## AN EXCEPTIONAL LEARNING ATMOSPHERE

### A Rich Tradition of Excellence

The University of Adelaide is one of Australia's most prestigious institutions, with high-calibre graduates in senior positions throughout the world.

- Third-oldest University in Australia, founded 1874
- Ranked among the world's top 100 universities by the 2009 THES-QS World University Rankings and in the top 25 universities in the Asia-Pacific region by the Shanghai Jiao Tong University 2009 Academic Ranking of World Universities
- Member of the 'Group of Eight' – Australia's leading research-intensive universities
- Main campus located in the heart of the city of Adelaide
- More than 20,000 students, including almost 5,500 international students from more than 90 countries
- More than 120 undergraduate and 200 postgraduate degree programs
- Five faculties: Engineering, Computer & Mathematical Sciences; Health Sciences; Humanities & Social Sciences; Professions; Sciences
- Modern lecture theatres, state-of-the-art laboratories
- Outstanding library, with over 2 million items
- High quality student support services and accessible accommodation
- Associated with 5 Nobel prize winners and 102 Rhodes Scholars

### A Progressive Institution

From the start, the University of Adelaide was one of Australia's most progressive institutions. It was the first Australian university to admit women to academic courses – in 1881, ahead of Oxford (1920) and Cambridge (1948). It was the first Australian university to grant degrees in science, the first to establish a Conservatorium of Music, and the first to graduate a woman surgeon.

This progressive attitude, combined with teaching and learning of high quality, one of the best student-to-staff ratios in Australia, outstanding research and a strong tradition of community service has enabled the University of Adelaide to build a continuing reputation for its impact on the lives of its graduates and through them, on the community as a whole.

## Outstanding Research

The University of Adelaide is among the most research-intensive universities in the South East Asian region, with major strengths in agriculture, health and biomedical sciences, the environment (climate change and sustainability), social innovation, mineral and energy resources, and sensing and computation.

From per-capita research grants to higher degree completion rates, the University of Adelaide's achievements consistently rank among the highest in Australia and our regional neighbours. The University offers outstanding opportunities for research in an environment that encourages and values personal interaction with academic staff.

## A Great Campus Life

Extending across four campuses, the University's grand old buildings and environs combine with the most modern research facilities to provide an exceptional learning atmosphere in which students can achieve their best.

The University of Adelaide's vibrant campus life and close engagement with its community provide social, cultural and intellectual stimulation, an appreciation of diversity and an openness to enquiry that make an impact on both students and the community as a whole.

The student population includes almost 5,500 international students from more than 90 countries. They enjoy an active social life on campus, with facilities including cafeterias, a bookshop and the Sports Hub Fitness Centre, plus numerous sporting and special-interest clubs.

The University's location in the central business district close to the heart of Adelaide allows students to enjoy the café strip of Rundle Street, the parklands surrounding the city, the cultural boulevard of North Terrace complete with State Library, the State Museum and South Australia's State Parliament, and the shopping district of Rundle Mall.

## Leaders in Their Field

Graduates of the University of Adelaide become part of a distinguished alumni community that extends around the world. Internationally, University of Adelaide alumni occupy positions of influence in business, government, academia and the arts. Some of the University's notable earlier graduates include penicillin pioneer Howard Florey and the youngest ever recipient of the Nobel Prize for Physics, Sir Lawrence Bragg.

Present day achievers include NASA astronaut Dr. Andy Thomas; joint winner of the 2005 Nobel Prize for Physiology or Medicine, J. Robin Warren; chief minister of Sarawak, Abdul Taib Mahmud; and the chairman of the OCBC Bank in Singapore, Dr. Cheong Choong Kong.

Our high-calibre graduates have skills that go beyond the workplace. We are committed to producing graduates recognised worldwide for their creativity, knowledge and skills, as well as for their culture and tolerance.

## A GREAT PLACE TO LIVE AND LEARN

### A Relaxed City Lifestyle

Adelaide is an ideal environment in which to live and study, offering all of the conveniences of a major city but few of the hassles. Situated on a fertile plain flanked by the natural beauty of the Adelaide Hills and 22 kilometres of white sandy beaches, Adelaide is Australia's fifth largest city. In the Economist Intelligence Unit's 2009 Liveability Survey, Adelaide was ranked in the top 10% of more than 140 cities.

Its centre surrounded by parklands, Adelaide is one of Australia's most cosmopolitan cities, with an impressive array of cafés, restaurants and shops reflecting the diversity of its ethnic communities. Known as the 20-minute city, it is easy to get around in Adelaide thanks to its broad boulevards and an extensive public transport network. Its central location makes it an ideal gateway to explore South Australia's many tourist attractions, from world-renowned wineries and rugged coastlines to the wonders of the Australian outback.

### A Multicultural State

Home to many indigenous peoples for thousands of years before European settlement began in 1836, South Australia has since welcomed migrants from all over the world and is characterised by a great diversity of cultural traditions, languages spoken and systems of belief. About 20% of the population was born overseas in more than 200 different countries. A mostly secular society exists peacefully alongside many faiths, including Christianity, Islam, Hinduism, Buddhism, Bahá'í and Judaism.

## Cost of Living

Mercer Consulting's 2009 Cost of Living Survey found Adelaide to be the most affordable city in Australia. The cost of living in Adelaide is up to 24% less than in Sydney, 21% less than in Melbourne, and 8% less than in Perth and Brisbane.

For more information on Adelaide please visit the following websites:

- [www.studyadelaide.com](http://www.studyadelaide.com)

## Managing your Money

### Guide to Average Weekly Living Expenses in Adelaide\*

(Source: Study Adelaide)

Accommodation.....	A\$98 - \$268
Food (cooked at home) .....	A\$87-\$100
Gas and electricity .....	A\$15-\$28
Transport (with student concession).....	A\$15 - \$20
Telephone/postage.....	A\$23 - \$32
Others (eg, clothing, entertainment).....	A\$40+
<b>Total Weekly Expenses.....</b>	<b>A\$290 - \$475*</b>

\* This should be viewed as a guide only for a single student. Costs can vary significantly from one student to another. These are basic living costs and do not include program tuition fees, costs for textbooks, other study related needs, running a car, medical expenses, or any luxuries.

## SUPPORT SERVICES FOR ADS STUDENTS

### International Sponsored Student Advisor

The University of Adelaide welcomes students sponsored by the Australian Government under the AusAID scholarship scheme. Such scholarships include the Australian Development Scholarships (ADS), the Australian Leadership Awards (ALA) and the Australian Centre for International Research (ACIAR) programs. Students studying on an AusAID scholarship are provided with advice and assistance by the International Sponsored Student Advisor at the International Student Centre (ISC).

The International Sponsored Student Advisor is also the AusAID Liaison Officer (ALO) and the Student Contact Officer (SCO) at the University of Adelaide.

