

Need help with Maths or Stats?

Do any of these apply to you?

- The thought of having to learn stats makes me nervous.
- I'm feeling overwhelmed with the amount of work I have to do in maths.
- The way they do maths here is different to what I'm used to.
- I don't have all the "assumed knowledge" for my course.
- I don't see how the lecturer figured out this problem.
- I've been away and I've missed something important in lectures.
- I don't know how to apply stats to my current project.
- In the lecture, I thought I understood, but now I don't know how to start my assignment.
- I just feel confused.

Sound familiar?

Then give the Maths Learning Centre a try!

Maths Learning Centre

Level 3 East, Hub Central, North Terrace campus

Phone 8313 5862, *Email* mathslearning@adelaide.edu.au

WHAT WE OFFER

Your own schools and faculties provide support for you through lecturers, tutors and learning resources in your particular courses. Our services provide extra help on top of this. We offer:

DROP-IN SERVICE

The MLC Drop-In service is a relaxed place where you can talk to a friendly tutor about your maths. No appointment is necessary during teaching weeks and Swot Vac – just drop in.

Opening Times:

10 am to 4 pm, Monday to Friday
during semesters 1 & 2

(See the website for opening hours at other times.)

Location:

Level 3 East, Hub Central
J10 on the North Terrace Campus map

ONLINE RESOURCES

MathsBridge

An online revision tool covering fundamental concepts such as numbers and algebra.

MathsMate

A collection of notes, links and activities designed to supplement your particular course.

SEMINARS AND WORKSHOPS

- Skills for maths exams
- How to do a maths assignment
- How to get help with maths and stats
- Reading and writing maths

Visit the MLC website for the latest updates on upcoming seminars, incl. times and venues.

SELF-PACED BRIDGING COURSES

Contact the MLC by phone 8313 5862 or email mathslearning@adelaide.edu.au for details.
