Title

[National Health & Medical Research Council - European Union Collaborative Research Grants](#)

The NHMRC has undertaken a review of the NHMRC-European Union (EU) Collaborative Research Grants scheme. The scheme helps Australian researchers participate in projects with international researchers under the European Commission's (EC) Seventh Framework Programme (FP7).

The revised NHMRC-EU scheme Funding Policy, approved by Research Committee in May this year, and the revised Application Form, are now available on the updated webpage of the NHMRC website located at: <http://www.nhmrc.gov.au/grants/types/granttype/strategic/austeu.htm>.

Information about the recently published FP7 calls is available on the EC website at http://cordis.europa.eu/fp7/home_en.html.

[3rd Annual Biosecurity Symposium on Global Health Security](#)

The National Centre for Biosecurity invites proposals for presentations addressing the theme 'Global Health Security' in one or more of the following areas:

- Responding to infectious disease crises in Australia and the Asia-Pacific
- The epidemiology of public health and animal health emergencies
- The development and use of biological weapons by state and non-state actors
- Ethical dilemmas and security risks of research on pathogenic micro-organisms
- International law and domestic regulation
- Relevance and applications of new technologies to biosecurity challenges
- Ethical, social and cultural dimensions of biosecurity

Please see [Call for Abstracts](#) for further information. Abstracts (200 words maximum) should be emailed to [Jon Herington](mailto:Jon.Herington), Executive Officer at the National Centre for Biosecurity, Australian National University, by 31 October 2009.

[Australian Research Council: Super Science Fellowships 2010 \(Notification of Intent\)](#)

The Federal Government's budget announced that up to 50 ARC Super Science 2010 Fellowships are intended to be offered in three areas for early career researchers:

1. Space science and astronomy;
2. Marine and climate science; and
3. Future industries research – biotechnology and nanotechnology.

Whilst there are no firm dates available at present, interested applicants are requested to complete and return a Notification of Intent to Research Branch at arcgrants@adelaide.edu.au by **4 September 2009**. Further information on completing a Notification of Intent can be found on the RB webpage at: <http://www.adelaide.edu.au/rb/arc/supscience.html>

[Heart Foundation Research Funding Information Session](#)

The Heart Foundation will be holding a research funding information session in Adelaide (venue and date TBC). Find out how you can obtain funding for your research from the Heart Foundation with details on their awards, the assessment criteria and how they assess applications. They will also provide tips on what to do to give yourself and your team the best chance of putting in a successful application.

Every session will include a special guest speaker who will talk about how Heart Foundation funding has influenced their research career. To register for one of the sessions, please visit the following website:
<http://news.heartfoundation.com.au/rp//62/ContestForm.cvsp?FormId=8178>

For more information, please contact the Heart Foundation Research Program on (03) 9321 1581 or by emailing research@heartfoundation.org.au

[Public Lecture on Research Assessment: Encouraging Excellence or Undermining Quality? Lessons from the British Experience](#)

The lecture will draw on experience from participation in two Research Assessment Exercises and participation in the planning of a new Research Excellence Framework to consider how academics in Britain and Australia should respond to these developments. For further information, please see [the flier](#) for a lecture on Research Assessment in the UK by Professor John Scott.

[Australian Research Council: Future Fellowships 2010 \(Notification of Intent\)](#)

ARC Future Fellowships for 2010

In anticipation of the ARC's Funding Rules for Future Fellowships for funding commencing in 2010, interested applicants are asked to indicate their intent to apply using the Notification of Intent form to be found at:
<http://www.adelaide.edu.au/rb/arc/FF.html>

The completed form is to be countersigned by the appropriate Head of School and Faculty Executive Dean and returned to Research Branch by **14 September 2009**. Queries can be directed to arcgrants@adelaide.edu.au

Grants

Faculty	Sponsor - Grant Title	Internal Due Dates
ECMS	<p><u>Department of the Prime Minister and Cabinet: Research Support for National Security</u></p> <p>Applications are now invited for support under the Australian Government Research Support for National Security program.</p> <p>The current call for applications seeks project proposals in three specific priority areas and studies in two broader areas with national security implications. The priority areas for project proposals are:</p> <ol style="list-style-type: none">1.Stand-off Detection for Explosives;2.Command and Control; and3.Cyber Security. <p>The subject areas for studies are:</p> <ol style="list-style-type: none">1.Climate Change, Resource and Energy Security; and2.Transnational and Serious Organised Crime. <p>For further information and application instructions, please visit: http://www.pmc.gov.au/nsst/research_support.cfm</p>	25 Sep 2009
Health Sciences	<p><u>The Australian Stem Cell Centre (ASCC): Strategic Development Fund</u></p> <p>The Australian Stem Cell Centre invites applications from commercial companies or academic researchers seeking financial support to apply for the ASCC Strategic Development Fund. The fund is designed to develop and accelerate projects in stem cell research towards a well-defined commercial, medical or academic goal.</p>	22 Sept 2009

