Application for Change of Faculty / School / Discipline

Division of the Deputy Vice-Chancellor and Vice-President (Research)

Adelaide Graduate Centre

Note. In compliance with the RTP guidelines, it is not possible to make retrospective changes to candidature details across the reporting dates of 30 June and 31 December.

Please read this before you complete this form

A change of Discipline, requires the agreement of both the Disciplines. In this case, signatures from both Heads of Disciplines involved are required. The new Head of School or Discipline should complete the form in consultation with the student to ensure that the necessary facilities and resources will be available for the duration of the program.

All applications must be endorsed by both the existing and the new Head of School

Supervisors

All Higher Degree Research students must be supervised by a panel comprising a principal and at least one co or external Supervisor. The principal supervisor has the primary responsibility for supervision and must be a member of the academic staff of the School/Discipline in which the student is enrolled, or, titleholder (excluding visitors) with that School/Discipline. A co-supervisor may be an academic employee from any University School/Discipline (including a titleholder (excluding visitors)). An external supervisor (including visitors) has no formal or official association with the University and does not have affiliate or adjunct status. A maximum of three supervisors is allowed on any one student's panel with the principal having a minimum of 60% and co-supervisors 20%.

International Students should seek advice from International Student Support before applying for any amendments to their candidature because any such amendments may result in changes to their fees and/or visa requirements. Applications by international students require authorisation (for tuition and visa matters) by the International Student Support before the Graduate Centre can consider them.

Sponsored Students please note that where there are fee implications, approval of changes to candidature will not proceed without the sponsor's approval. You will need to allow sufficient time for this approval to be sought, prior to the date the requested change to candidature become effective.

Scholarship holders should refer to the conditions of their awards.
