

University of Adelaide – University of Nottingham Joint PhD programs in Global Health and Wellbeing

International Students

Making an Application, you must currently be onshore in Australia or the United Kingdom.

Applicants are required to lodge a **separate** online **Admission and Scholarship** application for each project they wish to be considered for. To submit a second application, you will be required to register as a new applicant via [Apply Now](#) using a different email address than in your first application.

In the study preference section you must select Joint Award and indicate University of Nottingham in the other institution section.

Jointly-Awarded Programs

Programs that are Jointly-Awarded with international collaborators (including Cotutelle) are also available to approved University of Adelaide international research students. Applicants should review the rules concerning participation in Cotutelle or other Jointly-Awarded programs as well as the relevant information sheet provided in the Research Student Handbook prior to contacting the Dean of Graduate Studies. An offer of admission to a Jointly-Awarded program will not be forwarded until all conditions are met.

I am applying for a Jointly-Awarded program *

Other Institution Name

Location of Institution

[Add Second Preference](#) [Next](#)

The project ID and title must be included in the Research Interests field within the online application form. There is a limit of one project per application.

Example: GHW-01 The role of local microbiota in the aetiopathogenesis of oral squamous cell carcinoma

Research Interests & Proposal

Please give details of your research interests and proposal.

[More Information](#)

Research Interests

Please provide a brief statement of your research interests: (maximum 50 words) *

Exploring the Paleozoic Warburton-Amadeus Depositional System with Novel Isotope Techniques: New Constraints on Chronostratigraphy and Thermal History of the Basins

Research Topic

Please provide details of your research topic: (maximum 15 words) *

See above

You will also be required to include the name of the supervisor leading the project as follows:

Proposed Supervisor at The University of Adelaide

Before lodging the application, you must establish contact with a prospective supervisor who has indicated the relevant department/school's willingness to supervise the proposed research project.

Evidence of this communication must be uploaded in the *Document Upload* section of this application.

Supervisor Name *

Supervisor's School/Discipline *

Required Documents for upload

Applicants must complete the online application form and upload all requested documentation. Where you are applying for more than one project, you must create a separate application and upload your documents into each application.

- Supervision confirmation – please upload a pdf version of the email received from the supervisor confirming supervision to apply for the Joint Nottingham PhD Program
