Introduction

You can add notes to individual items in your reading list. Public notes are viewable by anyone and can be useful to provide more information to students (e.g. if the item is a book and you want them to read a particular chapter). Private notes are only viewable by you.

Procedure

1. Click on the title of an item to view its details.

2. Click on the **Add note** link under Public Note or Private Note as required.

3. Add the relevant text to the relevant notes field and click **Save**.
