

Strategic Priorities for Learning & Teaching

Denise Kirkpatrick

PVC Student Experience

What's Exciting

- Personalisation
- Just like my life
- Highly mobile
- Understanding students – analytics
- Open education resources & content
- Integrated & seamless
- High touch
- Responsive
- Richness – content, interactions

The Future Student Experience

- Our focus is on your learning, maximising:
 - the quality of your learning interactions;
 - engagement; &
 - your time for learning
- The University knows & values you
- We will support you regardless of where & when you want to learn
- Your learning will be continuous & holistic
- We will work with you to ensure academic success
- We will provide you with opportunities to engage with others, nationally & globally
- Your learning will be enriched by research & scholarship
- We will use whatever technologies support this

The Short Term

- Stabilise MyUni
- Staff development & support
- Introduce mobile capacity
- Learning & Teaching strategy development
- E-assignment submission

Medium Term

- Understanding our students – analytics – defining our questions
- Flexibility - creating a vision
- Transforming the ‘lecture’
- The ‘Adelaide advantage’
- Creating innovation spaces,
- technology sandpits, horizon scanning
