

Title	Last Name	First Name	Month	Year	Supervisor 1	Supervisor 2
The effects of reduced cholinesterase activity on discriminative behaviour in the rat	Richardson	Alan		1966	Dr P.H. Glow	
Some psychological concomitants of addiction	Holloway	Irene		1967	Dr G. Mulligan	
Psychomotor concomitants of psychological disorder	Court	John Hugh		1968	Dr R.M Mowbray	Professor M.A. Jeeves
The structure and function of a rat retina with particular reference to the acetylcholinesterase system in the inner plexiform layer. Volume 1	Sosula	Leo	November	1969	Dr P.H. Glow	
The structure and function of a rat retina with particular reference to the acetylcholinesterase system in the inner plexiform layer. Volume 2	Sosula	Leo	November	1969	Dr P.H. Glow	
An Experimental Study of Mnemonic Devices in Verbal Learning	Delin	P.S		1969	Dr F.R Dalziel	Prof M.A Jeeves
Effector organisation in a motor skill	Glencross	D.J.		1971	Professor A.T. Welford	
An analysis of response-contingent light change reinforcement	Russell	Alan	September	1971	Dr P.H. Glow	
Experiments in the control of binocular rivalry	Lack	Lean Colburn	January	1972	Professor Malcom Jeeves	Dr. Don McNicol
Aspects of cognitive and linguistic development of bilingual children: A study of English-Latvian schoolchildren	Proske	Inara		1972	Dr Frank Dalziel	
Sequential effects in serial reaction time	Kirby	Neil H.	December	1973	Professor A.T. Welford	
An experimental investigation of some parameters affecting	Nettelbeck	Ted		1973	Dr D. McNicol	Dr D. Vickers

individual differences in perception						
Conditioning Techniques applied to the behaviour of stuttering	Porter	Jeanette F.		1973	Dr Frank Dalziel	Dr I. D. John
Operant remedial techniques with reading retardation in children	Winefield	Helen Russell	February	1973	Dr Frank Dalziel	
Selective attention, order judgement and the prior entry hypothesis	Cairney	Peter T.		1974	Dr John Brebner	
The effect of frustration and uncertainty on discrimination and learning	Mullins	Gerald Patrick		1974	Dr Anthony H. Winefield	
Attitudes towards authority among tertiary students in South Australia	Rigby	Kenneth	October	1975		
Intellectual retardation and parameters of choice reaction time	Brewer	N.	April	1976	Dr Ted Nettelbeck	
An examination of the inverted-u curve: A behavioural and psychological approach	Lind	Pamela	July	1976	Professor Ken Provins	
Factors affecting the realism of prior expectations amongst British migrants coming to Australia	Hornsby	Peter E.		1978		
The relationship between understanding the other's point of view and effectiveness in educational groups	Johnston	Brain		1978	Mr E. Rump	Dr J. Brebner
Studies of compatibility and investigations of a model of reaction time	Smith	Glen A.	May	1978	Professor A.T. Welford	Dr J. Brebner
Aspects of language processing in the oral reading of third, fourth and fifth grade children	Bowey	Judith A	December	1979	Professor I.D. John	
Training Parents of retarded children, in the use of behavioural techniques- An evaluation	Cowling	J.D.	February	1979	Dr Helen Winefield	Dr Frank Dalziel
The measurement of teacher and parent perceived hyperkinetic impulse disorder	Glow	Roslyn A.		1979	Professor Peter Glow	Mr Eric Rump