Contact details for the International Sponsored Student Advisor:

Ms Niranjala Seimon  
International Student Centre  
Ground Floor, Old Classics Wing  
SA 5005 Australia

Ph: +61 8 8303 3505  
Fax: +61 8 8303 4352

Details of the AusAID Program can also be found by visiting the AusAID website: [www.ausaid.gov.au](http://www.ausaid.gov.au)

### International Student Centre

[www.international.adelaide.edu.au/support/isc](http://www.international.adelaide.edu.au/support/isc)

The University's International Student Centre (ISC) is responsible for the orientation and ongoing support of international students at the University of Adelaide. It works closely with student groups, faculties and the University administration to ensure that the experience of all international students is a positive and successful one. The ISC also acts as a liaison for sponsored students, and the International Sponsored Student Advisor is based in this office.

The ISC is open from 10.00am - 5.00pm on Monday and 9.00am - 5.00pm Tuesday to Friday all year (except public holidays). Staff are available to help with a range of information and support services, including:

- Assistance with visa matters
- Information on overseas student health cover, fees and general inquiries
- Orientation and social activities
- Language and Cultural Exchange Program
- Financial assistance

- Liaison with academic staff on issues affecting academic performance
- Counselling and welfare services for individuals and families, including referral to specialist service providers
- A range of workshops throughout each semester.

## Introductory Academic Program (IAP)

The Introductory Academic Program is intended to provide AusAID students with a range of skills necessary to make a smooth transition to and enhance performance in their academic programs. The IAP is compulsory for ADS students, and students must arrive prior to its commencement.

The IAP is 5 weeks in duration and takes place prior to the commencement of your academic program. The first week of the IAP includes some orientation activities to help you settle in to the University and to Adelaide.

## Students with Families

[www.international.adelaide.edu.au/living/family](http://www.international.adelaide.edu.au/living/family)

The AusAID scholarship does not provide any financial or other support for your dependants. If you are planning to bring your family to Australia, you are strongly advised to arrive on your own first. Once you have settled into your new living and learning environment and have found long-term accommodation, you will be in a better position for your family to join you in Australia.

If you intend to bring your children to Australia, please be aware that there are costs associated with childcare and schooling in Australia.

## Childcare

[www.adelaide.edu.au/childcare](http://www.adelaide.edu.au/childcare)

Quality childcare services are available at the University's North Terrace, Roseworthy and Waite campuses, and at many childcare centres throughout Adelaide. Fees vary from approximately AUD\$60-\$65 per day to approximately AUD\$300 per week. Students receiving Australian government scholarships (such as AusAID scholarships) may be eligible for a government subsidy of part of these fees (the Child Care Benefit).

Childcare services generally cater for children between the ages of three months and five years of age.

Kindergartens or preschools located throughout Adelaide and suburbs offer educational programs for children who are four years old. Fees for kindergarten may be up to AUD\$55 per term (10 weeks).

For children who are attending school, many public primary schools offer after-school and vacation care for a fee (currently around AUD\$8-\$9 per hour for after school care and approximately AUD\$30 per day for vacation care).

## Education for Children of International Students

School attendance is compulsory for all children in Australia aged between six and sixteen years of age, with most children commencing school at five years of age. School attendance is from Monday to Friday and generally from 9.00am - 3.30pm. The academic year commences in late January and the year is divided into four terms.

Schools available to the dependants of international students include State government-operated public schools as well as independent schools.

As a holder of an Australian Government scholarship (i.e. ADS) your dependant children can attend public schools and pay the same low fees as local students.

To be eligible for this, you will need to obtain a letter from the International Student Centre verifying your student and scholarship status, and then apply for school fees exemption by contacting the Department of Education, Training and Employment after your arrival.

## Intensive Primary English Course

If your primary school aged child needs English language instruction, you can enrol them in the Intensive Primary English Course, which is an intensive English course designed to provide young children with the skills required for entering mainstream primary education classes. Students usually attend the IPEC Program for one year. They can then continue at the school in the mainstream program or go to their local school if you wish. Similar intensive English language support is also available at secondary school for older dependent children. Contact the Department of Education, Training and Employment for details of primary and secondary schools offering intensive English language support in South Australia.

For further information on public school services contact:

Department of Education and Children's Services  
Ground Floor West, Education Centre, 31 Flinders Street, Adelaide SA 5000

Ph: +61 8 8226 3402 Fax: +61 8 8227 2391

Web: [www.internationalstudents.sa.edu.au](http://www.internationalstudents.sa.edu.au)

## Accommodation

[www.adelaide.edu.au/accommodation/](http://www.adelaide.edu.au/accommodation/)

Adelaide has a wide range of accommodation options including University-managed accommodation, residential colleges, student hostels, private rentals and share-housing. University-managed accommodation and residential colleges offer many advantages, as they are close to campus and offer furnished rooms with the cost of electricity, gas and water all included in the fee.

Students accompanied by family members will find private rental accommodation in houses or apartments is the most suitable option. It is easiest for students to arrive in Adelaide alone initially in order to arrange suitable permanent family accommodation.

All international students are guaranteed one week of single room temporary accommodation upon arrival (a fee applies). This service is provided by the International Student Centre and must be arranged before arrival.

## Health Insurance and Services

[www.oshcworldcare.com.au](http://www.oshcworldcare.com.au)

The Australian Government requires all international students and their families to have health insurance in Australia through the Overseas Student Health Cover (OSHC) scheme. The OSHC helps pay for medical care you may need when you are studying in Australia.

As an AusAID sponsored student, your OSHC (Single) cover will be paid for by AusAID.

The University's preferred provider of OSHC is Worldcare. When you accept your Placement Offer, the University will arrange an OSHC (Single) membership for you with Worldcare. You will receive your OSHC Worldcare membership card on arrival. If you have dependants on your Student Visa you will be required to purchase OSHC (Family) membership by paying the difference between a Single and Family cover.

At the time of printing the fee for OSHC basic level cover is AUD\$390 per year for a single student and AUD\$780 for a family. This is subject to change.

OSHC covers up to 100% of the scheduled fee for most medical services and 100% of the scheduled fees in hospitals. Scheduled fees are those recommended by the Australian Government, but doctors and private hospitals often charge more than this recommended scheduled fee, creating a 'gap' amount which must be paid by the patient. Whenever possible, check with the doctor or hospital providing the treatment if a gap payment is required, and how much extra you will need to pay over and above the refund you will receive from the medical insurer. Always check your benefit entitlement with the insurer before going to a private hospital.

## OSHC Services

Services and Charges NOT currently covered by OSHC include:

- Treatment for medical conditions, or disabilities, in existence before you came to Australia during the first 12 months of membership
- Additional charges for single room accommodation in hospitals
- Assisted reproductive services such as in-vitro fertilisation (IVF)
- Dental, physiotherapy, optical wear
- Pregnancy related services if your visa is for three months or less
- The difference between the scheduled fee for any service and the actual charge levied by the doctor or the hospital (Remember, many doctors and private hospitals charge above the scheduled fee).

If you have a pre-existing medical condition, you may like to investigate additional insurance options in your home country for the first 12 months of your stay in Australia.

Further information can be found on the following websites:

- [www.oshcworldcare.com.au](http://www.oshcworldcare.com.au)
- [www.international.adelaide.edu.au/cost/health](http://www.international.adelaide.edu.au/cost/health)

## Language and Learning Services

[www.adelaide.edu.au/clpd/lis](http://www.adelaide.edu.au/clpd/lis)

The Academic Learning and Language (ALL) lecturers offer a daily drop-in Helpdesk and a range of workshops as well as print and online resources to help students develop the skills required for success at university. All services are free to students enrolled at the University of Adelaide.

