U9173 - THE G.M. BADGER PRIZE

Establishment

This prize has been established by the approval of the Council for the transfer of $3,000 from the G.M. Badger Research Fund to provide an annual prize in Chemistry.

Value

The value of the Prize will be $250 or such other amount as the University shall from time to time determine.

Selection of Candidate

The Discipline of Chemistry will award the prize to the student who has satisfied the requirements for a major in chemistry and has achieved the best weighted overall performance in Level III Chemistry courses.

The prize will be awarded annually during the School of Chemistry and Physics Prizes and Awards Ceremony.

If there is no candidate of sufficient merit in a given year then the prize will not be awarded in that year and the money will be used in subsequent years.

If, in any year, two or more students obtain equal highest weighted overall performance the prize shall be awarded to the student who has completed the greater number of units of Level III chemistry. If both candidates have studied the same number of Level III units, the Prize shall be divided equally between them.

Variations

The University may vary the rules from time to time in a manner consistent with the original objectives of the prize.

The prize may be withdrawn by the Council at any time after 1988.
