Joint Research Engagement (JRE) Cadetship Grants Conditions of Award

The JRE Engineering Cadetship Grants support the research and research training activities of higher degree research (HDR) students who are enrolled in a program in relevant areas of engineering and science. Students must be participating in a Cadetship with a business that requires involvement in Research & Development (R&D) activities. This initiative is funded by the Australian Government through the Department of Industry Innovation, Science, Research and Tertiary Education.

Eligibility Criteria

Nominated student must be:
- a domestic student; and
- enrolled on a full time or part time basis; and
- undertaking a PhD or Master of Philosophy; and
- in receipt of a Research Training Scheme (RTS) funded place; and
- engaged in a Cadetship

Awarding of a Cadetship Grant shall be made on the recommendation of the Associate Dean, Research, based on the level and relevance of the applicant's involvement in R&D activities. A Cadetship Grant is valued at $5,446 per annum to cover costs associated with field work, conference, software, training and equipment and is tenable for up to four years for PhD, and up to two years for Master of Philosophy candidates.

Completed applications can be submitted with the appropriate employer certification at any time. Applications are open until filled.