### Organise Your Own Workshop

Students are invited to form their own small groups (from the same course/program) if they have specific academic needs or concerns (e.g. understanding assignment tasks or questions; developing relevant learning skills; improving grammar; developing academic writing skills). Workshops are also provided specifically for postgraduate coursework students on developing your analysis of research topics and avoiding plagiarism in research writing.

# PROGRAMS OF STUDY

The following is a summary of University of Adelaide postgraduate degree programs which relate to the broad areas of priority identified by AusAID. Information about all programs offered by the University of Adelaide in 2011 may be found at the following website: [www.adelaide.edu.au/programs/2011/](http://www.adelaide.edu.au/programs/2011/)

## AGRICULTURE

### COURSEWORK OPTIONS

AGRIBUSINESS				
CRICOS code	Program	Duration	Start	IELTS Requirement
068572B	Master of Global Food and Agricultural Business	2 years*	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
* Students who can demonstrate at least two years of relevant professional or research experience may complete the Masters program in 1.5 years.				

**Program Overview:** The Global Food and Agricultural Business (GFAB) postgraduate program enables students to develop the conceptual and practical skills necessary to work in the global food and agricultural business sector. The selection of courses enables students to gain fundamental competencies, while at the same time providing the flexibility to tailor their program to individual background and career objectives. For example, students may focus on specific interests from value chain management or marketing to natural resource issues or agricultural policy analysis. There are four areas of specialisation available: Marketing, Trade Policy, Applied Finance and Management. For further information: [www.adelaide.edu.au/programfinder/2011/mgfab\\_mglobfab.html](http://www.adelaide.edu.au/programfinder/2011/mgfab_mglobfab.html)

PLANT BIOTECHNOLOGY				
CRICOS code	Program	Duration	Start	IELTS Requirement
056489G	Master of Biotechnology (Plant Biotechnology)	Up to 2 years*	February only	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
* Students who can demonstrate at least two years of relevant professional or research experience may complete the Masters program in 1.5 years.				

**Program Overview:** Plant Biotechnology has a strong emphasis on understanding plant form and function from molecular, genetic and biochemical perspectives. The program extends this understanding from fundamental science to applications in plant production, human and animal health, biofuels and ultimately to commercialisation of plant biotechnology. The program is designed as a series of short courses, integrating scientific communication, critical thinking, problem solving and bioinformatics into the curriculum. The two-year Masters program includes a research component of 1 year in length. The 1.5 year Masters program includes a half-year research component. For further information: [www.adelaide.edu.au/programfinder/2011/mbiot\\_mbiotechpb.html](http://www.adelaide.edu.au/programfinder/2011/mbiot_mbiotechpb.html)

PLANT HEALTH AND BIOSECURITY				
CRICOS code	Program	Duration	Start	IELTS Requirement
056492A	Master of Plant Health and Biosecurity	Up to 2 years*	February only	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
* Students who can demonstrate at least two years of relevant professional or research experience may complete the Masters program in 1.5 years.				

**Program Overview:** Plant Health has a strong emphasis on producing and securing healthy plants, with a focus on biosecurity. The program is designed as a series of short, intensive courses, integrating scientific communication, critical thinking, problem solving and bioinformatics into the curriculum. The two-year Masters program includes a research component of 1 year in length. The 1.5 year Masters program includes a half-year research component. For further information: [www.adelaide.edu.au/programfinder/2011/mplhe\\_mplanthlh.html](http://www.adelaide.edu.au/programfinder/2011/mplhe_mplanthlh.html)

## RESEARCH OPTIONS

The School of Agriculture, Food and Wine provides a world-class concentration of scientific research, education and infrastructure across the Waite and Roseworthy campuses of the University of Adelaide. The School's broad research interests include: agribusiness, agronomy, animal science, crop improvement, integrated pest management, plant biotechnology, viticulture and oenology. Students interested in pursuing a postgraduate degree by research in any of the above areas should consult the following website: [www.agwine.adelaide.edu.au/research/](http://www.agwine.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
001514K	Master of Agricultural Science	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001313G	Doctor of Philosophy (Sciences)	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## ARCHITECTURE (PLANNING AND URBAN DESIGN)

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
062044G	Master of Planning	2 years	February only	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
062045G	Master of Planning (Urban Design)	2 years	February only	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

**Program Overview:** Both programs are designed to provide advanced coursework leading to a professionally-recognised qualification. The programs have a strong foundation in ecological, social and economic sustainability as a basis for planning, and emphasise skills in communication and collaboration with local communities and professional groups.

Further information:

- Master of Planning - [www.adelaide.edu.au/programfinder/2011/mplan\\_mplanning.html](http://www.adelaide.edu.au/programfinder/2011/mplan_mplanning.html)
- Master of Planning (Urban Design) - [www.adelaide.edu.au/programfinder/2011/mpud\\_mplanud.html](http://www.adelaide.edu.au/programfinder/2011/mpud_mplanud.html)

## BUSINESS AND MANAGEMENT

### COURSEWORK OPTIONS

BUSINESS ADMINISTRATION				
CRICOS code	Program	Duration	Start	IELTS Requirement
059067E	Master of Business Administration	4 trimesters	January, May or September	Overall score of 7.0 with a minimum band score of 6.5 in all bands
002777A	Master of Business Administration (Advanced)	5 trimesters	January, May or September	Overall score of 7.0 with a minimum band score of 6.5 in all bands

**Program Overview:** The University of Adelaide's MBA is widely recognised for its high quality, rigour, and its ability to equip students with lifelong skills in leadership. The MBA (Advanced) is for those wishing to go beyond the standard 12 course degree by specialising in particular areas of general management, with students undertaking three further core courses and one elective course. Both MBA programs offer elective specialisation, small class sizes and an opportunity to work in teams with experienced managers from diverse cultural backgrounds.

Further information:

- MBA - [www.adelaide.edu.au/programfinder/2011/mba12\\_mba12.html](http://www.adelaide.edu.au/programfinder/2011/mba12_mba12.html)
- MBA (Advanced) - [www.adelaide.edu.au/programfinder/2011/mbaa\\_mbaa.html](http://www.adelaide.edu.au/programfinder/2011/mbaa_mbaa.html)

ACCOUNTING/FINANCE/MARKETING/PERFORMANCE MANAGEMENT:				
CRICOS code	Program	Duration	Start	IELTS Requirement
053688B	Master of Accounting and Finance	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
063093B	Master of Accounting and Marketing	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
063094A	Master of Accounting and Performance Management	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047805G	Master of Commerce (Accounting)	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047805G	Master of Commerce (Applied Finance)	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047805G	Master of Commerce (Marketing)	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047805G	Master of Commerce (Performance Management)	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
056498F	Master of Finance and Business Economics	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

#### Program Overview:

The Masters by coursework programs offered by the Business School provide students with the opportunity to specialise in Accounting, Applied Finance, Marketing or Performance Management. These programs may be taken by graduates of any discipline.