	<p>Australian for-profit and not-for-profit organisations; public or private institutions, with appropriate facilities. The proposed project may be carried out in collaboration with research already funded in the ASCC's Collaborative Streams provided there is no overlap or duplication with currently funded scientific aims. The ASCC is providing a total of \$1 million in grants with each grant up to a maximum of \$250,000. Funding will commence no later than 1 December 2009.</p> <p>For further information and application instructions, please visit: http://www.stemcellcentre.edu.au/Apply_for_Funding/Strategic_Development_Fund.aspx</p>	
Health Sciences	<p><u>The Mental Health Council of Australia (MHCA): Mental Health Conferenc Funding</u></p> <p>There will be five separate funding rounds providing organisations with limited financial assistance for conferences held before 28 February 2011. For further information and application guidelines, please visit their website after 1 Sept 2009 at: http://www.mhca.org.au/</p>	6 Nov 2009
Health Sciences	<p><u>National Health & Medical Research Council: Centres of Research Excellence (Call for Applications)</u></p> <p>The NHMRC have recently introduced the Centres of Research Excellence (CRE) Scheme which replaces the Centres for Clinical Research Excellence Scheme and the Capacity Building Grants in Population Health and Health Services Research.</p> <p>The CRE Scheme seeks applications from teams of researchers to pursue innovative, high quality collaborative research activities in the following priority areas:</p> <ul style="list-style-type: none"> ■ Clinical Research ■ Research into Asbestos Related Diseases ■ Population Health Research ■ Electromagnetic Energy Research ■ Health Services Research <p>The CRE will build capacity, support research that will lead to improved community health outcomes, and ensure effective translation of research outcomes primarily into practice. Funding will be awarded for a period of five years and is expected to commence in 2010. Applications opened on 10 July 2009. For further information, please visit: http://www.nhmrc.gov.au/grants/apply/cre/index.htm</p> <p>Applicants should note that the new NHMRC new on-line system will be used.</p> <p>All applications will be submitted online via Research Branch through NHMRC's Research Grants Management System (RGMS). Applicants without an RGMS 'login' will need to complete an RGMS Access Form.</p> <p>RGMS has an online profile and CV function which is used to auto-populate NHMRC application forms. Once potential applicants receive their 'login' they can proceed with filling out their Profile and CV. Further information on RGMS including an updated information sheet is available on the NHMRC website at: http://www.nhmrc.gov.au/grants/rgms/index.htm</p>	18 Sep 2009
H&SS	<p><u>The Australian Academy of the Humanities: International Science Linkages (Humanities & Creative Arts Programme)</u></p> <p>The Australian Academy of the Humanities is pleased to call for applications to the International Science Linkages (ISL) - Humanities and Creative Arts (ISL-HCA) Programme, funded by the Department of Innovation, Industry, Science and Research (DIISR) to support international collaborative research activities in the humanities and creative arts.</p> <p>The ISL Programme aims to facilitate and support research cooperation between Australian researchers and leading counterparts overseas.</p> <p>This new ISL Humanities and Creative Arts (ISL-HCA) Programme will provide targeted support in order to:</p> <ol style="list-style-type: none"> 1. promote access and participation for Australian humanities and creative arts 	25 Sept 2009

