Introduction

This guide will assist you in clearing your cache, cookies and temporary internet files from Mozilla Firefox. Please be warned that this will clear any active logins to website and saved passwords. This process cannot be undone.

Procedure

1. In Firefox, select the settings Icon in the top right ( ⬙)
2. Select History > Clear Recent History
3. Select Time range to clear: Everything.
4. Ensure all checkboxes are checked.
5. Click Clear now.
