for acceptance under Rule 5.1, the Committee must be satisfied that
 - (a) the person is of such academic standing as would be required of other candidates for the degree *and*
 - (b) the person's progress so far has been satisfactory and the research for which credit is granted is of a satisfactory standard.

Enrolment

- 6.1 A person shall not be enrolled as a candidate for the degree unless:
 - (a) the applicant's proposed field of study and research is acceptable to the University and the School/Discipline responsible for the supervision of the candidate's work
 - (b) there are available at least two supervisors able to provide supervision of the proposed candidacy throughout its likely duration. The principal supervisor shall be a member of the academic staff of the School/Discipline of the University in which the candidate is enrolled *and*
 - (c) suitable resources and facilities are available (either in the University or, by arrangement acceptable to the Faculty, elsewhere) for the proposed research to be undertaken.
- 6.2 Except with the permission of the Dean of Graduate Studies, a candidate may not enrol concurrently in another academic program

- 6.3 Except with the permission of the Dean of Graduate Studies, a candidate who is permitted to enrol concurrently in another academic program and who is granted leave must intermit all academic programs in which he or she is enrolled.

Duration of candidature and mode of study

- 7.1 A candidate may proceed to the degree by full-time study or, if the Head of the School/Discipline concerned is satisfied that the candidate has adequate time to pursue supervised research under the control of the University, by half-time study. Except in circumstances approved by the Committee, the work for the degree shall be completed and the thesis submitted:
- 7.2
 - (a) in the case of a full-time candidate, not less than one year nor more than two years from the date of commencement of candidature
 - (b) in the case of a half-time candidate, not less than two years nor more than four years from the date of commencement of candidature
 - (c) in the case of a candidate granted credit under Rule 5.1, the candidature shall normally expire:
 - (i) in the case of a full-time candidate, not less than one year and not more than two years from the date the candidate commenced work in the other program *or*
 - (ii) in the case of a half-time candidate, not less than two years and not more than four years from the date the candidate commenced work in the other program.

Work for the degree

- 8.1 A candidate shall pursue an approved program of study and research under the control of the University and under the general guidance of supervisors appointed by the University leading to the generation of a thesis.
- 8.2 Where a Master by research program contains course work, the candidate shall be required to pass both the course work and thesis components independently but, in exceptional circumstances, this requirement may be waived by the Committee.
- 8.3 The thesis may comprise a conventional written narrative presented as typescript (see University Calendar Specifications for Thesis), a single major publication such as a book, a portfolio of publications that have been accepted following peer review (see Rule 8.4) or creative or visual work/s (see Rules 8.5 and 29.4-29.6).

- 8.4 In the case of a thesis that comprises a portfolio of publications, publication/s must not have been accepted for any other university award.
- (i) The thesis shall also contain: a contextual statement that normally includes the aims underpinning the publication/s; a literature review or commentary that establishes the field of knowledge and provides a link between publications; and a conclusion showing the overall significance of the work and contribution to knowledge.
 - (ii) A portfolio of publications submitted, as a Master by Research thesis must be closely related in terms of subject matter and form a cohesive research narrative
 - (iii) The number and length of scholarly works included in a portfolio of publications shall be determined by Faculties in consultation with specific Discipline areas. Where the publication/s are deemed to constitute a body of work worthy of the award, the candidate may include additional material submitted for publication.
 - (iv) Where publications have multiple authorship, the Master's candidate must be the first or principal author and must have written permission of the co-authors.
 - (v) Only publications that have been published or accepted by publishers approved by the Discipline and in accordance with DEST criteria for the Higher Education Research Data Collection may be included in the portfolio under these Rules.
- 8.5 Where other materials are to be examined, such as in the case of a thesis comprising creative work/s, the candidate must seek approval from the Research Education and Development Committee for the form and presentation of the thesis by the time of completion of the research proposal (see Rule 9.4).
- (i) The creative work may be in the form of exhibition, music composition or performance, literary work, film or other format approved by the Research Education and Development Committee.
 - (ii) The creative work should provide a coherent demonstration that the candidate has reached an appropriate standard in the research and has made a significant and original contribution to knowledge in the area. The creative work should be the research outcome, while the exegesis that accompanies it should describe the research process and elaborate, elucidate and place in context the artistic practice undertaken.

