

Receipting -Amount Only

Introduction

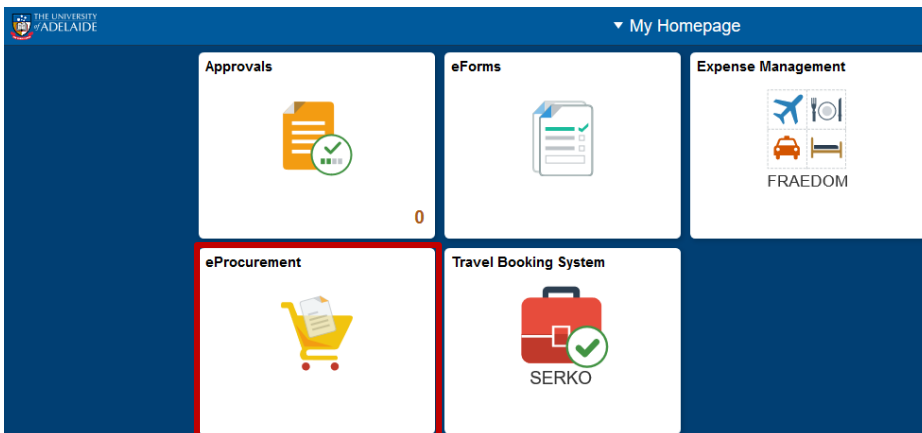

When a supplier provides their service or consultancy for an amount only requisition, you are required to Receipt the Purchase Order it in the Finance System.

The terms "receiving" and "receipting" are often used interchangeably. Within the University these terms are defined in the following way:

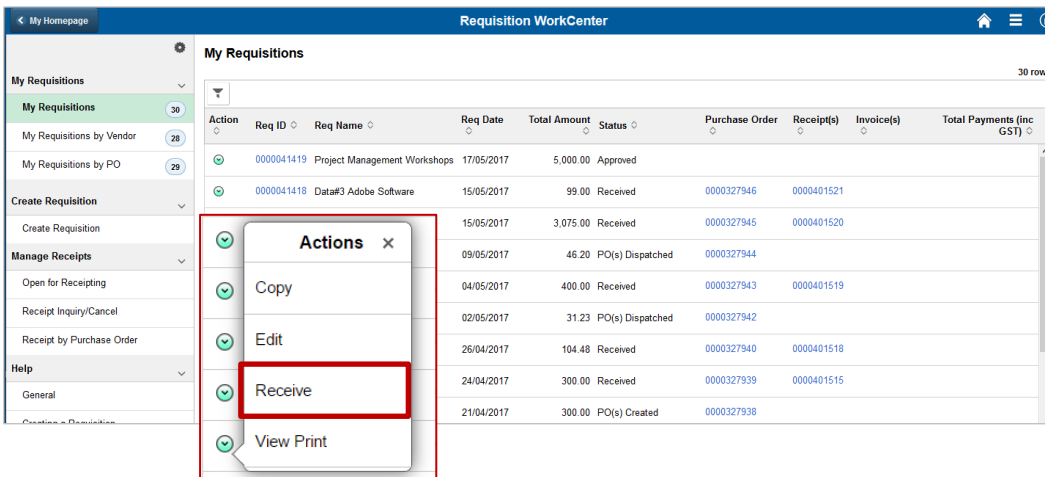

- **Receiving** is the action of accepting delivery of goods or service(s).
- **Receipting** is the action of creating a receipt within eProcurement to inform the University that the goods/service(s) have been received as expected and the associated invoice can be paid.

Procedure

1. From **My Homepage** click the **eProcurement** tile

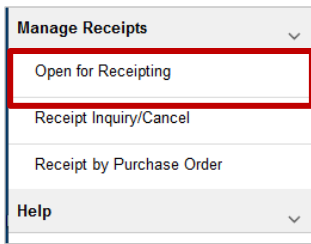

2. If you know the requisition details click the green Action arrow for it and click **Receive**