	<p>researchers in strategically focused, leading edge, international research; and 2. increase strategic alliances between Australian and overseas researchers.</p> <p>For further information and application instructions, please visit: http://www.humanities.org.au/ISL.html</p>	
H&SS	<p><u>The Myer Foundation: G4 Small Grants Program</u></p> <p>The G4 Small Grants Program aims to be responsive to community needs and to support youth focussed and driven strategies across a range of areas. The G4 Small Grants Program will support youth focussed initiatives. The priority areas for the G4 Small Grants Program include but are not limited to:</p> <p>The priority areas for the G4 Small Grants Program include but are not limited to:</p> <ul style="list-style-type: none"> ■ Capacity building for youth organisations ■ Environmental education targeting and involving young people aged 12-25 years ■ Youth-driven events ■ Activities and initiatives addressing the health of young people <p>Grants are capped at \$5,000. The requested amount may be part of a larger budget of up to \$30,000.</p> <p>For further information and application instructions, please visit: http://www.myerfoundation.org.au/_110.asp</p>	20 Oct 2009
H&SS	<p><u>Ian Potter Foundation: Project Grants</u></p> <p>The Ian Potter Foundation now focuses on providing funding for major developments and programs of substantial significance to the University of Adelaide as a whole, rather than individual or team research projects. On your application, you should state why it is a priority for the institution as a whole.</p> <p>Applications in this round will be accepted for the following program areas:</p> <ol style="list-style-type: none"> 1. Arts 2. Education 3. Community Wellbeing 4. Community Wellbeing International Travel <p>Applications for programs which cover more than one area are encouraged. It is NOT necessary for applicants to nominate the area(s) under which they wish their application to be considered. Funding available for small grants: under \$20,000 and for general grants: above \$20,000.</p> <p>For further information and application instructions, please visit: http://foundation.ianpotter.org.au/funding_principles.html</p>	24 Sept 2009
H&SS	<p><u>Foundation for Rural & Regional Renewal: Small Grants for Small Rural Communities Program</u></p> <p>A small grants program for small rural Australian communities will offer about \$850,000 a year in grants to benefit people in rural and remote communities. Currently, preference will be given to projects that support:</p> <ol style="list-style-type: none"> 1. Community Infrastructure 2. Community Development involving Disadvantaged 3. Children or Young People 4. Resettlement of Immigrants in rural Australia. <p>For further information and application instructions, please visit: http://www.frrr.org.au/programsDetail.asp?ProgramID=4</p>	23 Sept 2009
Professions	<p><u>Law and Justice Foundation of New South Wales: Small Grants</u></p> <p>The aim of the small grants program is to provide financial assistance to organisations planning projects that meet the Foundation's objects. The program is designed to provide fast turnaround time and quick outcomes.</p> <p>Small grants can be applied for at any time, and decision making takes approximately eight weeks. No organisation is excluded from applying for a small grant. Preference will, however, be given to applications initiated at the community level or with substantial community input. We welcome joint</p>	Ongoing

	<p>applications from more than one organisation, although the application needs to be auspiced by a single incorporated organisation.</p> <p>For further information and application instructions, please visit: http://www.lawfoundation.net.au/grants/small</p>	
Sciences	<p><u>The Grains Research and Development Corporation (GRDC) Investment Plan 2010-11: Call for Tenders</u></p> <p>The Grains Research and Development Corporation (GRDC) Investment Plan (Open and Multi-stage Tenders) outlines some of the Corporation's new investment priorities for 2010-11. The GRDC partners with researchers and other investors to help drive innovation in the Australian grains industry and ensure that grain growers have the technologies to enable them to effectively compete in global grain markets.</p> <p>To access the full plan, a complete listing of GRDC's priorities and projects for tender and application information go to www.grdc.com.au/investmentplan.</p> <p>Please note that anyone intending to apply should notify us at rbsciences@adelaide.edu.au asap.</p>	28 Sept 2009
Sciences	<p><u>Dairy Australia: Research & Development Projects (Request for Applications)</u></p> <p>Dairy Australia accepts applications for R&D projects and applications are judged on the perceived benefits to the Australian dairy industry and potential for success. Dairy Australia will consider funding applications that address one or more of our Core Objectives (as set out in the Dairy Australia Strategic Plan):</p> <ol style="list-style-type: none"> 1. Increase farm productivity. 2. Maintain and develop high margin markets, channels and products. 3. Promote and protect the unique benefits of dairy. <p>Ideally the duration of projects is 1-3 years. Extended projects may be considered in exceptional circumstances. For further information and application instructions, please visit: http://www.dairyaustralia.com.au/Research-and-Innovation/Research-Funding/Applications.aspx</p>	23 Sept 2009
Sciences	<p><u>Rural Industries Research and Development Corporation: Invitation to Apply for Funding 2010-2011 (Preliminary Research Proposals)</u></p> <p>Applications for RIRDC funding and scholarships for 2010-11 are now open. The Rural Industries Research and Development Corporation invests in the knowledge needs of our three portfolio areas:</p> <ul style="list-style-type: none"> • New rural industries; • Specific established rural industries; and • Cross-sectoral national rural issues <p>RIRDC welcomes proposals that will meet the specific objectives, or a number of objectives, as outlined in the research priorities and in more detail in program Five-Year Plans. RIRDC encourages collaboration with other research providers to build the critical research mass necessary to meet their objectives.</p> <p>For further information and application instructions, please visit: http://www.rirdc.gov.au/researchers/researchers_home.cfm</p>	19 Sept 2009
Sciences	<p><u>ANZ Charitable Trusts: Holsworth Wildlife Research Endowment (ATF)</u></p> <p>Post-graduate students are invited to apply for funding from the Holsworth Wildlife Research Fund. Support will be given to projects in ecology, wildlife management and natural history studies. These grants will be renewable for a period of 2 to 3 years provided that the student maintains satisfactory progress. The value of the grant is up to \$7,500 will be awarded for the purchase of equipment, supplies, travel to study areas and conferences.</p> <p>For further information and application instructions, please visit: http://www.anz.com/aus/Invest-And-Insure/Product-And-Services/ANZ-Trustees/Apply-For-A-Grant/Named-Charitable-Trusts.asp#Holsworth</p>	24 Sept 2009

