

- 207 2 Note on the origin of Argentine Soils - of aeolian origin. From Review in Geog. Jour., May 1924, p. 449 of The Argentine Republic, it's Development and Progress, Pierre Davis, Lond., 1922. 1924
- 208 2 Notes from "Notes on the formation of lateritoid in North Rhodesia," R. Murray - Hoybes (?), Geol. Mag., 1923:505. 1923
- 209 2 Notes from "The high plateau of Brazil," R. R. Wallis, Geol. Mag., 1923, p. 290, on ancient land surface (from early Paleozoic) uplift without warping etc. 1923
- 210 7 Many references on caves, (incl. D.W. Johnson's Topography and Strategy in War).
- 211 1 Notes on the Niger River from "The physiography of Sierra Leone," F. Dixey, Geog. Jour., July 1922, p. 41 et seq. Note regarding source of Niger in high plateau. 1922
- 212 1 Note on water reflections from J.W. Reid (Tourist Resorts of Victoria). Ref. to Southey's Letters (World Classic Pocket Ed.).
- 213 30 Tasmania: Geology & Physiography. List of papers n Proc. Roy. Soc. Tas., 1883-1934. Author & title only, under year. 213 (30) ref. to register of papers, (see 2-2) 1841-1885. 1883-1934
- 213 Register of papers published in The Tasmanian Journal and the Papers & Proc. of the Roy. Soc. Tas. from 1841-1885. Compiled by Alexander Norton, Asst. Secretary & Librarian. W.T. ? Govt. Printer, 1887.
- 214 2 Notes on King Island (Bass Strait) regarding elevation & raised beaches in "A soil survey of King

Island," C. C. Stephens & J. S. Hosking Bull 70, C.S.I.P. (1932) and other references (see 2-2). R. M. Johnson, F. Rebenham, W. Anderson, Baldwin Spencer, Mem. Nat. Museum Melb.

1932

- 215 Photographs: prints (Lorne) not copied.
- 216 9 Lorne coast field notes October 1945; detailed important notes on develop. of wave cut ramp, pits etc.
- 217 1 Copy of a poem "A Byway" by Margaret Lee Ashley in The Australasian, 22 April 1905.
- 218a 1 Title page of mss. 218-253. "Post. Tertiary uplifts and geology generally. Incl. erosion surfaces & changes of climate; also basalts and gravels." See also Victoria. Tert. & post Tert. geology.
- 218 3 Refs. to post-Tertiary uplifts and geology generally. Also erosion surfaces. Andrews (1939), McCann (1938), Guatemala (1937), Cotton (1913), G. Taylor (?-no ref.), Bartrum (1939), Sussmilch (1938).
- 219 3 Notes from "Coastal Peneplains. An Hypothesis of sub marine Canyons," A. L. du Toit. (With ref. to: Dixey, Vealch & Lunch, Jessen, & du Toit.) Geol. Mag., Sept.-Oct. 1940, 395-409.
- 220 2 Pleistocene age of the Congo. Note from A. L. du Toit "An hypothesis of submarine canyons," Geol. Mag., May 1940.
- 221 3 Refs. to Pleistocene erosion: Geikie, J. Fragments of Earth Love, 1893. J. W. Whitehouse, "Studies in late geological history of Queensland," Uni. Paper (1-74), Geol. Dept., 1940. K. Bryan, "Gully gravure" paper, 1940. C. A. Sussmilch, "The geomorphology of the

1905

1940

1940

- 230 2 Hunter R. district," 1940.
- 222 4 South Africa: some references mainly on Pleistocene.
- 223 2 Africa. Note on rift valley formation from: "The geological history of the Lake Rudolf basin," E. J. M. (?) Geog. Jour., Aug. 1939, 181-183. Ref. to work of Dr. Fuchs. 1939
- 224 2 Note from "The Lake Rukwa Expedition 1938," V. E. Fuchs, Geog. Jour., Nov. 1939, 368-387. Valley-fill capped with laterite (of supposed Miocene age) as evidence of age of movements causing renewed valley incision. 1939
- 225 2 Note from "Mt. Baker, a Cascade Volcano," H. A. Coombs, Bull. Geol. Soc. Am., 50: 1493-1570. From abstract, note on prob. Pleistocene age. 1939
- 226 2 Note from "The Cambridge Expedition to West Greenland," H. J. Drever, Geog. Jour., Nov. 1939, 388-401. Concerning coastal uplift of at least 400 or 500 ft. Uplifted peneplain. Supporting coastal physiog. evidence. 1939
- 227 2 Note on gravel capped Plateaus of Hampshire - from Submerged Forests, C. Reid, Cambridge Uni. Press, 1913; gravels & related topography & strata. 1913
- 228 2 Refs. to works that incl. refs. to gravels. H. J. Jenson (1911) and L. D. Hall (1926) on N.S.W. Refs. only with brief note. 1911
1926
- 229 2 Note from Albritton & Bryan on Quaternary strata of the Davis Mts. (Tex), Geol. Soc. Amer. Bull., 50, 1939. Note in arid climate, aggradation occurs in humid phases, and erosion by channelling in arid phases. 1939

