**1 Welcome and Apologies**

Apologies were noted as above. Dave welcomed Steve Benson who is representing the PVC I area and Simona Padvelskyte who is now representing the PVC(SE) area.

**2 Confirmation of Minutes**

Minutes of the meeting held on 12 February were accepted.

**3 Safety Performance of the Division**

The committee noted the report.

Paul advised that it had been a very quiet quarter with very few incidents reported.

Overdue actions have now been closed.

There were no workcover claims for this quarter.

Traffic light report is currently green.

It was noted that due to most staff working from home there have been some reports of soft tissue injuries as people may not have an ergonomic set up at home. Staff should speak to their

supervisors in the regards to what equipment can be brought from the office to home to make it more comfortable for example chairs and footstools.

Paul asked everyone to check Att A and report any discrepancies or gaps to HR.

Simona asked about First Aid training and Paul advised that the HSW team have a list of trainers and that the local area should pay if training is required.

**4 Effectiveness of safety processes in the Division.**

It was noted that the SPE is up to date.

**5 Annual Hazard Review**

<https://www.adelaide.edu.au/hr/hsw/intranet/docs/dd-report-q2-2019.pdf>

<https://www.adelaide.edu.au/hr/hsw/docs/haz-man-annual-hazard-review.docx>

All areas have now provided their annual Hazard Reviews. It was noted that the links above are not working so Paul will resend.

**Action: Paul to resend the links**

**6 Are there any safety concerns that staff representatives want to raise?**

Paul reported that SA Health had been working with the University for a safe return to campus. Information is being provided to the highest level but will apply to all areas.

**7 Key changes to Divisional safety processes that need noting or discussion**

Linda reported that she had conducted a new staff induction online and that it had gone well.

**8 Any Other Business**

Simona asked if the Cog would have a deep clean before staff possibly return in June as there have been staff hotdesking in the area. Paul advised that there will be staged opening of buildings and areas so that thorough cleaning can take place. Areas that are open plan may need to be reconfigured so that staff have the 1.5 metre space between them.

As the actions were not discussed during Item 2 they were discussed under this item and the outcomes recorded below.

**Actions:**

Item	Action	Responsibility	Progress
2	Contact PVC(I) to nominate a rep for the Committee	Rosemary Gibbon	Completed
3	Clarify with HR as to whether they or staff upload Child safety certificates and to send around instructions on how to upload to SSO	Paul Roberts	Completed Paul advised that it's up to individuals to upload their credentials to SSO in the profile section.

Subject 3<sup>rd</sup> HSW Report – 2020

Date 17<sup>th</sup> July, 2020 Ref

This report is prepared by the Senior HSW Advisor for the Divisional HSW Committee based on the data within UniSafe, HSW Internal Audit outcomes and workers compensation data. The intention of the report is to enable discussion by the Divisional HSW Committee of the safety outcomes for the Division.

