Technology Organisation

## Defence Science and Technology Organisation (DSTO) Scholarships in Radar Technology 2012

DSTO is offering up to 6 scholarships to students undertaking the Bachelor of Electrical and Electronic Engineering, Computer Systems Engineering or Avionics and Electronic Systems programs. These scholarships will provide financial assistance to students to assist in meeting educational and living costs and provide support to final year projects.

- Two scholarships of \$2,000 are to be offered for students in the second years of the above named degree programs at the University of Adelaide.
- Two scholarships of \$2,000 are to be offered for students in the third years of the above named degree programs at the University of Adelaide.
- Two scholarships of \$2,000 plus two \$1500 project allowances to be offered for students in the fourth year of the above named degree programs at the University of Adelaide. The project allowances will be paid to the University and are to be allocated to materials required for a project that has been determined by DSTO to be relevant to radar or radar-related technologies.

Students enrolled in Double/Combined programs including the relevant degrees are also eligible to apply provided they have completed all of the requirements for the year level at which the scholarship is being offered.

These DSTO scholarships are available to Australian citizens or Australian Permanent Residents who are undertaking a Bachelor of Electrical and Electronic Engineering, Computer Systems Engineering or Avionics and Electronic Systems program of study on a full time basis at the University of Adelaide as a Commonwealth supported student.

Selection for this scholarship will be made primarily according to academic merit. Scholarships will be awarded to the highest performing students in the preceding year, which will be assessed having regard to the student's cumulative Grade Point Average [GPA] for the preceding year/s and their stated interests. Choice of electives and project topics will also be taken into consideration for students entering into final year.

The scholarship must be taken up in the year in which it is offered: acceptance of the scholarship offer cannot be deferred.

**Applications close Friday 2 March 2012**

## APPLICATION FORM

This scholarship is available to students who are Australian Citizens or permanent residents of Australia and undertaking the Bachelor of Electrical and Electronic Engineering, Computer Systems Engineering or Avionics and Electronic Systems programs.

Please read the attached flyer to ensure you are eligible to apply before completing the application.

**Applications close Friday 2 March 2012**

### Personal Details

Student ID#								Date of Birth		Male <input type="checkbox"/>	Female <input type="checkbox"/>	
Title:	Family Name:						Given Names:					
Permanent Home Address:												
								State:	Post Code:			
Home Phone Number:												
Semester Postal Address:												
								State:	Post Code:			
Semester Phone Number:						Mobile Number:						
Email Address:												
Are you: <input type="checkbox"/> An Australian citizen <input type="checkbox"/> An Australian Permanent Resident <input type="checkbox"/> Other ( <i>please note, if you have ticked this box then you are ineligible for the scholarship</i> )												

### Academic Background Details

<b>Did you complete Year 12 at high school?</b> <b>If yes, what year did you complete Year 12 at high school?</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No .....
<b>Which school/college did you attend to complete your schooling:</b>	..... Name of school .....

	Address of school	State	Postcode
<b>Have you applied for University entrance through a Special Entry Scheme</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No		
<b>Have you undertaken other post-secondary study?</b> <i>(e.g. at a TAFE college)</i> <i>A copy of your academic records from TAFE or post-secondary institution must be provided.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No  If yes, please provide details of study undertaken and of the highest qualification you achieved <i>(eg Certificate IV in Business)</i> ..... .....		
<b>Have you already undertaken any tertiary study at an Australian University, or other higher education provider?</b> <i>A copy of your academic records from University or Overseas institution must be provided. Overseas documents should be accompanied by official translations and any documentation relating to the recognition of the qualification in Australia.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No  If yes, please provide details of your earlier study: ..... .....		
<b>Have you already completed a program of study equivalent to, or higher than, a Bachelor's award?</b> <i>A copy of your academic records from University or Overseas institution must be provided. Overseas documents should be accompanied by official translations and any documentation relating to the recognition of the qualification in Australia.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No  If yes, please provide details: Year completed: ..... Name of award: ..... Name of institution: ..... Country: .....		

### University Study Details

Which undergraduate program of study are you enrolled undertaking in 2012? <i>(e.g. Bachelor of Engineering (Avionics))</i>	
Which year of study will you be undertaking in 2012? <i>(e.g. second)</i>	
<b>Will you be undertaking full-time* study at the University of Adelaide as an internal student on the 31 March 2012?</b> <i>* Full time study means that you are undertaking at least 75% of the maximum full time student course load (at least 9 units per semester).</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Have you received any other University prizes, awards or scholarships? If yes, please provide details: .....	Yes <input type="checkbox"/> No <input type="checkbox"/>

### Personal Statement

Please provide a short statement to support your application for a DSTO Radar Scholarship. The statement will be used to assess your interest and commitment to pursue radar and radar related technologies as a career option.