**Master of Accounting and Finance:** This program enables students to combine the study of Accounting and Finance in one degree. Students take courses in both areas, and are then able to specialise in one of the areas by taking further courses in either Accounting or Finance. Students choosing the accounting specialisation as their primary discipline will meet the academic requirements for admission to the CPA program of CPA Australia. The program also covers a substantial part of the body of knowledge for those wanting to proceed with professional studies offered by the Chartered Financial Analyst Institute ([www.cfainstitute.org](http://www.cfainstitute.org)). Further information: [www.adelaide.edu.au/programfinder/2011/macfi\\_macfin.html](http://www.adelaide.edu.au/programfinder/2011/macfi_macfin.html)

**Master of Accounting and Marketing:** This program provides comprehensive studies across the related fields of accounting and marketing. While the program includes study in both fields, students choose to specialise in one area. For students choosing the Accounting specialisation as their primary discipline, the program aims to develop them for a professional accounting career with accreditation to proceed to the professional programs of CPA Australia. For students choosing the advanced Marketing specialisation, the program aims to develop them for a professional marketing career by providing the educational grounding and partial credit towards the Certified Practising Marketer (CPM) status awarded by the Australian Marketing Institute (AMI). Further information: [www.adelaide.edu.au/programfinder/2011/macma\\_macmktg.html](http://www.adelaide.edu.au/programfinder/2011/macma_macmktg.html)

**Master of Accounting and Performance Management:** This program provides comprehensive studies across the related fields of accounting and performance management. While the program includes study in both fields, students choose to specialise in one area. For students choosing the Accounting specialisation as their primary discipline, the program aims to develop them for a professional accounting career with accreditation to proceed to the professional programs of CPA Australia. For students choosing the advanced Performance Management specialisation, the program aims to equip them with a sound knowledge of managing organisational performance in its multiple dimensions. Graduates will be eligible for membership of the Australian Institute of Management (AIM) and the Australian Human Resource Institute (AHRI). Further information: [www.adelaide.edu.au/programfinder/2011/macpm\\_macppm.html](http://www.adelaide.edu.au/programfinder/2011/macpm_macppm.html)

**Master of Commerce (Accounting):** This program enables graduates with a non-accounting background to move into careers in accounting, auditing, taxation, financial management and business advisory services. For students with a recognised degree in accounting, advanced level courses offered within this specialisation will provide greater depth in the study of accounting and add perspectives such as knowledge management, public sector management, financial management and research. Further information: [www.adelaide.edu.au/programfinder/2011/mcomc\\_mcomac.html](http://www.adelaide.edu.au/programfinder/2011/mcomc_mcomac.html)

**Master of Commerce (Applied Finance):** This program is designed to provide analytical tools and new skills in the field of finance to students from both finance and non-finance backgrounds. It will provide the foundation for a career as an analyst, consultant or manager in the financial services sector comprising banks, investment institutions, capital market dealers and financial planning consultancy. Further information: [www.adelaide.edu.au/programfinder/2011/mcomc\\_mcomaf.html](http://www.adelaide.edu.au/programfinder/2011/mcomc_mcomaf.html)

**Master of Commerce (Marketing):** This program is designed to provide a comprehensive, up-to-date understanding of concepts, techniques and professional applications in marketing to graduates from both marketing and non-marketing backgrounds. For students with a recognised marketing degree, advanced level courses offered within this discipline will provide greater depth and breadth of strategic thinking and analytical tools in marketing and business. Further information: [www.adelaide.edu.au/programfinder/2011/mcomc\\_mcommk.html](http://www.adelaide.edu.au/programfinder/2011/mcomc_mcommk.html)

**Master of Commerce (Performance Management):** This program is designed to encompass the management and evaluation of performance at the organisation-wide, strategic business unit and individual levels for graduates from management and non-management disciplines. It aims to equip students with a sound knowledge of managing

organisation performance in its multiple dimensions. The study of performance management is approached from an interdisciplinary base that integrates the planning, control and evaluation systems of an organisation. Further information: [www.adelaide.edu.au/programfinder/2011/mcomc\\_mcompm.html](http://www.adelaide.edu.au/programfinder/2011/mcomc_mcompm.html)

**Master of Finance and Business Economics:** This program has been designed to meet the needs of entrants from a business or economics degree seeking in-depth advancement in their field, or a graduate from any other degree seeking to comprehensively adapt to the fields of economics and finance. While the program includes study in both fields, students choose to specialise in one area. For candidates choosing the finance specialisation, the program provides the educational grounding to proceed with professional studies towards the Chartered Financial Analyst qualification. For candidates specialising in economics, the program aims to enhance understanding of the application of economic theories, and provides training in theoretical and applied aspects of modern economics and econometrics. Further information: [www.adelaide.edu.au/programfinder/2011/mfbe\\_mfbec.html](http://www.adelaide.edu.au/programfinder/2011/mfbe_mfbec.html)

## RESEARCH OPTIONS

The Business School has a range of research interests in the area of business and management. Students interested in pursuing a research degree should consult the following website: [www.business.adelaide.edu.au/research/](http://www.business.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
002478A	Master of Commerce	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
069205F	Doctor of Philosophy (Business)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## CLIMATE CHANGE (see also Sustainability)

### COURSEWORK OPTIONS

CLIMATE CHANGE:				
CRICOS code	Program	Duration	Start	IELTS Requirement
069261J	Master of Carbon Management	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071196F	Master of Environmental Monitoring Technologies	2 years	February only	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

#### Program Overview:

**Master of Carbon Management:** This multi-disciplinary coursework program explores the science of carbon change, anticipated climate change trends and their impacts, and drivers for the development of a low carbon economy. The program integrates courses from four Faculties, spanning the themes of business and resource management. It covers policy and legislative frameworks for the reduction of carbon emissions and the technical and economic challenges to achieve carbon neutrality. The program includes the opportunity to undertake a research project of one semester's duration. Further information: [www.adelaide.edu.au/programfinder/2011/mcm\\_mcarbman.html](http://www.adelaide.edu.au/programfinder/2011/mcm_mcarbman.html)

**Master of Environmental Monitoring Technologies:** The University of Adelaide is a world leader in many areas of environmental monitoring. Concern about climate change, loss of biodiversity and water shortages is leading to the rapid growth in markets for accurate, low cost environmental monitoring tools. Government agencies responsible for reporting on the performance of their environmental programs, or who need to monitor compliance with environmental regulations, require managers who understand the technical options that are available to them. Businesses need solutions to meet their legislative obligations and there is a ready and growing market for lower cost monitoring solutions that make use of the latest technological platforms. Engineering companies need technical professionals who can lead development programs in this area. Further information: [www.adelaide.edu.au/programfinder/2011/memt\\_menvmt.html](http://www.adelaide.edu.au/programfinder/2011/memt_menvmt.html)

## RESEARCH OPTIONS

The University of Adelaide recently established the Environment Institute, a new research institute to tackle some of the most serious environmental challenges facing Australia and the world. Research undertaken within the Institute will deliver know-how and understanding that will underpin a step change improvement in the management of natural resources such as water, soil, land and native flora and fauna, particularly under changing climate and economic conditions.

