ARŪNAS (ARI) PETRAS VERBYLA

B. Sc (Hons) (Melb), M. Sc. (Melb), Ph. D. (Adel), AStat

June 27, 2007

- Establishment of **BiometricsSA**, joint University (Faculty of Sciences) and State Government (South Australian Research and Development Institute) group. Under my leadership, BiometricsSA grew from 4 staff in July 1997 to 14 staff (11 Full-time equivalent, FTE), 10 postgraduate students (6.5 FTE), and \$350,000 p.a. in research grant income in 2004.
- First author of a read/discussion paper in *Applied Statistics*, presented at a special meeting of Royal Statistical Society at the International Biometric Society Conference, Cape Town, South Africa, December, 1998.
- Invited Speaker, Biometrics 2007, Biennial meeting of the Australasian Region of the International Biometric Society, December, 2007.
- Invited speaker, Brazilian Region of the International Biometric Society, Sao Paulo, July, 2001: unable to attend because of illness.
- Invited speaker, International Statistical Institute, Seoul, South Korea, August, 2001: unable to attend because of illness.
- Invited speaker, International Biometric Society Conference, San Francisco, USA, July, 2000.
- Invited speaker, COMPSTAT2000, International Conference on Computational Aspects of Statistics, Utrecht, The Netherlands, August, 2000.
- Invited speaker, International Statistical Modelling Workshop, New Orleans, July 1998.
- Invited speaker, International workshop on Linear Models and Multivariate Analysis, Oberwolfach, Federal Republic of Germany, November 1990: unable to attend because of financial constraints.
- Invited speaker, Australian Statistical Society Conference, Monash University, Melbourne, July, 1994.
- Invited speaker, STATCOMP 93, University of Wollongong, September, 1993.
- Invited speaker, Symposium on the analysis of longitudinal data from designed experiments, Sydney, October, 1984.
