1. OVERVIEW

This procedure prescribes the responsibilities and actions required to actively monitor and manage staff members' accumulation of excess leave consistent with the [University of Adelaide Enterprise Agreement \(as amended\)](#) and [Workforce Management Policy](#).

2. SCOPE AND APPLICATION

- 2.1 The procedure for annual leave applies to all staff members except casual staff.
- 2.2 The procedure for long service leave applies to all staff with the exception of staff who have formally notified the University of the date they intend to retire, which is within the next 2 years.

3. PRINCIPLES

- 3.1.1 The effective management of staff leave requires that staff enter all annual leave and long service leave that they take into Staff Services Online (SSO) for prompt approval by their supervisor/manager.
- 3.1.2 Supervisors will monitor annual leave and long service leave balances in [Staff Services Online \(SSO\)](#) to ensure staff members' record and take planned leave.
- 3.1.3 Supervisors should review annual leave plans as part of the Planning, Development and Review (PDR) meetings.

4. PROCEDURES

- 4.1.1 The supervisor will determine if a staff member has accrued more than 30 days annual leave (35 days for shift worker) or part time equivalent.

- 4.1.4 Where excess annual leave is not taken/agreed in accordance with 4.1.3 the supervisor will direct the staff member to take annual leave using the [Requirement to take Annual Leave formal advice](#) as a guide and enter and approve the leave in [SSO](#) on behalf of the staff member using the absence management function.
- 4.1.5 Where the University’s operational needs prevent the staff member from taking annual leave immediately following the 3 month notice period, and their balance cannot be reduced to 30 days (35 days for shift workers), the supervisor is to plan the days on which annual leave will be taken within 12 months of the notice period expiring.
