

PERIODIC FLOOR CLEANING

Frequencies: Biannual / Annual

Cleaning Surface & Method	Biannual	Annual
• Hard Surface Floors - Scrub and dry buff to restore finish		✓
• Vinyl, Slate, Terrazzo, Timber, Parquetry - Strip and seal previously polished hard surface floors		✓
• Carpet - High Traffic Pathways and Zones - Surface clean	✓	
• Carpet – General - Clean using water extraction or equivalent method		✓
• Carpet - “Axminster” Design” / Heritage Cut Pile - Surface clean using low moisture cleaning method		✓
• Stone, Concrete and Tiled Floor Surface – Scrub		✓

Notes

- Periodic floor cleaning requires prior authorisation and access approval
- Unsealed floors will not be sealed, unless approved by Campus Services
- Sealing of slate, terrazzo, timber, parquetry and concrete will be with a suitably approved low maintenance sealer/polish
- High traffic areas are determined by Campus Services
