Faculty of Health and Medical Sciences
Presented by Professor Alastair Burt
Celebrating 2016

- Implementation of a new professional service stream
- Completion of the AHMS building
- Riverland project
- Rebranding
- Internationalisation (embedding study abroad and priority partners)
2017 priorities
Opening in 2017
Facelift on Frome
Objectives:

- Transform 4000m² of space from ‘adequate’ to good – vacate poor quality space
- Enable a consistent approach to delivering services (research and teaching)
- Intensify occupancy of best quality labs and office spaces and maximise shared resources
- Provide flexibility for future growth, optimise synergies and provides cost savings
- Extends building life by 10+ years
Key Improvements

• Improved single entry into buildings and information point
• Improved student services and social areas concentrated on lower floors
• Central shared support for laboratory space and reduced overall operational costs
• Opportunity to mirror operations on AHMS model – single FHMS approach
• Museums amalgamated to provide a new integrated museum/teaching space.

Adelaide Microscopy and Ray Last Anatomy Lab to remain in place
