Expectations in Supervision

| Name | |
|-------------------|--|
| Supervisor | |
| Program | |
| School/Discipline | |

Read each pair of statements below and then estimate your position on each. For example with statement 1 if you believe very strongly that it is the supervisor's responsibility to select a good topic you would put a ring round '1'. If you think that both the supervisor and student should equally be involved you put a ring round '3' and it you think it is definitely the student's responsibility to select a topic, put a ring round '5'.

| Supervisor's responsibilities | Ratin | Rating | | | | Student's responsibilities |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-------|--------|---|---|---|----------------------------------------------------------------------------------------------------------------------------------------|
| 1. It is the supervisor's responsibility to select a research topic. | 1 | 2 | 3 | 4 | 5 | The student is responsible for selecting her/his own topic. |
| It is the supervisor who decides which theoretical framework or methodology is most appropriate. | 1 | 2 | 3 | 4 | 5 | Students should decide which theoretical framework or methodology they wish to use. |

| 5. Supervisors should only accept students when they have specific knowledge of the student's chosen topic. | 1 | 2 | 3 | 4 | 5 | Supervisors should feel free to accept students, even if they do not have specific knowledge of the student's topic. |
| A warm, supportive relationship between supervisor and student is important for successful candidature. | 1 | 2 | 3 | 4 | 5 | A personal, supportive relationship is inadvisable because it may obstruct objectivity for both student and supervisor candidature. |
| 7. The supervisor should insist on regular meetings with the student. | 1 | 2 | 3 | 4 | 5 | The student should decide when she/he wants to meet with the supervisor. |
| The supervisor should check regularly that the student is working consistently and on task. | 1 | 2 | 3 | 4 | 5 | The student should work independently and not have to account for how and where time is spent. |
| The supervisor is responsible for providing emotional support and encouragement to the student. | 1 | 2 | 3 | 4 | 5 | Personal counselling and support are not the responsibility of the supervisor - students should look elsewhere. |
| The supervisor should insist on seeing all drafts of work to ensure that the student is on the right track. | 1 | 2 | 3 | 4 | 5 | Students should submit drafts of work only when they want constructive criticism from the supervisor. |
| 11. The supervisor should assist in the writing of the thesis if necessary. | 1 | 2 | 3 | 4 | 5 | The writing of the thesis should only ever be the student's own work. |