Divergent thinking, aesthetic preferences, and orientations towards arts and science	Rump	Eric Edward		1979	Professor A.T. Welford	Dr Anthony H. Winefield
Operant Behaviour: Interactions in multi-operant schedules	White	Jason M.		1979	Dr Frank Dalziel	
An experimental study of mental imagery	Quealey	Patricia Anne	January	1980	Dr Peter Delin	
An experimental investigation of the learned helplessness effect in humans	Tiggemann	Marika	December	1980	Dr Tony Winefield	
Social reinforcement of the work behaviour of retards and normals	Waters	Leonie		1980	Dr Frank Dalziel	
A comparison of toilet training strategies for the retarded	Bettison	Suzanne		1982	Dr Ted Nettelbeck	Dr E. Rump
A systematic modification of dry-bed training for the treatment of nocturnal enuresis	Bollard	Jeffrey	June	1982	Dr Ted Nettelbeck	
The comprehension of spatio-temporal terms by children of primary school age	Campbell	Lynette	January	1982	Dr J. Ingram	Mrs I. Proske
Social cognition skills and their behavioural correlates in school age children	Childs	Garry H.	March	1982	Mr Ronald Penny	Dr Peter S. Delin
Cognitive and Behavioural impulsivity among prisoners and comparison groups	Lange	Robert V.	March	1982	Professor Peter Glow	Dr Michael Innes
Adaptive behaviour of mentally retarded persons within education and activity settings	Salagaras	Stanley	January	1982	Dr Ted Nettelbeck	
Psychological and psychosocial aspects of depression	Jardine	Elizabeth	February	1983	Dr Anthony H. Winefield	
Mere Presence and conformity effects in social facilitation	Guerin	Bernard	August	1984	Dr J. Michael Innes	
Cognitive control in human information processing	Smith	Philip	June	1984	Dr Douglas Vickers	
Developmental studies in	Wilson	Carlene	November	1984	Dr Ted	

timed performance					Nettelbeck	
The representation of places: idiographic and nomothetic explorations of environmental perception and behaviour	Olekalns	Mara	August	1985	Dr John Brebner	
Coding and processing numerical information	White	Leonard Jack	January	1985	Dr Peter Delin	Dr Christopher Cooper
An investigation into the differential effects of varieties of praise	Delin	Catherine R.	January	1988	Dr Frank Dalziel	Mike Innes
An Australian study of alcohol dependence in women: The significance of sex role identity, life event stress, social support, and other factors	Holubwycz	Oksana Tamara	January	1988	Mike Innes	
Consistencies in body-focused hand movements	Kenner	Andrew N.	October	1988	Dr Peter Delin	Dr Frank Dalziel
Social representations and social cognition: the convergence of different traditions	Augoustinos	Martha	October	1991	John Michael Innes	
Individual differences in expanded judgment tasks	Foreman	Elizabeth	April	1991	Dr Douglas Vickers	
Impaired motor skills and perception in children	Smyth	T.R.	December	1991	Dr Ted Nettelbeck	Professor Ian John
Exploration in the rat and the marmoset: relationships between learning and object novelty in an open field	Forster	Felicity C.		1992	Dr Frank Dalziel	
Describing psychological objects: Metaphor and rhetoric in theories of psychology	Soyland	Anders John	October	1992	John Forrester	
Reducing community prevalence: A behavioural epidemiologic perspective	Brown	Stephen Lloyd	October	1993	Dr Neville Owen	Dr Frank Dalziel
Reconciling the roles of status and behaviour in group influence: Towards a status-confirmation model	Mohr	Philip B.	January	1993	Dr Peter Delin	
Concurrent processing of visual and auditory information: An	Evans	Greg		1994	Professor Ted Nettelbeck	

assessment of parallel versus sequential processing models						
The effects of stimulus intensity and task complexity on learned helplessness in humans	Hejka	Eugene	March	1994	Professor Anthony H. Winefield	
Analysis of methodological variables underlying correlations between elementary cognitive tasks and IQ	Stough	Con K.K.	November	1994	Dr Ted Nettelbeck	Dr Christopher Cooper
Changes in the elderly in speed of processing, internal noise and cognitive functions	Ward	Lynn	November	1994	Dr Ted Nettelbeck	
Savant syndrome: process underlying extraordinary abilities	Young	Robyn	June	1995	Dr Ted Nettelbeck	
Psychological determinants of outcome following rehabilitation from stroke	Clark	Michael S.	August	1996	Dr Ted Nettelbeck	
Work stress: Conceptualism and implications for research methodology and workplace intervention	Dollard	Maureen F.	April	1996	Dr Anthony H. Winefield	
Indirectness and politeness in requesting: An analysis of sociolinguistic and paramatic aspect in an Australian context	Le Couteur	Amanda	March	1996	Dr Peter Delin	
The development of affective organisational commitment	Beck	Karen	August	1997	Dr Carlene Wilson	
The connectionist learning of mental representation	Lee	Michael David	May	1997	Professor Douglas Vickers	
Prediction of later intelligence beyond 2 years of age from preference for novelty during infancy	Mashhadi	Reza Tasbihsazan	July	1997	Dr Ted Nettelbeck	Dr Neil Kirby
An examination of different explanations of gender differences in depression using sample midlife women	Mensforth	Helen	December	1997	Professor Ian John	Dr Don Pritchard

