

# Career and Research Skills Training (CaRST) English Language Series for HDRs

THE UNIVERSITY  
of ADELAIDE

## English Language Centre Series

Presented by the English Language Centre, this series of workshops focuses on the preparation of the research proposal and the appropriate language of academic writing. These workshops are best suited for international students and students with English as a second language; however, all students are welcome to attend.

These three workshops are designed to be completed together, so please consider attending all three trainings.
