

BreastScreen SA

Caring for women from ocean to outback

Come and see us at our Frome Road Clinic

Did you know...

- > BreastScreen SA has been providing breast cancer screening services to the women of South Australia for more than 20 years.
- > Our highly-skilled female radiographers are sensitive to the needs of all women.
- > An appointment takes as little as 10 minutes with our new digital equipment.
- > Make your health a priority – have a screening mammogram every two years, as early detection is vital.