Inspection time and cognitive abilities: An event-related potential study	Burns	Nicholas R.	March	1998	Dr Ted Nettelbeck	Dr Christopher Cooper
Applying ecological learning theory to the conservation of behaviour in species housed in a zoo environment: an empirical examination	Mills	Vanessa	October	1998	Dr Frank Dalziel	
To kill or not to kill: Competition, aggression, and videogames, in adolescents	Ask	Alexander		1999	Dr Martha Augoustinos	Professor Tony Winefield
Psychological perspectives on the perception, appraisal and production of everyday arguments	Chittleborough	Philip	April	1999	Dr Peter Delin	
Determiants of opioid effects and withdrawal among methadone maintenance patients	Dyer	Kyle R.	December	1999	Professor Jason White	Dr Frank Dalziel
Studies on the salient properties of digital imagery that impact on human target acquisition and the implications for image measures	Ewing	Gary John	January	1999	Dr Douglas Vickers	
A study in behaviour conservation: Applying ecological learning theory to the maintenance of species-typical behaviour in small carnivores in a zoo environment	Kardos	Monique	September	1999	Dr Frank Dalziel	Dr Tony Winefield
The relationship between research and practice in conflict resolution	McDowell	Andrew James	November	1999	Professor Ian John	
IQ and academic achievement among Australian studeents from Chinese and Vietnamese backgrounds	Dandy	Justine	January	2000	Dr Ted Nettelbeck	
Towards the	Kummerow	Elizabeth H.	June	2000	Dr Neil	

measurement of organisational culture					Kirby	
The Psychological effects of migration on persian women immigrants in Australia	Ziaian	Tahereh	January	2000	Dr Martha Augoustinos	
Cultural, social and individual aspects of food cognations	Beaumont-Smith	Natalie Elizabeth	April	2001	Tony Worsley	Dr Martha Augoustinos
The role of Basal Ganglia in cognition and language	Connell	Tim	June	2001	Dr Peter Delin	Dr Jo Wale
A parapsychological investigation of the theory of <i>psychopaxia</i> : Experimental and theoretical researches into an alternative theory explaining normal and paranormal phenomena	Storm	Lance		2001	Dr Michael A. Thalbourne	Dr Peter S. Delin
The recognition of planar rotated and scaler forms: normalization verses invariant features	Butavicius	Marcus A.	July	2002	Douglas Vickers	
Missing the point: The effect of punctuation on reading performance	Grindlay	Benjamin J.W.	July	2002	Dr Peter Delin	
Anxiety and depression in postpartum women	Hordacre	Ann-Louise	May	2002	Don Pritchard	
The effects of moveble novel objects, novel olfactory stimuli and novel auditory stimuli on the exploratory, play and sterotypical behaviour of captive species: A comparative study	Lampard	Kathryn	July	2002	Dr Frank Dalziel	Dr Vanessa Mills
Representing Stimulus Similarity	Navarro	Daniel J.	December	2002	Michael Lee	Dr Douglas Vickers
Australians in Antarctica: A study of organizational culture	Sarris	Aspa	April	2002	Dr Neil Kirby	Joan Russell
Of Mice and Men: the structure and bases of murine cognitive abilities	Welsh	Matthew Brian	December	2002	Professor Ted Nettelbeck	
Psychological determinants of treatment Adherence in adults with cystic fibrosis	Kettler	Lisa	July	2003	Professor Helen Winefield	Dr Hugh Greville
Surgical Stress: The	Pearson	Sue	January	2003	Professor	Professor