## 1. UniSafe Safety Reporting Data

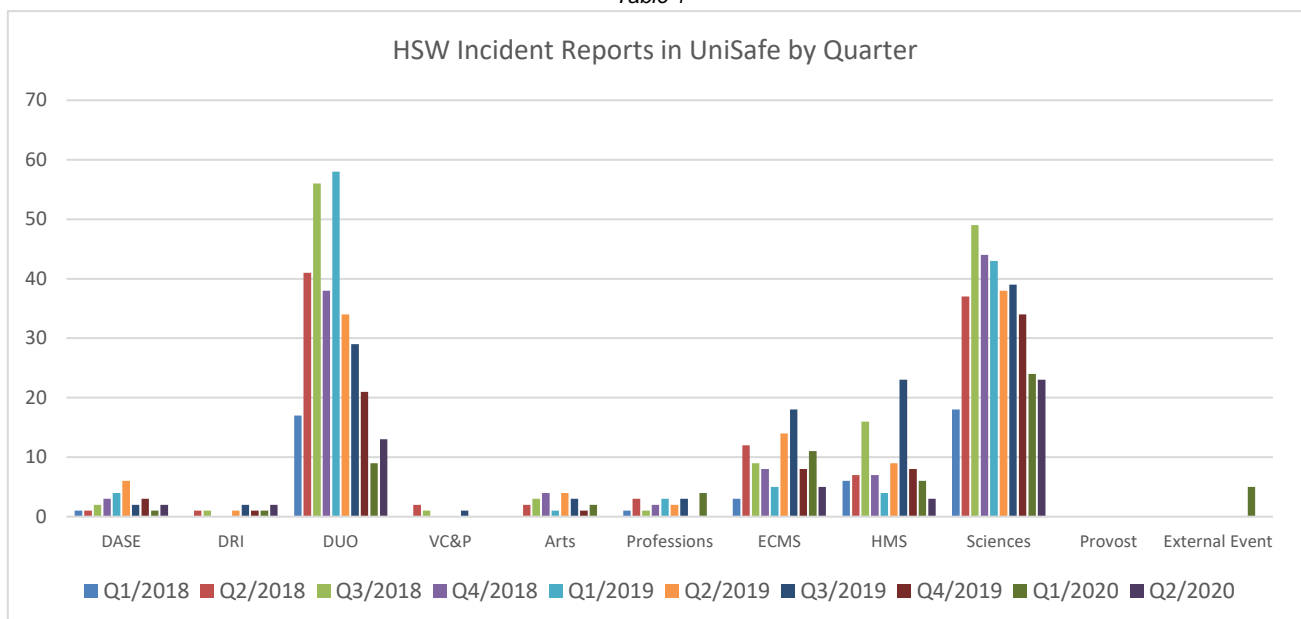

During the second quarter of 2020, DASE had two (2) incident reported in Unisafe. This remains consistent with its customary reporting profile, which is 2-4% of reports for the University.

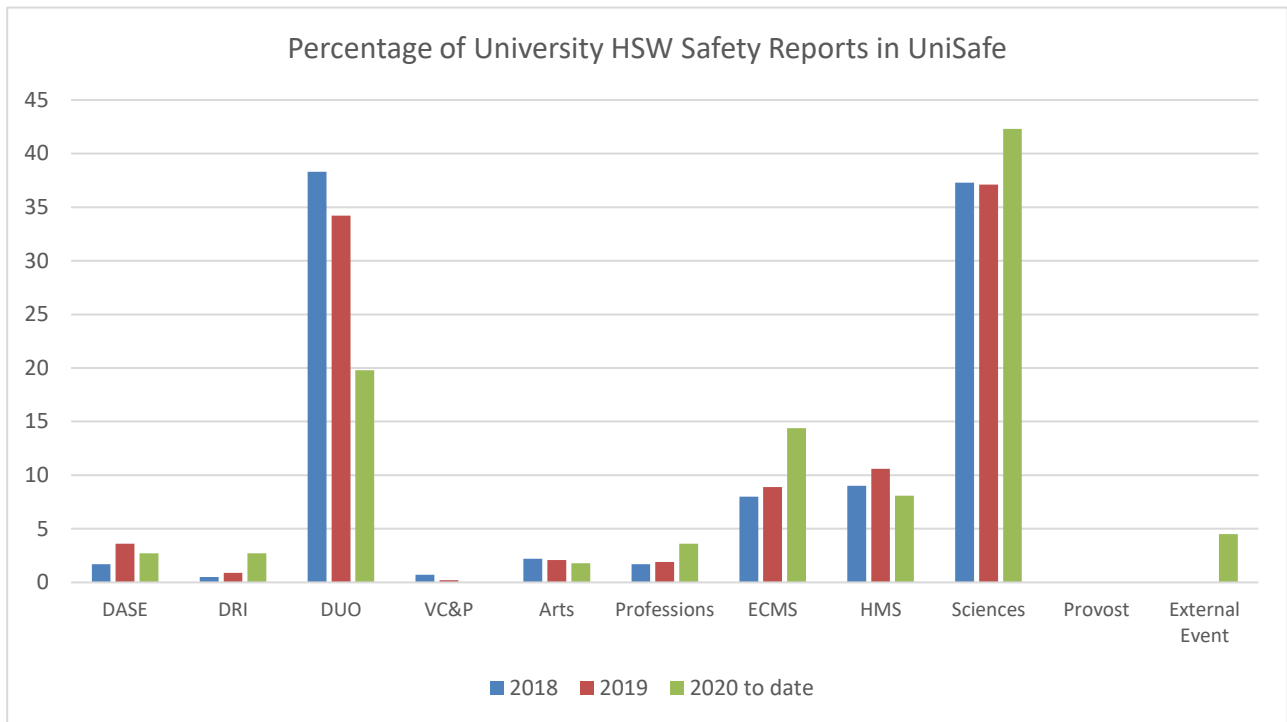

Reporting safety issues and concerns in Unisafe is vital for a number of reasons, these are

