

APLED 2015
4th Asia Pacific Luminescence and Electron Spin Resonance Dating
Conference
22nd to 28th November
Adelaide, Australia

Date	Scheduled Activity
Sunday Nov. 22	<p style="text-align: center;">Dosimetry Workshop 11am-5pm</p> <p>DosiVox is a Geant 4-based software for dosimetry simulations developed at the IRAMAT-CRP2A laboratory (Bordeaux, France) within the Dosi-Art project supported by the Conseil Régional d'Aquitaine. This tool allows to model a large variety of complex cases relevant to luminescence and ESR dating techniques and to perform dose-rate calculations useful for age determination.</p> <p style="text-align: center;">Download DosiVox for free</p> <p style="text-align: center;">Welcome Reception 5-7pm</p>
Monday Nov. 23	<p style="text-align: center;">Scientific Sessions</p>
Tuesday Nov. 24	<p style="text-align: center;">Scientific Sessions Poster session 6-7:30pm</p>
Wednesday Nov. 25	<p style="text-align: center;">Scientific Sessions Conference Dinner 7-7:30 - 10pm Serafinos Winery</p>
Thursday Nov. 26	<p style="text-align: center;">Field trip; bus to Naracoorte Caves; Fossil Tour, Cave Wine Tasting</p>
Friday Nov. 27	<p style="text-align: center;">Bus to Mt Gambier, UNESCO Kanawinka Geopark, Return to Naracoorte</p>
Saturday Nov. 28	<p style="text-align: center;">Blanche Cave, Fossil Lab; return to Adelaide via the Coorong</p>