Role of Psychological Factors in the Determination of Stress Responses and Recovery from Surgery					Guy Maddern	John Brebner
Organisational Factors that can affect employee acceptance of new information technology	Peckham	Janine J.	October	2003	Dr Neil Kirby	
Chronic Back Pain and Depression: A cognitive-behavioural approach	Steen	Della Marie	December	2003	Don Pritchard	Eric Rump
Resident and Resident-Related Committees and Meetings in South Australian Aged Care Hostels	Wilson	Leah Ruth	February	2003	Dr Neil Kirby	
Are the claims for emotional intelligence justified? Emotional intelligence predicts life skills, but not as well as personality and cognitive abilities	Bastian	Veneta A.	December	2005	Professor Ted Nettelbeck	Dr Nick Burns
The Nature and Assessment of Attentional Function Following Severe Traumatic Brain Injury	Bate	Andrew J.	June	2005	Dr Jane Mathias	Professor John Crawford
I Sing, Therefore I am	Munro	Gemma	June	2005	Dr Amanda LeCouteur	
Risk Communication in Familial Cancer: The Discursive Management of Uncertainty in Genetic Counselling	O'Doherty	Kieran	November	2005	Dr Martha Augoustinos	Dr Amanda LeCouteur
The reification of self-esteem: grammatical investigations into scientific and popular texts	Pomagalska	Dorota	August	2005	Professor Martha Augoustinos	
Benevolence, belonging and the repression of white violence	Riggs	Damien W.	December	2005	Dr Martha Augoustinos	
Scientific Knowledge-Production And Progress: Neuropsychological Knowledge and the Contemporary Speciality of Clinical Neuro	Burns	Robert A.	April	2006	Dr Peter Delin	Professor Ian John
A discursive analysis of accounts of breast	Crabb	Shona	November	2006	Prof Amanda	Profesor Deborah

screening, risk and prevention					LeCouteur	Turnbull
Values and Long term care decision-making for frail elderly people	Denson	Linley	January	2006	Professor Helen Winefield	
Comparing models of symmetry perception	Dry	Matthew James	November	2006	Douglas Vickers	
The do-not-resuscitate decision: A discursive analysis of cancer patients' talk	Elliott	Jaklin A.	March	2006	Professor Ian N Olver	
An exploration of unit commander Decision-Making in the Australian Army	Elliott	Taryn	December	2006	Professor Ted Nettelbeck	Dr Vanessa Mills
The politics of representation: a discursive analysis of refugee advocacy in the Australian parliament	Every	Danielle	August	2006	Professor Martha Augoustinos	Professor Amanda LeCouteur
Inspection time as a biological marker for functional age	Gregory	Tess A.	October	2006	Professor Ted Nettelbeck	Dr Carlene Wilson
Gendering Achievement: a Discursive Investigation of The House Of Representatives Inquiry Into The Education Of Boys	Hodgetts	Katherine	March	2006	Professor Martha Augoustinos	Dr Amanda LeCouteur
A National profile and review of services and interventions for children and young people with high support needs in Australian out-of-home care	Osborn	Alexandra L.	June	2006	Dr Paul Delfabbro	Professor Helen Winefield
A Theoretical and Computational Investigation into Aspects of Human Visual Perception	Preiss	Adrian	June	2006	Professor Douglas Vickers	Dr Nick Burns
Emotional Intelligence: a Psychometric Study	Warwick	Janette Kay	March	2006	Prof Ted Nettelbeck	Dr Lynn Ward
The influence of parenting goals on adolescent psychological adjustment	Bentham	Yvonne	May	2007		
The Development and Validation of a Cognitive-Behavioural Measure of	Davies	Matthew	January	2007	Professor John Taplin	Professor Helen Winefield

