CORPORATE PARTNERSHIP

ThincLab Adelaide works with an extensive network of partners to help entrepreneurs launch and grow innovative companies that are building our future.

Opened in July 2017, our Adelaide HQ is home to more than 50 new ventures in a diverse range of industry sectors including: health, agriculture, aerospace, automotive engineering, environment, energy, digital gaming, science communications, and food and beverage.

ThincLab members benefit from commercial offices space open 24/7, expert advice from our Entrepreneur in Residence, access to 40+ industry mentors, prototyping studio, a free legal clinic, and monthly skills development workshops.

Building on our domestic success, ThincLab has expanded into a global network with sister-sites now established in France and Singapore. The network provides a pathway for South Australian high growth enterprises looking to expand into European and Asian markets, and in turn attract new business to Adelaide.

The team at ThincLab are passionate supporters of the South Australian innovation ecosystem and believe our strength lies in collaboration.

If your business subscribes to the same philosophy join us as a Corporate Partner:

SPONSOR A MEETING SPACE

“Place matters” at ThinLab Adelaide where great minds meet to launch and grow innovative companies.

Our Adelaide HQ, opened in 2017, is home to 50+ new ventures in a diverse range of industry sectors incorporating more than 150 active members.

It is also the meeting place for local, national and international entrepreneurs, government, industry, venture capital, investors and academics, and a popular networking event venue.

If these walls could talk, they would recount the development of innovative ideas, animated negotiations and intense business planning.

Sponsoring one of our four great meeting spaces is an easy way to be recognised as a supporter of the South Australian innovation ecosystem.

Be quick, there are only 4 sponsorship opportunities available, valid for 12 months each. The front meeting rooms face the kitchen zone and see the highest public traffic. The video conferencing rooms are the most popular for pitches and presentations.

**FRONT MEETING
(2) AVAILABLE
\$6000 +GST / YEAR**

**VIDEO CONFERENCING
(2) AVAILABLE
\$3000 +GST / YEAR**

Exclusive Naming Rights of the Room