Multidisciplinary	<p><u>Australian Research Council: Australian Laureate Fellowships 2010 (UA Expression of Interest)</u></p> <p>In anticipation of the ARC's Funding Rules for Australian Laureate Fellowships for funding commencing in 2010, an Expression of Interest process will again be run.</p> <p>The EoI is to be prepared by the intending applicant, and endorsed by the appropriate Head of School and Faculty Executive Dean and returned to Research Branch by 18 September 2009.</p> <p>Further information on completing an Expression of Interest can be found on the RB webpage at: http://www.adelaide.edu.au/rb/arc/laureate.html</p>	18 Sept 2009
Multidisciplinary	<p><u>CSIRO Flagship Clusters: CSIRO Flagship Collaboration Fund</u></p> <p>The fifth round of Flagship Clusters offers collaboration opportunities in the following six key research areas of national interest. Specifications are available at: http://www.csiro.au/org/Flagship-Cluster-Applications.html#3</p> <p>The Flagship clusters fund a large scale of activity with an emphasis on people and partnerships working on a collection of projects relevant to a Flagship's goals. The Flagship clusters foster collaboration between CSIRO, universities and other publicly-funded research agencies.</p> <p>Flagship clusters will be funded for about three years at approximately A\$1million per annum from the Flagship Collaboration Fund. Co-investment from partner organisations is expected, at least matching the contribution from the Flagship Collaboration Fund.</p> <p>Applicants applying for funding for clusters should:</p> <ol style="list-style-type: none"> 1. read the relevant cluster specification details 2. read the Flagship Collaborative Research Program guidelines 3. discuss your proposed cluster application with the nominated Flagship contact before submitting an application 4. apply using the Flagship Cluster application form. <p>If you intend to apply, please email rb@adelaide.edu.au asap.</p> <p>Access CSIRO contacts at http://www.csiro.au/org/Flagship-Cluster-Applications.html</p>	18 Sept 2009
Multidisciplinary	<p><u>Australian Synchrotron Beamtime: Call for Proposals</u></p> <p>To apply for beamtime at the Australian synchrotron, applications can be submitted via an online proposal system.</p> <p>Proposals are peer reviewed for scientific merit by a specialist committee. The technical feasibility of the proposal is also reviewed. Proposals are then allocated time based on these reviews by the Proposal Allocation Committee (PAC) for each beamline. Please note that the number of trips that a researcher may participate in has been reduced to one per year. For further information and application instructions, please visit: http://www.synchrotron.org.au/index.php/features/applying-for-beamtime/how-to-get-beamtime</p>	28 Sept 2009
Multidisciplinary	<p><u>Australian Agency for International Development (AusAID) - International Seminar Support Scheme (ISSS)</u></p> <p>The International Seminar Support Scheme (ISSS) is an Australian Government small grants scheme administered by the Australian Agency for International Development (AusAID). ISSS supports attendance at international development-oriented seminars in Australia and overseas. ISSS is a discretionary scheme. Funds are limited and competition for them is very strong. AusAID will give priority to seminars that focus on:</p> <ol style="list-style-type: none"> 1. poverty reduction including, employment generation; 2. good governance, human rights and participatory development; 3. private sector development; 	Ongoing

4. sustainable improvement of production and productivity in agriculture and other sectors, including technology transfer;
5. economic policy reform, including trade and income-related issues;
6. health and population, particularly primary health and child and maternal health;
7. education, including adult literacy and distance education;
8. urbanisation and infrastructure development;
9. environment and development; and/or
10. peace, conflict and development.