Psychological Mindedness						
Optimism in child development: Conceptual issues and methodological approaches	Farrall	Edwina M.	October	2007	Prof John Taplin	Dr Lisa Kettler
The Differentiation of Psychosis and Spiritual Emergency	Goretzki	Monika	August	2007	Dr Michael Thalbourne	Dr Lance Storm
Predicting Independent Functioning in an Elderly Population: The Evaluation of Working Memory Capacity as a Biomaker of Ageing.	Howard	Sara L.	March	2007	Professor Ted Nettelbeck	Dr Carlene Wilson
Compartmental Flow Modelling of Acute Care Hospital Bed Occupancy for Strategic Decision Making	Mackay	Mark	July	2007	Simon Dennis	Michael Lee
Biopsychosocial Associates of Infertility Related Distress and Treatment Outcomes	Naresh Mahajan	Neha	September	2007	Prof. Deborah Turnbull	Prof. John Taplin
Lessons to be learnt: Evaluating aspects of patient safety culture and quality improvement within an intensive care unit	Panozzo	Stacy J.	November	2007	Dr Neil Kirby	Professor Helen Winefield
Parental responsibility for the illicit acts of their children	White	Nancy	February	2007	John Taplin	Martha Augoustinos
Characteristics Identifying Young Drivers at a Higher Risk of Crashing	Wundersitz	Lisa	June	2007	Dr Nick Burns	
Exploring Aspects of Parental Control over Feeding: Influences on Children's Eating Behaviour and Weight	Corsini	Nadia	April	2008	Dr Carlene Wilson	Dr Lisa Kettler, Dr Vanessa Danthiir
Fast-Food Consumption: Application and Extension of the Theory of Planned Behaviour to Incorporate Affective Responses and Implicit Associations	Dunn	Kirsten	March	2008	Dr Phil Mohr	Prof Carlene Wilson Prof Gary Wittert
An Examination of Emotion-Based	Grivas	Rebecca	March	2008	Prof Martha Augoustinos	Dr Peter White

Strategies in 'Altruistic' Mobilisation: A Case Study of the Animal Rights Movement						
Support Needs Assessment for Individuals with Intellectual Disabilities: An Investigation of the Nature of the Support Needs Construct and Disability Factors that Impact on Support Needs	Harries	Julia	September	2008	Dr Neil Kirby	Prof Ted Nettelbeck Prof John Taplin
A Focus on Disability and Psychosocial Aspect in an Illness with an Organic Cause (Cancer) and an Illness with a Non-Organic Cause (IBS)	Knott	Vikki Elizabeth	October	2008	Prof Deborah Turnbull	Prof Anthony Winefield
A Test of Competing Models to Predict Suicidality in Patients and Students	Ku	Yung-Li	August	2008	Dr Helen Winefield	Dr Nick Burns
Gonadal steroids and cognitive functioning in middle to older aged males	Martin	Donel McQuarrie	January	2008	Professor Gary Wittert	Associate Professor Nick Burns
Development and Assessment of Computer-Game-Like Tests of Human Cognitive Abilities	McPherson	Jason	June	2008	Assoc Prof Nick Burns	Dr Michael Lee
Work Stress in Australian Professionals: The Role of Culture, Gender and Work-Family Conflict	Mujumdar	Shruti	August	2008	Prof Helen Winefield	Dr Neil Kirby
Readiness, Resilience and Adjustment: A Psychological Investigation of Human Factors Across the Deployment Cycle of Contemporary Peace Support Operations	Murphy	Peter Joseph	July	2008	Professor Ted Nettelbeck	Professor Gerry Fogarty
A Step Towards a Broader Understanding of Complex Traumatization in Victims of Crime: Psychological and Physical Health Impacts and Implications for Psychological Interventions and	Pfizer	Birgit E.	July	2008	Associate Professor Paul Delfabbro	Prof. Deborah Turnbull Dr John Raftery