The Institute brings together leading research groups at the University of Adelaide in the fields of science, engineering and economics relating to the management and use of natural resources and infrastructure. The Institute combines the research strengths of four centres and two programs. Further information: [www.adelaide.edu.au/environment/](http://www.adelaide.edu.au/environment/)

CRICOS code	Program	Duration	Start	IELTS Requirement
001317D	Master of Science	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001313G	Doctor of Philosophy (PhD) (Sciences)	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## ECONOMICS

### COURSEWORK OPTIONS

ECONOMICS:				
CRICOS code	Program	Duration	Start	IELTS Requirement
031014D	Graduate Certificate in Economics	0.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
014967G	Master of Economics (Coursework)	1 year	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
036274K	Master of Applied Economics	Up to 1.5 years*	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
036283J	Master of Applied Economics (International)	Up to 1.5 years*	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
061731D	Master of Applied Economics (Public Policy)	Up to 1.5 years*	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
056498F	Master of Finance and Business Economics	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
069201K	Master of International Trade and Development	1 year	January	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

\* Students with an undergraduate degree in Economics, Finance or Commerce may be able to complete the degree in one year of study.

#### Program Overview:

**The Master of Economics (Coursework)** is aimed at students with a strong Economics background and consists of advanced level courses in microeconomics and macroeconomics plus a number of elective courses and a supervised research project. For further information: [www.adelaide.edu.au/programfinder/2011/mecc\\_meccwk.html](http://www.adelaide.edu.au/programfinder/2011/mecc_meccwk.html)

**The Master of Applied Economics and Master of Applied Economics (International)** programs may be undertaken by students from a non-Economics background, but such students may be required to undertake the Graduate Certificate in Economics prior to commencing the Masters program (making the total duration 2 years). The Master of Applied Economics program is designed to provide an in-depth understanding of theoretical and applied economics. The Master of Applied Economics (International) program allows students to focus on areas of international finance and international trade. For further information:

- Master of Applied Economics: [www.adelaide.edu.au/programfinder/2011/mapec\\_mappeco.html](http://www.adelaide.edu.au/programfinder/2011/mapec_mappeco.html)
- Master of Applied Economics (International): [www.adelaide.edu.au/programfinder/2011/maeci\\_mappecint.html](http://www.adelaide.edu.au/programfinder/2011/maeci_mappecint.html)

**The Master of Applied Economics (Public Policy)** aims to provide students with an understanding of the motivations for, and processes of policy making, from an economic perspective. Graduates will develop the capacity to analyse policy effectiveness, design reform programs and to identify the challenges to policy implementation. This program is designed for mid career professionals in the public sector or for those in roles of public affairs, government relations and the like. It will also be highly beneficial and relevant for students entering government service careers, and those intending to work in the private sector dealing with government. The course is designed for students with or without a background in economics. Students without a background in Economics may be required to undertake the Graduate Certificate in Economics prior to commencing the Masters program (making the total duration 2 years). For further information: [www.adelaide.edu.au/programfinder/2011/maepp\\_mappecpp.html](http://www.adelaide.edu.au/programfinder/2011/maepp_mappecpp.html)

**The Master of Finance and Business Economics** can be taken by graduates from a non-Economics or non-business background. The aim of the program is to provide students with the opportunity to study the related fields of Economics and Finance. While the program includes study in both areas, students choose to specialise primarily in one of the two areas (Finance or Business Economics). For candidates choosing the Finance specialisation, the program provides the educational grounding to proceed to professional studies of the Chartered Financial Analysts Institute. For candidates choosing the Economics specialisation, the program aims to enhance understanding of the application of economic theories and provides training in theoretical and applied aspects of modern economics and econometrics. For further information: [www.adelaide.edu.au/programfinder/2011/mfbc\\_mfbec.html](http://www.adelaide.edu.au/programfinder/2011/mfbc_mfbec.html)

**The Master of International Trade and Development** program aims to instil the ability to think and act strategically about international trade and development issues. The program is structured to provide a practically-orientated understanding of global, regional and national trade, investment and development issues. Students undertake 36 units of courses in Trade, Economics and Law taught intensively over Summer Semester, Semester 1, Winter Semester and Semester 2 in one year. For further information: [www.adelaide.edu.au/programfinder/2011/mitd\\_mintradev.html](http://www.adelaide.edu.au/programfinder/2011/mitd_mintradev.html)

## RESEARCH OPTIONS

The School of Economics undertakes research in a wide range of areas including applied econometrics, development economics, econometric theory, economic history, economies in transition, financial economics, international trade, macroeconomics, microeconomics, monetary economics, natural resources and environment and public economics. For further information regarding the research interests of the School of Economics, please consult the following website: [www.economics.adelaide.edu.au/research/](http://www.economics.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
002776B	Master of Economics	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
036285G	Doctor of Philosophy (PhD) (Economics)	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## EDUCATION AND TESOL (Teaching English as a Second or Other Language)

### COURSEWORK OPTIONS

EDUCATION				
CRICOS code	Program	Duration	Start	IELTS Requirement
001428G	Master of Educational Studies	1 year	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
054119E	Master of Education (Science & Technology)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
054119E	Master of Education (Mathematics & Technology)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

#### Program Overview:

**The Master of Education (Science & Technology) and Master of Education (Mathematics & Technology)** programs are aimed at those who are currently employed in education and who have an interest in extending their knowledge and practice in the areas of Mathematics or Science and Technology in Education. They focus on scholarly investigation, including strengthening the teaching-learning research-nexus, mentoring and supervised practical experience. For further information:

- Master of Education (Mathematics and Technology): [www.adelaide.edu.au/programfinder/2011/medc\\_medcmt.html](http://www.adelaide.edu.au/programfinder/2011/medc_medcmt.html)
- Master of Education (Science and technology): [www.adelaide.edu.au/programfinder/2011/medc\\_medcst.html](http://www.adelaide.edu.au/programfinder/2011/medc_medcst.html)

**The Master of Educational Studies** is aimed at the professional development of practising teachers and focuses on the broader issues in education. For further information: [www.adelaide.edu.au/programfinder/2011/medst\\_medst.html](http://www.adelaide.edu.au/programfinder/2011/medst_medst.html)

TESOL				
CRICOS code	Program	Duration	Start	IELTS Requirement
026903B	Master of Arts (Applied Linguistics)	1.5 years	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands

**Program Overview:** The Masters program in Applied Linguistics is a recognised qualification for language teaching, including TESOL and LOTE. Students study many areas of language use, including learning and teaching languages, communication practices in workplaces and the media, language and technology, literacy practices, and language-related learning and communication difficulties. The Masters program includes a research dissertation of 6 months duration. For further information: [www.adelaide.edu.au/programfinder/2011/maal\\_martal.html](http://www.adelaide.edu.au/programfinder/2011/maal_martal.html)

## RESEARCH OPTIONS

Staff in the **School of Education** currently have the following research interests: Curriculum, teaching and learning; history of the interaction of religion, education and social change; implications of cognitive neuroscience and neural network for education; measurement in education research; languages education; science and mathematics education; social and cultural context of education. Please refer to the following website for further information: [www.education.adelaide.edu.au/research/](http://www.education.adelaide.edu.au/research/)