Applications may be submitted up to 12 months in advance of the scheduled seminar date. For further information and application instructions, please visit: http://www.ausaid.gov.au/business/other_opps/issc.cfm

Faculty	Sponsor - Grant Title	Internal Due Dates
Health Sciences	<p><u>The Wenner-Gren Foundation: Dissertation Fieldwork Grants</u></p> <p>Dissertation Fieldwork Grants are awarded to aid doctoral or thesis research. The program contributes to the Foundation's overall mission to support basic research in anthropology and to ensure that the discipline continues to be a source of vibrant and significant work that furthers our understanding of humanity's cultural and biological origins, development, and variation. There is no preference for any methodology, research location, or subfield. The Foundation particularly welcomes proposals that employ a comparative perspective, can generate innovative approaches or ideas, and/or integrate two or more subfields.</p> <p>Dissertation Fieldwork Grants provide a maximum of US \$15,000 and the Osmundsen Initiative supplement provides up to an additional \$5,000 for a maximum grant of US \$20,000. Students must be enrolled in a doctoral program (or equivalent, if applying from outside the United States) at the time of application. Students of all nationalities are eligible to apply. For further information and application instructions, please visit: http://www.wennergren.org/programs/programs_show.htm?doc_id=367834&attrib_id=13234</p>	30 Oct 2009
Health Sciences	<p><u>The Wenner-Gren Foundation: Post-Ph.D. Research Grants</u></p> <p>Post-Ph.D. Research Grants are awarded to individuals holding a Ph.D. or equivalent degree to support individual research projects. The program contributes to the Foundation's overall mission to support basic research in anthropology and to ensure that the discipline continues to be a source of vibrant and significant work that furthers our understanding of humanity's cultural and biological origins, development, and variation.</p> <p>Post-Ph.D. Research Grants provide a maximum of US \$20,000 and the Osmundsen Initiative supplement provides up to an additional \$5,000 for a maximum grant of US \$25,000. Grants are for research expenses. Under special circumstances grants can be renewed to support longer-term research projects. Applicants can apply regardless of institutional affiliation, country of residence, or nationality.</p> <p>For further information and application instructions, please visit: http://www.wennergren.org/programs/programs_show.htm?doc_id=368389&attrib_id=13234</p>	30 Oct 2009
Health Sciences	<p><u>The Barth Syndrome Foundation, Inc. (BSF): Science & Medicine Research Grant Process (Request for Research Proposals)</u></p> <p>The Barth Syndrome Foundation (BSF) provides funding for research on the natural history, biochemical basis, gene product function and treatment of Barth syndrome. Value of the fund is up to \$40,000 for two years.</p> <p>BSF is most interested in providing "seed money" to be used by experienced investigators for the testing of initial hypotheses and collection of preliminary data</p>	23 Oct 2009

	<p>leading to successful long-term funding by NIH and other major granting institutions. In addition, we are especially interested in attracting new investigators to the very interesting field of Barth syndrome research.</p> <p>For further information and application instructions, please visit: http://www.barthysyndrome.org/english/View.asp?x=1635</p>	
H&SS	<p><u>The Rockefeller Archive Center: Special Grants to Support Research in the Paul Ehrlich Collection</u></p> <p>Through a generous gift the Rockefeller Archive Center has available funds to support short-term research in the Paul Ehrlich Collection at the Archive Center. Application to the Ehrlich grant program may be made at any time and, if judged worthy, awards will be made within a month of the receipt of the applicant's two letters of recommendation. Grant recipients must commence their research at the Center within one year of being notified of the award. Application to this program is open to U.S. citizens and citizens of foreign countries. For further information and application instructions, please visit: http://www.rockarch.org/grants/ehrllichgrant.php</p>	8 Sept 2009
H&SS	<p><u>The Academy of the Social Sciences in Australia: International Grant Schemes</u></p> <p>The Academy of the Social Sciences in Australia is now calling for applications for its International Grants Schemes. The Academy welcomes applications for Exchanges and Joint-action Projects involving travel in 2010 to:</p> <ul style="list-style-type: none"> ● United Kingdom ● France ● Netherlands ● China <p>The Academy of the Social Sciences International Grants Schemes offer grants of up to \$6,000 for individuals and internationally collaborative research teams, for use for travel and accommodation costs.</p> <p>For further information and application instructions, please visit: http://www.assa.edu.au/programs/international/international_grant_schemes.php</p>	30 Sept 2009