- 230 2 Note on gravels on supposed peneplain remnants in Wisconsin from R. E. Bates "Geomorphic history of the Kickapoo region, Wisconsin." Bull. Geol. Soc. Amer., 50:819-880.
- 231 3 Note on intercalation of Pleistocene shell beds in basalt sequences in Iceland from paper by H. Pjeturss, Reykjavik, Iceland, Geol. Mag., June 1939, 233-236. 1939
- 232 2 Note from Trans. & Proc. Roy. Soc. S. A., Vol. 38. Howchin exhibition of Shelly-beach material; evidence at Naracoorte of sea level 200 ft. above present. Formally only thought that level was 80 ft. above present level. 1914
- 233 2 Ref. on Pleistocene. Charles Schuchert "Geochronology, or the age of the earth on the basis of sediments and life," Nat. Rec. Council, Bull. 80:10-64, 147-150. Also, same author, Am. Jour. Sci., Aug, 1926. 1931
- 234 2 Note on general Pleistocene history with ref. to diastrophism, from "Bursa region of Turkey," C. L. Slotz, Geog. Rev., Jan. 1939, 81 et seq. 1939
- 235 2 Note on highland gravels in coastal rivers of N.S.W. probably Pleistocene age. A. H. Voisey. Ref. not clear - two given Proc. Linn. Soc. N.S.W., Vol. 63. Jour. Roy. Soc. N.S.W., Vol. 68.
- 236 3 Note from "The geology of the Armidale district," Roy. Linn. Soc. N.S.W., 63:5-6. On gravels & Fe s.s. and physiog. evolution. 1938
- 237 2 Note on erosion surface and age & relation to volcanics & uplifts in Guatamala. Geog. Rev., 1937 p. 144 (incomplete ref., no author, etc.). 1938

- 238 2 Ref. to C. T. Madigan on recent probable change in Australia to moister conditions. Title: "Dessication in Australia" Aust. Jour. Sci., 1:1:26-28.
- 239 2 Conclusion from "Dessication and the West African Colonies," Brynmore Jones, Geog. Jour., May 1838, 401-403. Climatic change so slow as to discount alarmist views on climatic change. 1938
- 240 2 List of references on Pleistocene glaciation in Tasmania given in A. N. Lewis "A Correlation of the Tasmanian Pleistocene glacial epochs and deposits," Papers & Proc. Roy. Soc. Tas., 1933, 67-76. Authors listed: A. N. Lewis, David, Johnston, R. M. Moore, T. B., Nye, P. B. & Lewis, A. N., Griffith Taylor. 1934
- 241 3 Notes from The Geology of South Africa, A. L. du Toit, London, 1926. On Tertiary & Recent formations and gravels. Peneplain idea accepted. 1926
- 242 4 Notes from du Toit's Geology of South Africa, on high-level gravels, peneplain and related uplift of the surfaces. 1937
- 243 2 Kitson (notes from) on pebbly drift of probable marine origin, many assoc. with the Newer Basalts. Proc. Roy. Soc. Vic., V. 14 (n.s.) pt. 2, 153. 1938
- 244 4 Notes from The Geology of the British Empire, F. R. C. Reed, London, 1921. On India and Burma. Pleistocene & Recent formations - fluvial, marine, subaerial, volcanic. 1921
- 245 3 Notes on Egypt & the Anglo-Egyptian Sudan from F. R. C. Reed, Geology of the British Empire. On Gravels & Pleistocene.

- 246 2 Notes on Pleistocene & Recent -- Malay States - from R. F. C. Reed, Geol. of British Emp. Evidence of submergence & uplift.
- 247 10 Notes on the Pleistocene of India from Geology of India for Students, D. N. Wadia, Macmillan, London, 1926. Extensive notes. 1926
- 248 3 Notes on "Classification and duration of the Pleistocene period," G. F. Kay, Bull. geol. Soc. Amer., 42:425-466, 1931. Definition of the Pleistocene, with historical review. 1931
- 249 3 Notes on the Quaternary from L. D. Stamp, An Introduction to Stratigraphy, 2nd Ed., London, 1934. 1934
- 250 2 Notes on Pleistocene from J. W. Gregory & B. H. Barrett General Stratigraphy, Methuen London, 1931. 1931
- 251 Notes on Quaternary period from R. C. Moore, Historical Geology, McGraw-Hill, New York & London, 1933. Extensive notes. 1933
- 252 2 Notes on geomorphology from W. C. Hatfield "The geology of the Solwezi District, Northern Rhodesia," Q. J. g. S., 93:2:127-155. 1937
- 253 1 Copy title page of reprint of McCann, E. T. (1938) on New Mexico (no notes). 1938
- 254 1 J. T. J. title (group) page of correspondence with Clarke re W. A. Physiog. & W. A. text book. Mss. 254-259.
- 255 3 prints (photos) not copied.
- 256 3 Maps (sketch) & section. 256(1) Section A-B (see 256 (2)) near (north of) Perth. 256(2) sketch map in Perth district. 265(3) sketch map at Ballsbrook (near Perth).