- 8.6 The candidate shall present the context and importance of the research at a School/Discipline seminar.
- 8.7 The Head of School/Discipline shall certify that the thesis is worthy of examination.

Required program of activities at the commencement of candidature

- 9.1 Each candidate (including those on remote candidature) will be enrolled on a provisional basis for the first twelve months of the degree.
- 9.2 Continuation of enrolment at the end of this period will depend on overall academic progress including the satisfactory completion of the Core Component of the Structured Program within six months (or half time equivalent) from the commencement of candidature.
- 9.3 Such activities will be determined by the School/Discipline through which the candidate is enrolled and in the first year must include the completion and presentation of the research proposal and other programs and skills training deemed necessary by the School/Discipline. In the case of international students, completion of the Integrated Bridging Program is also required, except in those cases where an exemption has been granted.
- 9.4 The research proposal must be agreed and submitted to the Adelaide Graduate Centre preferably within three, but no later than six months (or half time equivalent) from the commencement of candidature.
- 9.5 A Major Review of progress after twelve months will recommend confirmation of candidature, termination, or the extension of provisional status. In the case of extension, a further review after a clearly defined period, normally three months, would form the basis for confirmation or termination of enrolment.
- 9.6 A candidate who has completed the first year of a Master by research program and who is qualified and permitted by the Committee to transfer to the degree of Doctor of Philosophy will be deemed to have completed the Core Component of the Structured Program and the transfer will confirm candidature in the PhD.

Remote candidature

- 10.1 Initial enrolment as a remote candidate may be permitted on academic grounds where the School/Discipline concerned can ensure the provision of external supervision, facilities and affiliation to the satisfaction of the Research Education and Development Committee.
- 10.2 Unless otherwise exempted, a remote candidate will normally be required to complete a period/s of residence

in the University of Adelaide as determined by the Research Education and Development Committee in consultation with the School/Discipline concerned.

- 10.3 Notwithstanding Rule 10.2, a remote candidate will normally be required to undertake their candidature in an internal attendance mode until such time as the Core Component of the Structured Program has been completed.
- 10.4 In accordance with rule 7.1, a remote candidate may proceed to the degree either by full-time or half-time study.
- 10.5 On the recommendation of the School/Discipline, the Committee at any time may permit an enrolled student to enrol as a remote candidate subject to the conditions specified in 10.1, 10.2 and 10.3 above.
- 10.6 A remote candidate may be permitted to convert to an internal mode of attendance at any time and shall be subject to the conditions normally applied.
- 10.7 Notwithstanding Rules 10.1 to 10.6 above, remote candidates are also required to abide by the other Rules and guidelines for the degree of Master by Research.

Review of academic progress

- 11.1 The Committee may review the progress of a candidate at any time during the program of candidature and, if the candidate's progress is unsatisfactory, may terminate the candidature.
- 11.2 A formal review of a candidate's progress shall be conducted by the School/Discipline at least once a year in accordance with guidelines determined by the Research Education and Development Committee and outlined in the *Research Student Handbook*.
- 11.3 A formal review of progress and confirmation of candidature will occur twelve months (or half time equivalent) after enrolment (see 9.5 above). Additional reviews will occur around October each year with written reports forwarded to the Dean of Graduate Studies. A candidate's re-enrolment in the following year is conditional upon satisfactory progress in the year of the review.

Absence from the university

- 12 Except for remote candidates, the Committee, on the recommendation of the School/Discipline concerned, may permit a candidate to pursue away from the University work connected with the research for the degree. Such permission may only be granted under special circumstances during provisional candidature.

Leave of absence

- 13 A candidate whose work is interrupted for a period of time may be granted cumulative leave by the Committee of up to twelve months. If an application for leave is approved, the minimum and maximum periods specified in Rule 7.1 will be adjusted accordingly by adding the length of the approved leave.
- 14 In exceptional circumstances, the Committee may grant a candidate cumulative leave in excess of 12 months. Where a student is granted this exceptional leave, the University will endeavour to ensure, but cannot guarantee, that appropriate supervision and resources will be available to support the student on return from leave.
- 15 In some fields of study, time plays a critical role in the currency of the research. In such cases, the research project may no longer be current following leave and the University may not be able to secure supervision in an area where currency is compromised. Additionally, the University may not be able to accommodate an amendment to the research project. Under these circumstances, continuation of candidature may not be possible and the only options will be:

- (i) withdrawal by the candidate *or*
- (ii) termination of candidature by the University.

