Item	Action	Responsibility	Progress
4	Contact Rosemary and confirm if tasks have been done or they need to be moved to another date.	All	Completed

**3 Safety Performance of the Division**

The report was noted by the Committee.

Paul reminded the committee that reporting hazards is a positive and is to be encouraged. Reports should be made via UniSafe and photos of the hazard can be attached.

Committee members should take the time to read the revised handbook chapter – *Health and Safety Representative and HSW Consultation* as it provides guidance for HSRs such as what their powers and functions are, how they are elected and other useful information.

It was noted that most areas have either completed or are in the midst of organising electrical testing and tagging which is required to be completed by the end of the year.

Paul highlighted that in the training report there is some training showing as lapsed. If this is due to staff no longer performing the role, ie First Aider or Floor Warden then they should delete it from their SSO.

#### **4 Effectiveness of safety processes in the Division.**

Dave advised that due to the Organisational Structure Change, potentially there may be some staff changes that will impact HSOs and the committee. He asked Paul if there had been any university level discussions about this. Paul advised that the HSW Team have had some broad discussions about this and what are the key principals that they will need to be mindful of if the changes go ahead. The reporting line will be centralised but staff will still stay on campus. The advisory function will stay on North Tce, with regular visits to Waite and Roseworthy. There will be a transition period and close attention will be paid so that nothing “breaks” or that key systems stop functioning. Structural changes won’t happen rapidly.

It is suggested that if areas have annual assessments coming up that normally occur in January or February, such as provision of First Aiders or Floor wardens, that these don’t take place till after the end of March so that staff are not appointed to roles that they may then leave.

#### **5 Are there any safety concerns that staff representatives want to raise?**

No safety concerns were raised.

#### **6 Key changes to Divisional safety processes that need noting or discussion**

No changes have occurred that need to be discussed.

#### **7 Any Other Business**

Dave advised that this was his last meeting as he is retiring at the end of the year. He thanked everyone for their ongoing commitment to the Committee. The committee thanked Dave for his leadership over the years.

#### **8 Next Meeting**

Meeting dates for 2022 have not yet been set.

Table 2 - Percentage of Safety Reports In UniSafe

HSW Incidents for DASE during Q4 2021.

Incident ID	Area	Date Incident Occurred	Injury	SafeWork Report?	Status
2084	University Library	8/11/2021	Yes	No	Closed
	wheeling the returns box to the workroom, IP was pulling it towards them and it lifted up and landed on their ankle which then cut their skin.				
2091	University Library	12/11/2021	No	No	Closed
	The returns box lid on level 3 Barr Smith Library is broken and slams shut and has the potential to injure the user.				
2114	Student Life	26/11/2021	No	No	Closed
	During an emergency evacuation of the Hughes Building, a number of failures were identified that related to personal evacuation plan to assist workers with mobility issues.				

## 2. UniSafe Overdue Corrective Actions Data

There are no overdue actions in UniSafe for DASE.

## 3. Workers Compensation Data

The total number of workers compensations claims to the end of Q4 2021 was 25 compared with 28 for the same period in 2020. During 2021 Faculty of Sciences 8, Health Sciences 1, Engineering and Maths 2, Arts 4, Academic & Student Services 1, Research & Innovation 1, University Operations 1, External Engagement 3, Controlled Entities 4.

#### 4. HSW Internal Audit Outcomes

There were no internal audits performed in DASE during Q4 of 2021.

NOTE: All areas should have completed electrical testing and tagging by the end of to ensure they are compliant with the requirements of the [Electrical Safety Management Handbook Chapter](#).

#### 5. HSW Handbook chapters revised in the last quarter and items to note

The following table is provided to allow discussion on impending consultation or implementation issues resulting from new procedures or advice.

## 6. Draft DASE Traffic Light Report (Q4 2021)

The traffic light report (attached) is based on the information recorded by the incident investigator in UniSafe and the findings from HSW internal audits. Where actions are decided to address breaches of a HSW handbook chapter - and are completed - the traffic light report will be flagged as Green A. However, no recorded actions or outstanding actions will be recorded as Amber or Red depending on the due date of the action. This does not include Safety Reviews undertaken by the HSWO's. Therefore, it is important that the traffic light report is discussed within the Divisional safety committee meeting, to ensure that it is correct.

### Note below all exceptions to "Green" appearing in the Traffic Light report

--	--

<b>GREEN</b>	No compliance issues with the HSW Handbook
<b>Green 'A'</b>	In the last quarter action had to be taken to rectify an issue of non-compliance with the HSW Handbook that was identified reactively through either an incident investigation or an HSW audit (Do not indicate an A for proactively identified issues)
<b>AMBER</b>	Action is required to address a compliance issue that is expected to be rectified by the next HSW Traffic Light Report.
<b>RED</b>	Action is required to address a compliance issue that is unlikely to be rectified by the next HSW Traffic Light Report.
<b>N/A</b>	Not applicable

## **7. Other Safety related items**

### **Update of COVID FAQ's for Staff and Students.**

The HSW Central team has updated COVID FAQ's, in line with Government and SA Health advice, for a range of key questions that staff and students are likely to ask as we return to campus in 2022. A selection, with links to their answer, is provided below.

- [Is vaccination a requirement to attend Campus/a University Workplace?](#)
- [What should I do if I test positive; am a close contact or have symptoms of COVID-19?](#)
- [I have tested positive to COVID-19, when can I attend campus/a University workplace?](#)
- [What will the University do in response to a report of a positive case?](#)
- [Do I need to wear a face mask?](#)
- [Can I run campus events?](#)

### **Approaching HSW support structural change**

The outcome of OSP will see the management of HSW support move from Faculties and Divisions to a central team in Human Resources. While it is fully intended to keep a presence of HSW Advisors and Officers on Campus it should be noted that the resources will need to stretch cover the entire University. Further during the change processes current support structures may be impacted if there are any questions about accessing HSW support please contact your Senior HSW Advisor.

### **QR Codes for Buildings on Campus**

For staff/students that do not have a phone that allows them to read the QR Codes that have been put up on buildings across all Campuses, an electronic form has been developed to record details of the buildings that they have entered. This confidential site, will be monitored by the HSW team and will only retrieve data at the request of SA Health or Senior Management on as needs basis.
