

Commercialisation Training Scheme (CTS) - Supervisor's Report

Graduate Certificate in Science & Technology Commercialisation

For current higher degree by research students in any discipline area at the University of Adelaide

Due Date: 30 April 2010

Section A

(To be completed by applicant)

Surname: _____ Given: _____

Applicants are required to have their Principal Supervisor complete this form. It is expected that applicants will discuss their application with their supervisor/s prior to submission.

Section B

(To be completed by supervisor)

NOTE TO SUPERVISORS: You are requested to complete this form and forward it directly to: Adelaide Graduate Centre, University of Adelaide, Adelaide, South Australia, 5005; Fax: (08) 8303 5725. In the event that you require further information please ring the Graduate Centre on (08) 8303 6033. Supervisors are requested to complete and return the form as soon as possible after receiving it, **no later than 30 April 2010**, or the applicant will be disadvantaged.

The information you provide will be an assessment of the relevance of the applicant undertaking the Graduate Certificate in Science & Technology Commercialisation. It should be noted that this program is applicable to students researching in any discipline area including those in Humanities and Social Sciences, Health Sciences and the Professions.

Please apply your present knowledge of the applicant and their research in your capacity as a supervisor.

Please respond to the following questions:

1. Have you or any of the co-supervisors on the project had any involvement in patenting and/or other commercialisation activities?

Yes

No

2. Does the student's project have any connection with an industry partner or grant funding? Yes No

3. Please give an appropriate indication in response to the selection criteria:

(1 = none, 2 = limited, 3 = moderate, 4 = high, 5 = extensive)

- a) What level of industry engagement is involved in the applicant's research project or the discipline area in general?

1 2 3 4 5

- b) What level of commercialisation activity is the applicant likely to experience in their intended career?

1 2 3 4 5

- c) Does the applicant's project have any intellectual property issues associated with it?

1 2 3 4 5

- d) Do you anticipate undertaking any commercialisation activity associated with this project?

1 2 3 4 5

- e) Do you think the applicant will benefit from participating in CTS?

1 2 3 4 5

SUPPORTING STATEMENT

Supervisors are required to submit a typed statement **no longer than one A4 page** addressing their reasons for supporting the application and demonstrating the applicant's need/desire to develop skills in this area. The statement should expand on the answers to the selection criteria above and cover:

- Any current need to develop skills in this area
- Any future need to develop skills in this area
- A strong desire on the part of the applicant to undertake the proposed course
- Industry involvement (if any) in the current research project
- Any commercialisation or intellectual property issues surrounding the current research project or usually occurring in the discipline area that the applicant has or is likely to have involvement with
- Any other information you consider relevant to the application.