Treatment Evaluation						
Predicting Support Needs for People with Psychiatric and Intellectual Disabilities	Thomson	Stacey T.	February	2008	Dr Neil Kirby	Prof Ted Nettelbeck
A Comparison of Typically Developing and Atypically Developing ToM	Harman-Smith	Yasmin	November	2009	Prof Ted Nettelbeck	Dr Lisa Kettler
Corpus callosum morphology and function in attention deficit hyperactivity disorder and the relationship between the corpus callosum and cognitive functioning in healthy adults	Hutchinson	Amanda D	May	2009	Assoc. Professor Jane Mathias	Professor Marie Banich
Item Noise versus Context Noise: Using the list Length Effect to Investigate the Source Interference in Recognition Memory	Kinnell	Angela	August	2009	Dr Simon Dennis	Prof John Dunn
The Conceptualisation, Status and Measurement of Technology-Based Gaming Behaviour and its Correlates	King	Daniel	August	2009	Assoc Prof Paul Delfabbro	Prof Mark Griffiths
Individual Vulnerability and Dissociative-Like Experiences in Regular and Problem Gamblers	McCormick	Jessica E.	August	2009	Assoc Prof Paul Delfabbro	Dr Linley Denson
Building Mental Health in Young Australians: a Positive Psychological Approach	Venning	Anthony John	August	2009	Dr Lisa Kettler	Jaklin Elliott Anne Wilson
Understanding Men's Behaviour	Bevan	Nicole	March	2010	Dr Aspa Saris	Dr Neil Kirby
Exploring fast food consumption behaviours and social influence	Brindal	Emily	April	2010	Prof Carlene Wilson	Dr Phil Mohr
Emotion Labour, Emotion Work and Occupational Strain in Nurses	Pisaniello	Sandra Louise	January	2010	Prof Helen Winefield	A/ Prof Paul Delfabbro
Effect of the Amount of Time in Child Care on Children's Cognitive and Social Development	Janon	Nazariah Shar'ie Bt	December	2009	Assoc Prof Paul Delfabbro	Prof John Taplin
New Methodologies for Modelling Individual Differences in Cognition	Webb	Michael Roy	May	2010	Professor Michael Lee	
"Just Say it in Your Own Words" The Social	Fogarty	Kathryn	April	2010	Prof Martha Augoustinos	Dr Lisa Kettler

Interactional Nature of Investigative Interviews into Child Sexual Abuse						
Seeking Help for Mental Health Issues in Rural South Australia: A Mixed Methods Approach	Collins	Joanne Elizabeth	December	2010	Dr Lynn Ward	Prof Deborah Turnbull
Measurement. Causes, and Impacts of Vascular Cognitive Impairment and Vascular Depression	McLennan	Skye	December	2010	Prof Jane Mathias	Simon Stewart
Old Man's Best Friend: Animal-Assisted Intervention for Older People with Dementia	Wordley	Ann-Marie	September	2010	Dr Lisa Kettler	Prof Helen Winefield
Decision Making in Civil Disputes: The Effect of Role and Frame	Gilliland	Victoria	August	2010	Prof John Dunn	Dr Carolyn Semmler Dr Dan Navarro
Self murder: Suicide and the Intolerable State of a Fragmented Self	Chamberlain	Peter N	November	2010	Prof Paul Delfabbro	Prof Robert Goldney
Sleep and Snoring in Infancy: Prevalence and Effects on Cognitive Development, Maternal Mental Health and Family Functioning.	Piteo	Alicia M	November	2010	Dr Rachel Roberts	A/Prof Declan Kennedy Prof Ted Nettelbeck
Educational Resilience in Primary School Children in South Australia: An investigation	Bell	Jordan	December	2010	Dr Lisa Kettler	Prof Ted Nettelbeck
Depression, Anxiety and Morbidity Outcomes After Cardiac Surgery	Tully	Phillip J	January	2011	Prof Deborah Turnbull	Prof Helen Winefield A/Prof Robert Baker
The Influence of Cerebral Lateralisation on the Behaviour of the Domestic Dog (<i>Canis familiaris</i>)	Schneider	Luke Aaron	April	2011	Assoc Prof Paul Delfabbro	Assoc Prof Nick Burns
A Graded-Embodied theory account for the Processing of Emotional Stimuli. The Case of Sentences, Images, and Faces	Marmolejo-Ramos	Fernando	June	2011	Prof John Dunn	Dr Anna Ma-Wyatt
The Impact of pharmacological treatments on outcome after adult traumatic brain injury: What does the research show?	Wheaton	Patricia	June	2011	Prof Jane Mathias	Bob Vink
The	Oliver-Baxter	Jodie	May	2011	Prof	Prof Ian

Psychoneuroimmunology of Women Experiencing Stressful Life Events: Testing the Oxidative Model					Deborah Turnbull	Olver Dr Hayley Whitford
