

Discovery Learning Skills (DLS) pentagon

When in doubt, return to the centre

The DLS pentagon is based on the six facets of the RSD as modified for Optimising Problem Solving (OPS) pentagon designed by Mechanical Engineering Communications Tutors, University of Adelaide, 2014. See www.rsd.edu.au for full version of RSD, <http://www.adelaide.edu.au/rsd/framework/frameworks/> for OPS
