Proxies: None

In Attendance:

1 Welcome and Apologies

Apologies were noted as above.

2 Confirmation of Minutes

Minutes of the meeting held on 5 May 2021 were accepted.

3 Safety Performance of the Division

The report was noted by the Committee.

4 Effectiveness of safety processes in the Division.

SPE updates are in the box file.

Action: Contact Rosemary and confirm if tasks have been done or if they need to be moved to another date.

5 Are there any safety concerns that staff representatives want to raise?

Steve reported that there had been some issues with the volume of emergency alerts in the Kenneth Wills Building, this has been raised in UniSafe. Confirmation has now been received that the volume has been increased to its maximum.

Angela flagged that there is limited awareness of the Fire warden / Chief Warden

Register following the move of Learning and Quality (LQS) team from RMP to Hughes. Paul advised that this has been raised as part of the return to work process as it's been observed that Security and Infrastructure need to be on top of this. Similar issues have been noted at Roseworthy and Waite campuses as well.

It was noted that in the event of a fire or need to evacuate, the buildings will automatically go into evacuation mode. There is a back up plan where Security will respond to the nearest buildings.

6 Key changes to Divisional safety processes that need noting or discussion

No changes have occurred that need to be discussed.

7 Any Other Business

Electrical Testing

The Information sheet re Electrical Testing and Tagging was noted.

RMP leaders will coordinate to conduct electrical testing for Levels 3 and 4 once reshuffles have been completed. Research branch testing will occur prior to the reshuffling as they will be moving out of RMP.

It is recommended that where teams / areas can proceed with testing and tagging from now on they should do so as the eTag company have limited staff and so it could get very busy in November and December if everyone is trying to meet the end of year deadline.

Safe Work SA have made some general observations but there had been no breaches across all of the campuses. The report will be completed soon.

8 Next Meeting

The next meeting is scheduled to be held on Wednesday 3 November at 10:00 am via zoom.

The University's application to re-new its self-insurance licence has been approved by RTWSA for a further 5 years as a result of its recent evaluation.

2. UniSafe Overdue Corrective Actions Data

There are no overdue actions in UniSafe for DASE.

3. Workers Compensation Data

The total number of workers compensations claims to the end of Q3 2021 was 18 compared with 24 for the same period in 2020. For the first three quarters of 2021 7 claims were from Faculty of Sciences, 3 were from Faculty of Arts and 3 were from Controlled Entities

4. HSW Internal Audit Outcomes

There were no internal audits performed in DASE during Q3 of 2021.

NOTE: All areas should note that Electrical Testing and tagging will be audited in the first quarter of 2022 to ensure they are compliant with the requirements of the [Electrical Safety Management Handbook Chapter](#).

5. HSW Handbook chapters revised in the last quarter and items to note

The following table is provided to allow discussion on impending consultation or implementation issues resulting from new procedures or advice.

	Key information summary
Health and Safety Representative and HSW Consultation	<p>This new chapter brings together current processes that were previously documented and communicated on the University's HSW web site. The new chapter outlines:</p> <ul style="list-style-type: none">• Supervisor responsibilities to consult with relevant workers on HSW matters such as when identifying hazards and assessing risks to health and safety and when proposing changes that may affect the health or safety of workers; and• Head of Faculty responsibility to maintain an HSW Committee to support consultation with elected HSRs, worker and management representatives; and• The process for the election of HSRs and guidance on their role, powers, functions and training entitlements under the WHS Act 2012 and WHS Regulations 2012; and• The University's dispute avoidance and settlement procedure for HSRs. <p>Please note that information sheets (frequently asked questions), the HSR portal and other web based information (as linked in the chapter) will be uploaded to the HSW website in due course providing additional information and guidance on consultation processes and the role of HSRs.</p>
Human Resources staff wellbeing program	<p>Wellbeing is the ability to feel good and function effectively in all aspects of our lives. Human Resources have a number of resources and events available free to all fixed term, casual and continuing staff for the remainder of 2021</p>

6. Draft DASE Traffic Light Report (Q3 2021)

The traffic light report (attached) is based on the information recorded by the incident investigator in UniSafe and the findings from HSW internal audits. Where actions are decided to address breaches of a HSW handbook chapter - and are completed - the traffic light report will be flagged as Green A. However, no recorded actions or outstanding actions will be recorded as Amber or Red depending on the due date of the action. This does not include Safety Reviews undertaken by the HSWO's. Therefore, it is important that the traffic light report is discussed within the Divisional safety committee meeting, to ensure that it is correct.