Staff in the discipline of **Linguistics** have a wide range of research interests, including: language learning and teaching, literacy and student writing; language and the environment; language planning, language change and language preservation. Please refer to the following website for further information: [www.hss.adelaide.edu.au/linguistics/research/](http://www.hss.adelaide.edu.au/linguistics/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
036300B	Master of Education	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001456D	Master of Arts	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
046396F	Doctor of Philosophy (Education)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001425M	Doctor of Philosophy (Humanities & Social Sciences)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## ENGINEERING

### COURSEWORK OPTIONS

ENGINEERING				
CRICOS code	Program	Duration	Start	IELTS Requirement
071199C	Master of Engineering (Aerospace Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071200D	Master of Engineering (Chemical Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071201C	Master of Engineering (Civil & Environmental Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071202B	Master of Engineering (Civil & Structural Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071205K	Master of Engineering (Mechanical Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071206J	Master of Engineering (Mechatronic Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071207G	Master of Engineering (Mining Engineering)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
071208G	Master of Engineering (Signal and Information Processing)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
045816K	Master of Petroleum Engineering	1 year	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

#### Program Overview:

**The Master of Engineering** two-year programs consist of a foundation year and an advanced studies year. Students undertake a one-semester research project during their second year.

**The Australian School of Petroleum** teaches the one-year Master of Petroleum Engineering, aimed at graduates with a background in Engineering disciplines such as Chemical Engineering or Mechanical Engineering who wish to gain a Petroleum Engineering qualification to enhance their ability to gain entry to exploration and production part of the petroleum industry. It is also aimed at petro-technical professionals already working in the upstream petroleum industry who wish to advance their technical careers in petroleum engineering.

For further information on the above coursework programs: [www.adelaide.edu.au/programfinder/2011/pgcw/eng/](http://www.adelaide.edu.au/programfinder/2011/pgcw/eng/)

## RESEARCH OPTIONS

The Faculty of Engineering, Computer and Mathematical Sciences has a fine reputation for research across a wide range of fields. Please refer to the following website for further information regarding current research being undertaken by staff in the Faculty: [www.ecms.adelaide.edu.au/research/](http://www.ecms.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
001410G	Master of Applied Science (Engineering)	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001412E	Master of Engineering Science	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001409M	Doctor of Philosophy in Engineering	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## ENTREPRENEURSHIP, COMMERCIALISATION AND INNOVATION

### COURSEWORK OPTIONS

ENTREPRENEURSHIP, COMMERCIALISATION AND INNOVATION				
CRICOS code	Program	Duration	Start	IELTS Requirement
064436J	Master of Applied Innovation and Entrepreneurship	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
064437G	Master of Applied Innovation and Entrepreneurship (Advanced)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047364F	Master of Science and Technology Commercialisation	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
064440B	Master of Science and Technology Commercialisation (Advanced)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

#### Program Overview:

**The Master of Applied Innovation and Entrepreneurship** programs are designed to provide students with the necessary skills, knowledge and to some extent, experience to confidently engage in innovation and entrepreneurship in either leadership or support roles. Courses are delivered in intensive sessions. With its longer duration, the Master of Innovation and Entrepreneurship (Advanced) enables students to undertake more elective and core courses. For further information: [www.adelaide.edu.au/programfinder/2011/pgcw/innovate/](http://www.adelaide.edu.au/programfinder/2011/pgcw/innovate/)

**The Master of Science and Technology Commercialisation** programs are designed for working professionals from any disciplinary background who want to become change catalysts for the improvement of commercialisation processes. Graduates are equipped to make informed technology management and planning decisions, whether starting or operating high-technology ventures or developing spin-off companies. Students must have a Bachelor's degree plus at least five years of relevant work experience to be eligible for admission to these programs.

Science and Technology Commercialisation programs are ideally suited to those interested in understanding the process of bringing new knowledge to fruition, in the marketplace, or through social avenues. All disciplines, all functional roles, all ages have been represented in these programs and contribute to vibrant discussion. Students in both programs will complete a research project of one semester's duration. The longer Advanced program allows students to undertake more core and elective courses. For further information: [www.adelaide.edu.au/programfinder/2011/pgcw/commercial/](http://www.adelaide.edu.au/programfinder/2011/pgcw/commercial/)

## ENVIRONMENTAL MANAGEMENT (see also programs under 'Sustainability')

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
062047E	Master of Environmental Policy and Management	1.5 years	February or July	Overall score of 6.5 with a minimum score of 6.0 in all bands
062046F	Master of Environmental Policy and Management (Applied)	2 years	February or July	Overall score of 6.5 with a minimum score of 6.0 all bands

**Program Overview:** This program aims to provide students with a thorough understanding of the principles and practice of environmental policy, planning and governance. The program addresses how the signature environmental issues of our time – global warming, water shortages, deforestation and the like – are to be managed, now and into the future. The Masters program is targeted at three distinct audiences: recent graduates seeking a career in environmental management;

mid-career professionals looking to update their knowledge in the fast-changing domain of environmental governance and management; and those wishing to undertake further research on these topics. Both Masters programs include the opportunity to undertake a research project of half a year's duration.

**The Master of Environmental Policy and Management (Applied)** allows students to undertake an additional professional internship for one semester. For further information:

- Master of Environmental Policy and Management: [www.adelaide.edu.au/programfinder/2011/mepm\\_menvp&m.html](http://www.adelaide.edu.au/programfinder/2011/mepm_menvp&m.html)
- Master of Environmental Policy and Management (Applied): [www.adelaide.edu.au/programfinder/2011/mepma\\_menvp&map.html](http://www.adelaide.edu.au/programfinder/2011/mepma_menvp&map.html)

## RESEARCH OPTIONS

Research in the area of Environmental Management takes place in a number of different Faculties and Schools within the University of Adelaide:

**Geographical & Environmental Studies** (for areas such as environmental change; biodiversity conservation restoration; planning and policy making; management – coastal, environmental, native vegetation): [www.hss.adelaide.edu.au/ges/research/](http://www.hss.adelaide.edu.au/ges/research/)

**Earth and Environmental Sciences** (for areas such as earth environments; ecology and biodiversity; environmental physiology; evolutionary biology; molecular interactions between plants and microorganisms; natural resource management): [www.ees.adelaide.edu.au/research/](http://www.ees.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
001456D	Master of Arts	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001317D	Master of Science	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001425M	Doctor of Philosophy (Humanities & Social Sciences)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001313G	Doctor of Philosophy (Sciences)	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## GENDER AND DEVELOPMENT

The University of Adelaide does not currently offer any postgraduate coursework options in the above-listed areas. Students with an interest in these areas are only able to undertake postgraduate degrees by research. Interested students should consult the list of research interests of the School of History and Politics (for Development Studies), and the School of Social Sciences (for Development Studies and Gender Studies) at the following website: [www.hss.adelaide.edu.au](http://www.hss.adelaide.edu.au)

## RESEARCH OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
001456D	Master of Arts	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
046396F	Doctor of Philosophy (PhD) (Humanities & Social Sciences)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## FINANCE

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
053688B	Master of Accounting and Finance	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
047805G	Master of Commerce (Applied Finance)	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
056498F	Master of Finance and Business Economics	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

### Program Overview:

**The Master of Accounting and Finance** program is available to students with a degree in any discipline. Students choose either accounting or finance as their primary discipline and undertake supplementary courses in the other discipline.