Health Sciences	<p><u>The Leukaemia & Lymphoma Society: Career Development Program (Letter of Intent)</u></p> <p>The Career Development Program offers the following awards:</p> <ol style="list-style-type: none"> 1. Scholar: Scholars are highly qualified investigators who have shown a capacity for independent, sustained original investigation in the field of leukaemia, lymphoma, and myeloma. Awards are for US\$110,000 per year for five years. 2. Scholar in Clinical Research: Scholars in Clinical Research who are expected to hold independent faculty-level appointments and who are conducting original, independent applied research, often involving early-stage clinical trials which will advance the prevention, diagnosis or treatment of hematologic malignancies. Awards are for US\$110,000 per year for five years. 3. Special Fellow: Special Fellows are researchers who hold a Ph.D., M.D. or equivalent degree and have completed a minimum of two years of clinical haematology, oncology, haematology/oncology or hematopathology training or postdoctoral research training in a clinical discipline. Awards are for US\$65,000 per year for three years. 4. Fellow: Fellows are promising investigators with less than two years of postdoctoral research training. Awards are for US\$55,000 per year for three 	8 Sept 2009

	<p>years.</p> <p>The Society welcomes applications from qualified investigators outside the USA; Applicants should hold a PhD, MD, DVM or equivalent degree. For further information and application instructions, please visit: http://www.leukemia-lymphoma.org/all_page?item_id=11618#grant</p>	
Health Sciences	<p><u>Memorial Sloan-Kettering Cancer Centre: Fellowship Program in Neuro-Oncology</u> The Fellowship Program in Neuro-Oncology offers a two- to three-year arrangement of clinical and research training for those who have completed an adult or pediatric neurology residency. Foreign medical graduates with equivalent qualifications are also eligible to apply. They must have completed all three of the USMLE examinations, a CSA exam, and hold a valid ECFMG certificate. For further information and application instructions, please visit:</p>	Ongoing
Health Sciences	<p><u>Cancer Research Institute: Postdoctoral Fellowship Award</u> The Irvington Institute Fellowship Program of the Cancer Research Institute, formerly the Cancer Research Institute Postdoctoral Fellowship Program, answers the need for more researchers in the field of cancer immunology. It supports qualified young scientists at leading universities and research centers around the world who wish to receive training in cancer immunology or general immunology.</p> <p>The fellowship provides stipends of \$45,000 for the first year, \$47,000 for the second year and \$49,000 for the third year. In addition, an allowance of \$1,500 per year is allotted to the host institution for use at sponsor's discretion to help pay for the fellow's research supplies, travel to scientific meetings or health insurance.</p> <p>For further information and application instructions, please visit: http://www.cancerresearch.org/Programs.aspx?id=242</p>	24 Sept 2009
Multidisciplinary	<p><u>Group of Eight (Go8): European fellowships</u> The Group of Eight offers eight annual fellowships to early career researchers in Europe to work in Go8 universities for up to six months. Each Fellowship is worth AUD 20,000. The Fellowships are open to eligible researchers in Latvia, Estonia, Lithuania, Poland, Hungary, the Czech Republic, Slovakia, Romania, Bulgaria and Croatia.</p> <p>The Go8 European Fellowship scheme recognises the importance of international contacts for early career researchers. It is envisaged that Fellows will continue to collaborate with Australian research partners when they return to their home institutions.</p> <p>For further information and application instructions, please visit: http://www.go8.edu.au/index.php?option=com_content&task=view&id=78&Itemid=174 or contact Paula Rosenbauer in the Research Branch at paula.rosenbauer@adelaide.edu.au.</p>	2 Oct 2009

Health Sciences	<p><u>Psychology Beyond Borders (PBB): 2010 PBB Mission Awards</u></p> <p>Psychology Beyond Borders is seeking proposals for the 2010 PBB Mission Awards. Projects of \$5,000 - \$15,000 (USD) will be funded with an expected project duration of one year (beginning January 2010). Psychology Beyond Borders' Mission consists of five key areas:</p> <ol style="list-style-type: none"> 1. Research 2. Psychosocial service delivery 3. Education 4. Public policy 5. Building a network <p>Psychology Beyond Borders seeks research and action-oriented projects that contribute to at least two of the five key areas of PBB's mission. Projects will be evaluated on the basis of how they contribute to the organization's mission and particularly key area # 1, research. Preference will be given to projects that combine research with more than one other key area.</p>	4 Sept 2009
