

Turn on Integration with Word, Excel, PowerPoint and Outlook

Introduction

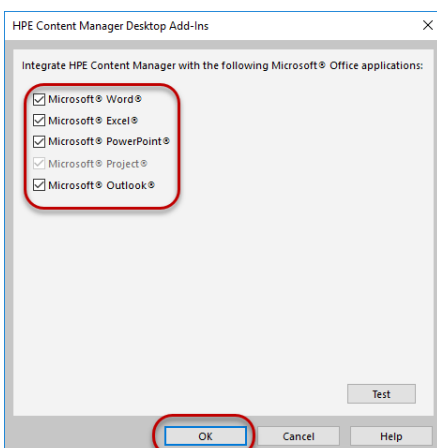

HPE Content Manager integrates with a number of applications, including Microsoft Office programs. To use these helpful integration features, you must first turn on the integration between HPE Content Manager and your chosen applications.

Procedure

1. Ensure all Microsoft Office applications are closed.
2. In HPE Content Manager, go to **Tools** menu in the top left of screen, and select **Desktop Add-Ins**.

3. Check the boxes for Word, Excel, PowerPoint and Outlook.

4. Click **OK**.