**The Master of Commerce (Applied Finance)** program is designed to provide analytical tools and new skills in the field of finance to students from both a finance or non-finance background.

**The Master of Finance and Business Economics** program can be taken by graduates from a non-Economics or non-business background. The aim of the program is to provide students with the opportunity to study the related fields of Economics and Finance. While the program includes study in both areas, students choose to specialise primarily in one of the two areas (Finance or Business Economics). For candidates choosing the Finance specialisation, the program provides the educational grounding to proceed to professional studies of the Chartered Financial Analysts Institute. For candidates choosing the Economics specialisation, the program aims to enhance understanding of the application of economic theories and provides training in theoretical and applied aspects of modern economics and econometrics.

For further information: [www.adelaide.edu.au/programfinder/2011/pgcw/comm/](http://www.adelaide.edu.au/programfinder/2011/pgcw/comm/)

## RESEARCH OPTIONS

The Business School has a range of research interests in the area of finance. Students interested in pursuing a research degree should consult the following websites: [www.business.adelaide.edu.au/research/](http://www.business.adelaide.edu.au/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
002478A	Master of Commerce	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001415B	Doctor of Philosophy (Business)	Up to 4 years	February or July	Overall score of 7.0 with a minimum score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## HEALTH

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
001325D	Master of Public Health	1.5 years	February only	Overall score of 6.5 with a minimum band score of 6.0 in all bands
031023C	Master of Occupational Health & Safety Management	1.5 years	February only	Overall score of 6.5 with a minimum band score of 6.0 in all bands
049706F	Master of Grief and Palliative Care Counselling	1.5 years	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands
022523B	Master of Nursing Science	1 year	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands
064443K	Master of Health Economics and Policy	2 years*	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands

\* Students with a background in economics may apply for credit for up to one semester, reducing the program duration to 1.5 years.

### Program Overview:

**Public Health** involves a range of policies, public provision and activities directed at maintaining and improving the health of populations. The program stimulates students to think creatively about the distribution and causes of health and illness in populations, and about policies and practices which support and improve the health of people. For further information: [www.adelaide.edu.au/programfinder/2011/mpubh\\_mpubhlth.html](http://www.adelaide.edu.au/programfinder/2011/mpubh_mpubhlth.html)

**The Occupational Health and Safety Management** program is designed to enable graduates to work in a range of OHS professional roles. This is an area of prime importance in the management of enterprises and other workplaces. For further information: [www.adelaide.edu.au/programfinder/2011/moh&s\\_moh&s.html](http://www.adelaide.edu.au/programfinder/2011/moh&s_moh&s.html)

**The Grief and Palliative Care Counselling** program aims to provide best practice grief and palliative care counselling education. It seeks to enhance expertise in the area of counselling within a grief, bereavement or palliative care context. It teaches skills beneficial to people working in many areas including nursing, medicine, social work, psychology, education and welfare. The Masters program includes a half-year research dissertation. For further information: [www.adelaide.edu.au/programfinder/2011/mgpcc\\_mgriefpcc.html](http://www.adelaide.edu.au/programfinder/2011/mgpcc_mgriefpcc.html)

**The Nursing Science** program is aimed at providing opportunities for nurses to develop advanced skills in clinical enquiry, practice and leadership in professional nursing. Applicants must have the equivalent of a Graduate Diploma in Nursing Science and at least two years of post-registration nursing experience. For further information: [www.adelaide.edu.au/programfinder/2011/mnusc\\_mnurssc.html](http://www.adelaide.edu.au/programfinder/2011/mnusc_mnurssc.html)

**Health Economics** provides specialisation in the related fields of health economics, health policy and health care management, with a particular focus on international health systems. Graduates will develop the capacity to design health reform programs, analyse policy effectiveness, perform economic evaluations of health care interventions and identify challenges for policy implementation and governance issues by combining management skills with a sound knowledge of economics and public health policies. Students without an economics background will first have to complete a Graduate Certificate in Economics (6 months duration) before being admitted to the Masters program (total program duration 2 years). For further information: [www.adelaide.edu.au/programfinder/2011/mhep\\_mhlthecpol.html](http://www.adelaide.edu.au/programfinder/2011/mhep_mhlthecpol.html)

## RESEARCH OPTIONS

The Faculty of Health Sciences has a long and distinguished history of research in the following broad areas: dentistry; anatomical sciences; pharmacology; pathology; medicine; orthopaedics and trauma; psychiatry; surgery; reproductive health; paediatrics; public health; psychology and nursing. Students with an interest in pursuing a postgraduate research degree in health sciences should consult the following website for further information about research interests of staff in the Faculty: [www.adelaide.edu.au/health/research/students/](http://www.adelaide.edu.au/health/research/students/)

CRICOS code	Program	Duration	Start	IELTS Requirement
009440C	Master of Medical Science	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001322G	Master of Clinical Science	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001319B	Doctor of Philosophy (Medicine & Surgery)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## INTERNATIONAL STUDIES

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
023426F	Master of Arts (International Studies)	1.5 years	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands

**Program Overview:** The program in International Studies provides an opportunity to explore the character of the contemporary world and gain an advanced understanding of the key issues and debates in international politics since 1945. Staff teaching in the program specialise in a wide range of areas including strategic and security studies; contemporary international thought; global governance; international political economy; issues of equality and inequality in the international sphere; power and culture; Asian studies and European studies. This program is one of the few in the country that offers specialist options in intelligence studies. The Masters program includes a half-year research dissertation. For further information: [www.adelaide.edu.au/programfinder/2011/mais\\_martis.html](http://www.adelaide.edu.au/programfinder/2011/mais_martis.html)

### RESEARCH OPTIONS

International Studies is taught by staff from several Schools in the Faculty of Humanities and Social Sciences. Students with an interest in pursuing a postgraduate research degree in the area of International Studies should consult the research interests of staff in Politics, Asian Studies and European Studies through the following website: [www.hss.adelaide.edu.au](http://www.hss.adelaide.edu.au)

CRICOS code	Program	Duration	Start	IELTS Requirement
001456D	Master of Arts	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
046396F	Doctor of Philosophy (PhD) (Humanities & Social Sciences)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## LAW

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
051753C	Master of Laws	1 year	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands
051755A	Master of Business Law	1.5 years	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands

#### Program Overview:

**The Master of Laws program** is aimed at those who have a law degree and is designed to offer flexibility to suit particular interests. Students study eight courses of their choice selected from a list which includes areas such as comparative law, international law, international trade law, environmental law, and transnational crime and terrorism. For further information: [www.adelaide.edu.au/programfinder/2011/mlawc\\_llmcwk.html](http://www.adelaide.edu.au/programfinder/2011/mlawc_llmcwk.html)

