

# Outstanding careers at The University of Adelaide

## Senior Business Intelligence Analyst

Strategy & Planning (Ref: 15189)

Since its establishment in 1874, The University of Adelaide has been amongst Australia's leading universities. The University of Adelaide has an established reputation for excellence in education and research and supports the development of a culture that values the importance of work-life balance. We are seeking an experienced and committed professional to enhance the development and implementation of the University's Business Intelligence (BI) capability in its support for strategic decision making across the University. You should have significant experience in the design, development and support of Business Intelligence and Data Warehouse environments and a high-level ability in communicating with business stakeholders.

Continuing position available immediately.

Salary: (HEO8) \$69,597 – \$78,298 per annum, plus an employer superannuation contribution of 17% applies.

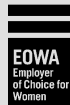

**Closing date 10/10/08**