1. UniSafe provides essential information that, when analysed, lets the University know how effective its HSW management systems are in identifying hazards and eliminating or controlling them to minimise the risk to our staff, students, contractors, visitors and members of the public.
2. It remains the most effective way to inform HSW professionals at the University who can quickly assist supervisors and managers respond, ensuring our continued compliance with HSW procedures.
3. It documents the University's actions aimed at preventing further occurrences.

As staff and students return to campus for Semester 2, they should be reminded and encouraged to have the smartphone app downloaded and to use it to report hazards they identify in the workplace, incidents or injury as well as any public health concerns relating to the COVID-19 guiding principles set out by the University.

Table 1

During the last 3 months, a higher than usual volume of guidance documents and information have been produced on the University's response to COVID-19. A summary of key documents and webpages is provided here for supervisors and managers to remind staff of their location and importance. It is hoped that staffs' familiarity with these will address and answer the majority of questions they might have.

**2. UniSafe Overdue Corrective Actions Data**

There are currently no overdue in UniSafe for DASE.

### 3. Workers Compensation Data

The total number of workers compensations claims to the end of Q2 2020 was 11 compared with 20 for the first half of 2019. In Q2 2020, 6 claims were from Health & Medical Sciences and 3 were from Sciences. For 2019 there were 39 claims and of these, 44% of claims were in the Faculty of Sciences and 18% were in Controlled Entities such as National Wine Centre and Adelaide Unicare. For 2018 there were 38 claims and of these 45% were in the Faculty of Sciences.

### 4. HSW Internal Audit Outcomes

There were no internal audits performed in DASE during Q2 of 2020.

### 5. HSW Handbook chapters revised in the last quarter

The following table is provided to allow discussion on impending consultation or implementation issues resulting from new procedures or advice.

New/Revised Handbook Chapter/FAQ's	The key changes to the chapter for noting are -
<b>Managing HSW in the work environment (including infrastructure and facilities)</b> Out for consultation.	<b>This chapter aims to fill a gap in our current HSW processes in regard to workspaces, the work environment and facilities by defining responsibilities to ensure that:</b> <ul style="list-style-type: none"> <li>workers and students do not alter, modify, penetrate, change or remove any University owned or leased infrastructure without permission from the University's Infrastructure Branch;</li> <li>the University's infrastructure is only used in the way that it is intended;</li> <li>there is a traffic management plan for each University campus to manage the interaction between vehicles and pedestrians (including events) and the University community is aware of the plan;</li> <li>the work environment (e.g. space, lighting, air-quality, access and egress, facilities (including for those workers with special needs or disabilities) is managed; and</li> <li>access to spaces that are inherently hazardous or that contain hazardous items are managed (e.g. mobile plant, roof tops, biological hazards, power distribution boards, chemicals).</li> </ul>
<b>HSW Handbook chapters in draft</b>	<ul style="list-style-type: none"> <li>Plant/Equipment Safety Management</li> <li>Chemical Safety Management</li> <li>Drone Safety Management</li> </ul>
<b>FAQ's currently in DRAFT</b>	<ul style="list-style-type: none"> <li>Confined Spaces</li> <li>Hot work (Heat or spark producing activities)</li> <li>Fume cupboards</li> <li>Air and health monitoring</li> <li>PPE – Eye and face protection</li> </ul>

### 6. Draft DASE Traffic Light Report (Q3 2020)

The traffic light report (attached) is based on the information recorded by the incident investigator in UniSafe and the findings from HSW internal audits. Where actions are decided to address breaches of a HSW handbook chapter - and are completed - the traffic light report will be flagged as Green A. However, no recorded actions or outstanding actions will be recorded as Amber or Red depending on the due date of the action. This does not include Safety Reviews undertaken by the HSWO's. Therefore, it is important that the traffic light report is discussed within the Divisional safety committee meeting, to ensure that it is correct.
