Group statistics

Group Statistics allows users to review data for individuals and groups such as:

- · Total publications per year
- · Average publications per user by year
- · Publications by citation count
- · Users' yearly publication rates vs. average
- H-Index
- Journals (by frequency)
- · Top cited publications

Group Statistics will be available dependent on your access rights in the system. Heads of School and School Managers should have access to run these reports for their Faculty or School. If access is not currently available, you can apply via aurora@adelaide.edu.au

Aurora blogs on Reports

Select groups and users	•
1. Select users	
Name (surname first):	
Users	
You have not selected any users	
2. Select groups	
Checkboxes only appear next to those groups for which	h you have statistician rights.
Controlled Entities	
* Division of Deputy Vice Chancellor and Vice Presid	ent (Academic)