- 16 The candidature of a student who takes leave from the University without approval will be suspended immediately, on notification of the Adelaide Graduate Centre.
- 17 A candidate granted leave must inform the Adelaide Graduate Centre in writing of resumption of candidature within two weeks of the approved date of return.
- 18 A candidate seeking to extend a period of leave must apply in writing for an extension of leave at least one week prior to the originally approved date of return.

Withdrawal from candidature

- 19 A student may withdraw from candidature at any time. Candidature may be reinstated at a future date without academic consequences, subject to the continuing currency of the research undertaken prior to withdrawal and the currency of the research skills of the candidate. The approval of the Head of School and the ongoing availability of appropriate supervision and resources are also required

Suspension of candidature

- 20 A student's candidature may be suspended for failure to comply with any formal requirement of candidature, including:

- (i) Failing to abide by the responsibilities of research candidates as detailed in the *Research Student Handbook*,
Failing to undertake a required review of progress by the due date or extended due date;
- (ii) Failing to respond to any University correspondence sent to the nominated mailing address or campus email address within two months of the requested date of response,
Failing to accept reasonable offers of supervision facilitated by the University,
Taking leave without prior approval,
Failing to return from leave on the agreed date,
Failing to notify the Graduate Centre of return from leave within two weeks of return,
Non-payment of University fees and charges.

Termination of candidature

- 21 A student's candidature may be terminated where:
- (i) progress is unsatisfactory following a review of progress, whether programmed or otherwise *and*
 - (ii) where candidature has been suspended for more than twelve months.
- 22 A terminated candidature may only be reinstated following a successful appeal.

Extension of candidature

- 23 Irrespective of full time or half time status, a candidate may be granted by the Committee one extension of candidature only of six months beyond the maximum period specified in Rule 7.1. If the thesis has not been submitted by the end of the extended period, the candidature will lapse.

Completion of thesis outside the University

- 24 A candidate who has completed the equivalent of one year of full-time work under the control of the University, who has completed the experimental work (where appropriate) and whose progress is sufficiently well advanced to permit the satisfactory completion of the thesis outside the University, may be granted permission by the Committee to complete the writing-up of the thesis outside the University. If such permission is granted the candidate will be allowed either twelve months or until the end of candidature, whichever is the lesser, to submit the thesis. If the thesis has not been submitted by the end of the writing-up period the candidature will lapse.

Lapsed candidature

- 25.1 A candidature, which has lapsed, may be resumed if the completed thesis, which has not departed from the field of study that was being pursued before the candidature lapsed, is subsequently submitted to the Manager, Graduate Administration and Scholarships. The thesis will only be accepted for examination if the School/ Discipline certifies that it is satisfactory to that School/Discipline.
- 25.2 Approval of the Committee is required for the resumption of a lapsed candidature under any other conditions.
- 25.3 In special circumstances, the Committee may approve the resumption of a lapsed candidature for one period of up to six months (whether full- or half-time) prior to the submission of the thesis.

Intention to submit thesis

- 26 A candidate shall notify the Manager, Graduate Administration and Scholarships, in writing, approximately three months before he or she expects to submit a thesis for examination. A summary of the thesis, together with the proposed thesis title, shall be submitted at the same time.

Submission and examination of the thesis

- 27.1 On completion of the approved program of study and research a candidate shall submit a thesis embodying the results of that study and research, and may submit also, in support of the thesis, other relevant material.
- 27.2 The thesis shall embody the values described in Rule 3.2.
- 27.3 The thesis may comprise a portfolio of publications published during candidature. The format shall be in accordance with Rules 8.4 (i) to 8.4 (v).
- 27.4 In the case of a thesis submitted in the areas of musical, artistic or visual practice, presentation may be in one of three forms, a) by a theoretical thesis or b) by one or more creative works and an exegesis or c) a series of music performance recordings and an exegesis.
- 27.5 In the case of a thesis submitted in the areas of musical, artistic or visual practice, the creative work and the exegesis will not be examined separately but as an integrated whole constituting the original and substantial contribution to knowledge required from Masters' candidates.