**The Master of Business Law** is open to those with a degree from any discipline and is designed for those seeking a postgraduate degree in business with a focus on law. It consists of three foundation law courses, plus eight courses chosen from a list of electives including areas such as commercial law, international law, and corporate governance. For further information: [www.adelaide.edu.au/programfinder/2011/mblaw\\_mbuslaw.html](http://www.adelaide.edu.au/programfinder/2011/mblaw_mbuslaw.html)

### RESEARCH OPTIONS

The Law School has a number of research strengths in the areas of legal theory and history, corporate and commercial law, legal procedure and evidence, public law and the common law. Students interested in pursuing a postgraduate research degree in law should consult the following website for a list of staff research interests: [www.law.adelaide.edu.au/research/sae/](http://www.law.adelaide.edu.au/research/sae/)

CRICOS code	Program	Duration	Start	IELTS Requirement
019189D	Master of Laws	Up to 2 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening
001348G	Doctor of Philosophy (PhD) (Law)	Up to 4 years	February or July	Overall score of 7.0 with a minimum band score of 7.0 in Writing and 6.5 in Speaking, Reading and Listening

## PHYSICS

CRICOS code	Program	Duration	Start	IELTS Requirement
013938J 013939G 016444G 013940D 013941C	Master of Science in: Applied Physics Astrophysics Atmospheric Physics Optics and Lasers Theoretical Physics	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

**Program Overview:** The Master of Science combines advanced coursework in the above-listed areas of physics with a research project of one semester's duration. For further information: [www.adelaide.edu.au/programfinder/2011/pgcw/sciences/](http://www.adelaide.edu.au/programfinder/2011/pgcw/sciences/)

## PROJECT MANAGEMENT

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
047365E	Master of Project Management	1 year	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
054118F	Master of Applied Project Management	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
064442M	Master of Applied Project Management (Advanced)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

**Program Overview:** Industry practitioners combine with academics to teach the programs which take candidates through leading-edge project management concepts, methodologies and tools. The programs include a strong focus on industry-specific case studies, class discussions and assignments based on the participant's own workplace projects. The Master of Applied Project Management enables students to undertake a half-year research project in addition to one year of coursework. Students may take specialised courses in the following three areas: Climate Change, Defence or Mining.

In addition to the above, the **Master of Applied Project Management (Advanced)** program enables students to take one more semester of courses in a specialised area such as Climate Change, Defence or Mining. For further information: [www.adelaide.edu.au/programfinder/2011/pgcw/projmgmt/](http://www.adelaide.edu.au/programfinder/2011/pgcw/projmgmt/)

## PUBLIC POLICY

CRICOS code	Program	Duration	Start	IELTS Requirement
061731D	Master of Applied Economics (Public Policy)	Up to 2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

### Program Overview:

**The Master of Applied Economics (Public Policy)** program aims to provide an understanding of the motivations for, and processes of, policy making from an economic perspective. Graduates will develop the capacity to analyse policy effectiveness, design reform programs and identify the challenges to policy implementation. Students without an economics background may be required to undertake the Graduate Certificate in Economics before being admitted into the Masters degree (making the total duration of study 2 years). The Graduate Certificate consists of foundation courses in microeconomics, macroeconomics and statistics. For further information: [www.adelaide.edu.au/programfinder/2011/maepp\\_mappecpp.html](http://www.adelaide.edu.au/programfinder/2011/maepp_mappecpp.html)

## SUSTAINABILITY

CRICOS code	Program	Duration	Start	IELTS Requirement
065299E	Master of Sustainability	1.5 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening
065302D	Master of Sustainability (Advanced)	2 years	February or July	Overall score of 6.0 with a minimum band score of 6.0 in Writing and Speaking and 5.5 in Reading and Listening

### Program Overview:

**The Master of Sustainability program** is a multidisciplinary program drawing together a wide range of courses in the area of sustainability. The programs address the complex challenges of the future such as sustainability, climate change and sustainable resource management. The program draws on courses from all Faculties of the University spanning the following themes: governance, technology and innovation, social and corporate responsibility, science and the environment and economics. It will explore the science of climate change, policy and legislative frameworks for global change, sustainable energy technologies, integrating sustainability and community engagement. The program comprises three semesters of coursework, or two semesters of coursework plus one semester of research work.

**The Master of Sustainability (Advanced) program** includes a compulsory research project of one semester's duration, plus three semesters of coursework. For further information:

- Master of Sustainability: [www.adelaide.edu.au/programfinder/2011/msus\\_msustain.html](http://www.adelaide.edu.au/programfinder/2011/msus_msustain.html)
- Master of Sustainability (Advanced): [www.adelaide.edu.au/programfinder/2011/msusa\\_msusadv.html](http://www.adelaide.edu.au/programfinder/2011/msusa_msusadv.html)

## WATER RESOURCES MANAGEMENT (see also programs offered in the area of Civil Engineering)

### COURSEWORK OPTIONS

CRICOS code	Program	Duration	Start	IELTS Requirement
056486K	Master of Water Resources Management	1.5 years	February or July	Overall score of 6.5 with a minimum band score of 6.0 in all bands

**Program Overview:** This program is designed to provide students from an Engineering or Science background with an opportunity to increase their depth of knowledge and application of skills in the area of water resources management. The program is taught collaboratively by five different universities in Australia, with each university offering a different specialised stream. The stream offered at the University of Adelaide is Management of Water Infrastructure. For further information: [www.adelaide.edu.au/programfinder/2011/mwrm\\_mwatresmgt.html](http://www.adelaide.edu.au/programfinder/2011/mwrm_mwatresmgt.html)

## RESEARCH OPTIONS

The School of Civil, Environmental and Mining Engineering has a wide range of research interests in water resources management. Interested student should consult the following website: [www.ecms.adelaide.edu.au/civeng/research/](http://www.ecms.adelaide.edu.au/civeng/research/)

CRICOS code	Program	Duration	Start	IELTS Requirement
001410G	Master of Applied Science (Engineering)	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001412E	Master of Engineering Science	Up to 2 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening
001409M	Doctor of Philosophy in Engineering	Up to 4 years	February or July	Overall score of 6.5 with a minimum band score of 6.5 in Writing and 6.0 in Speaking, Reading and Listening

## HOW TO APPLY

You must submit your application form directly to AusAID in accordance with the deadlines which they have specified. Please contact the ADS Office in your country for further details.

1. Read this brochure.
2. Select your preferred course.
3. Contact the Student Centre for further information regarding your preferred course at [student.centre@adelaide.edu.au](mailto:student.centre@adelaide.edu.au) or [ausaid@adelaide.edu.au](mailto:ausaid@adelaide.edu.au)
4. Submit your application to the ADS Office by the closing date. Your ADS Office will be able to advise you of this date.

## IMPORTANT DATES

### Semester One 2011

- Introductory Academic Program commences: 12 January
- First Semester begins: 21 February
- Holiday (Easter): 22-25 April
- Mid-Semester Break: 18-29 April
- Mid-Year Examinations: 18 June-2 July

### Semester Two 2011

- Introductory Academic Program commences: 8 June
- Second Semester begins: 25 July
- Mid-Semester Break: 26 September-7 October
- End-of-Year Examinations: 5-19 November
