Eco-Minds

Bayer in Partnership with the
United Nations Environment Programme

What is Eco-Minds?

Eco-Minds is an Asia-Pacific youth forum organised as part of a partnership between Bayer and the United Nations Environment Programme (UNEP).

The Eco-Minds Forum gives participants a unique opportunity to be a part of an international team solving real-world problems of Sustainable Development through a multi-disciplinary approach.

About the 2009 Forum

The forum focuses on a topic that is of growing importance to the world - Sustainable Energy Systems: Challenges and Opportunities.

Participants will learn more about sustainable energy systems, including New Zealand's hydro and geothermal supply systems.

They will also look at some of the challenges around energy supply, including climate change, and the practical solutions that can overcome such challenges.

Not only will participants gain valuable experience and knowledge about sustainability but this international forum is a great addition to any resume!

Enter the Eco-Minds Challenge and a week-long all expenses paid trip to New Zealand could be yours!