- 27.6 In the case of visual arts, the examiners will attend the exhibition at which time they will be given a copy of the exegesis in temporary binding. A final copy of the exegesis will be provided to the examiners within three months of their viewing the creative work.
- 27.7 The thesis and any other material submitted shall be assessed by examiners external to the University.
- 27.8 No thesis, material or publications presented for any other degree within this or any other institution shall be so submitted.
- 27.9 The Committee shall prescribe the form in which the thesis shall be submitted and the number of copies to be submitted.

Appointment of examiners

- 28.1 Candidates shall have the right to submit objections to the appointment of potential examiners. Any such objections should be submitted to the Manager, Graduate Administration and Scholarships, at the same time as the notification of intention to submit required under Rule 26. Such objections do not serve as a veto.
- 28.2 Assessment of the thesis shall in every case be by not less than two examiners appointed by the Committee of whom:
- (a) at least one shall be external to the University
 - (b) at least one shall be an academic member or affiliate of a tertiary institution.
- 28.3 The candidate's supervisors shall not be eligible to act as examiners.
- 28.4 The examiners shall be requested to report in such form as the Committee will determine and to recommend one of the alternatives listed in Rule 29.1.
- 28.5 After consideration of the reports of the examiners, the Committee may appoint a third external examiner and/or an external arbitrator.

Examination results

- 29.1 After consideration of the reports of the examiners and such other information as it thinks fit, the Committee shall determine that:
- (a) the candidate be awarded the degree *or*
 - (b) the candidate be awarded the degree but that minor amendments be made *or*
 - (c) the candidate be awarded the degree subject to the specified amendments being made to the thesis *or*

- (d) the candidate be not awarded the degree but be permitted to re-submit the thesis in revised form within one year *or*
- (e) the candidate be not awarded the degree.

- 29.2 For candidates who submitted in publication format, any amendments under 29.1 (b), (c) or (d) shall be confined to the contextual statement referred to in Rule 8.4(i).
- 29.3 In the case of a thesis presented for re-examination as provided for in Rule 29.1(d), the thesis will, as far as possible, be assessed by the original examiners.
- 29.4 A thesis presented for re-examination will not be submitted for further re-examination.

Thesis amendments following examination

- 30 The time limits for revision of the thesis are:
- three months where the examination result is to award the degree following minor amendments to the thesis (see Rule 29.1(b)), or where the examination result is to award the degree subject to the specified amendments being made to the thesis (see Rule 29.1(c)) *and*
- twelve months where the examination result is not to award the degree but to permit resubmission of the thesis in a revised form (see Rule 29.1(d)).
- 31 Candidates who require additional time to complete revisions must apply to the Dean of Graduate Studies for permission, stating the reasons for the request. The request should be approved by the principal supervisor and the Head of School/Discipline or the Postgraduate Coordinator.

Deposit of thesis

- 32 Such number of copies of a thesis and any other material on which the degree is awarded shall be deposited in the Barr Smith Library or elsewhere as determined by the Committee. Unless otherwise determined by the Committee, the copies shall be available for loan and photocopy.

Loan or photocopy of thesis

- 33 A candidate who does not wish to allow the thesis to be lent or photocopied when it is deposited in the Library under Rule 32 shall make a written application to the Manager, Graduate Administration and Scholarships, at the same time as he or she notifies his or her intention to submit under Rule 26. The withholding of such permission and the period of time involved shall be determined by the Committee.

Graduation

- 34 Subject to Chapter 89 of the Statutes, candidates who have satisfied the requirements for any award of the University shall be admitted to that award at a graduation ceremony for the purpose.

Posthumous award

- 35 If a person dies after completing, or in the opinion of the Committee, substantially completing the requirements of the award, the University may confer the award posthumously.

Revoking the award

- 36 If the Committee is satisfied that, when the Master by Research was conferred on a person, the person
- a) did not possess the relevant qualifications *or*
 - b) had not completed the necessary requirements,
- the Vice-Chancellor with authority devolved to her/him by Council may revoke the award.

Upon revocation, the person is taken never to have received the award.

Return of documents

- 37 If requested by the Dean of Graduate Studies, the recipient of a Master by Research must deliver to the University the documents certifying or evidencing the award.

General

- 38 When, in the opinion of the Research Education and Development Committee, special circumstances exist, the Committee, on the recommendation of the relevant Faculty in each case, may vary any of the provisions in Rules 1-37 above.
