

Anatomy Workshop for Surgical/Radiology Trainees
Head and Neck Workshop
Provisional timetable 4th March – 13th May 2020
6:00pm – 9:00pm Wednesdays

Venue: Lectures: Room SG25, Ground Floor, Medical School South Building. **Practicals:** Anatomy Museum, Room SG25 and Ray Last Anatomy Laboratory, Medical School South Building, University of Adelaide

The anatomy workshop for Surgical / Radiology Trainees utilises interactive approach in tutorials, dissecting room practical sessions and museum tasks. **The tutorials** are interactive, using colour coded diagrams and images for which participants need a set of fine tip coloured pens. The **dissecting room practical sessions** offer a hands-on opportunity to study dissected cadavers for in-depth knowledge of bones, muscles, joints, nerves and blood vessels. The **museum practical sessions** offer structured tasks to consolidate knowledge assisted by video recordings for which participants need an iPad or laptop computer.

Workshop material: candidates will receive a comprehensive set of notes and a study guide.

A certificate of successful completion will be issued upon passing an exit examination and mandatory attendance of 80% of the sessions.

Recommended textbook:

Sinnatamby, C.S. *Last's Anatomy. Regional and Applied*, Churchill Livingstone.

Other sources:

Moore, K. L. (2014). *Clinically Oriented Anatomy*, 7th Edn, Lippincott Williams and Wilkins.

Hansen, J. T. (2010). *Netter's Clinical Anatomy*, 2nd Edn, Saunders

Rohen, J.W., Yokochi, C. & Lütjen-Drecoll, E. (2010).. *Color atlas of anatomy*, Lippincott Williams & Wilkins.

Agur, A.M.R. & Dalley A.F. (2013). *Grant's Atlas of Anatomy*, Lippincott Williams and Wilkins.

Module materials: Candidates will receive a comprehensive set of notes and a set of MCQs, study guide and series of videos to explain the museum tasks. A certificate of successful completion will be issued upon passing an exit examination and mandatory attendance of 80 % of the sessions.

Session	Wednesdays, Dates	Time
1	04/03/20	6:00-9:00pm
2	11/03/20	6:00-9:00pm
3	18/03/20	6:00-9:00pm
4	25/03/20	6:00-9:00pm
5	01/04/20	6:00-9:00pm
	08/04/20	No teaching
6	15/04/20	6:00-9:00pm
7	22/04/20	6:00-9:00pm
8	29/04/20	6:00-9:00pm
9	06/04/20	6:00-9:00pm
10	13/05/18	6:00-9:00pm

Topics:

Skull, Face and Scalp, Cranial cavity, meninges, foramina and contents, Orbit and contents, Ear, Nose and paranasal sinuses, Larynx and pharynx, Parotid region and other salivary glands, TMJ and muscles of mastication, Neck topography and fascial plane, prevertebral region, thyroid and parathyroid, carotid sheath, vessels and nerves, triangles and root of the neck. Cranial nerves central nuclei and peripheral distribution.
