AUSTRALIA AWARDS SCHOLARSHIPS

2019/2020 - Indonesia

adelaide.edu.au
The University of Adelaide welcomes students sponsored by the Australian Government under the Australia Awards Scholarships scheme to undertake studies in a variety of areas.

The Australian Awards Scholarships program provides opportunities for candidates from a wide range of countries to undertake postgraduate study in Australia (undergraduate study is also funded in a limited number of countries).

The program aims to strengthen the human resource capacity of partner countries in agreed priority areas by providing scholarships to develop the skills and knowledge of individuals to drive change and contribute to development outcomes in their home countries.
The Australian Government, together with your national government, determines priority areas which will help guide your course choice. You’ll find that many of our courses and areas of specialisation fall within the nominated priority areas listed. The list of University of Adelaide courses below may match nominated priority areas.

**Architecture/Planning**
- Master of Architecture
- Master of Architecture by coursework
- Master of Landscape Architecture
- Master of Planning
- Master of Planning (Urban Design)
- Master of Property
- Master of Construction Management

**Arts and Social Sciences**
- Master of Arts, with specialisations in: International Relations, Environmental Studies, Global Media, Creative Practice in Music
- Master of Arts (Curatorial and Museum Studies)
- Master of Arts (Interpreting, Translation and Transcultural Communication)
- Master of Arts (Studies in Art History)
- Master of Environmental Policy and Management

- Master of Psychology (Clinical)
- Master of Psychology (Health)
- Master of Psychology (Organisational and Human Factors)
- Master of Public Health

**Law**
- Master of Business Law
- Master of Laws

**Mathematics**
- Master of Mathematical Sciences

**Science and Agriculture**
- Doctor of Veterinary Medicine
- Master of Biotechnology (Biomedical)
- Master of Bioinformatics

Detailed information about these courses including entry requirements and CRICOS codes can be found at adelaide.edu.au/degree-finder
The University of Adelaide welcomes students sponsored by the Australian Government under the Australia Awards Scholarship scheme.

Students studying on an Australia Awards Scholarship are provided with advice and assistance by the International Sponsored Student advisor at International Student Support (ISS).

The International Sponsored Student Advisor is also the AAS student contact officer (SCO) at the University of Adelaide.

Contact details for the International Sponsored Student Advisor:
Ms Niranjala Seimon
International Student Support
Level 6, Hughes Building
The University of Adelaide
SA 5005 Australia
Ph: +61 8 8313 3505
Fax: +61 8 8313 4352
Email: niranjala.seimon@adelaide.edu.au

Details of the Australia Awards Scholarships program can also be found by visiting the AAS website:
dfat.gov.au/people-to-people/australia-awards/Pages/australia-awards-scholarships.aspx

International Student Support
international.adelaide.edu.au/life/studying

The University’s International Student Support (ISS) is responsible for the orientation and ongoing support of international students at the University of Adelaide. It works closely with student groups, faculties and the University administration to ensure that the experience of all international students is a positive and successful one. The ISS also acts as a liaison for sponsored students, and the International Sponsored Student Advisor is based in this office.

The ISS is open from 10.00am – 5.00pm on Monday and 9.00 am – 5.00 pm, Tuesday to Friday all year (except public holidays).

Staff are available to help with a range of information and support services, including:
- New international student orientation program
- Initial temporary accommodation and assistance with long-term accommodation in conjunction with the Accommodation Service
- Assistance with visa matters including visa extensions and meeting compliance requirements
- Orientation
- Experience Adelaide Program
- Language and Cultural Exchange Program and Talking with Aussies Program
- On-going support by International Student Advisers
- Information on Overseas Student Health Cover (OSHC)
- Pastoral care, including referral to specialist service providers
- A range of workshops and social activities throughout each semester
**Academic Support**

**Introductory Academic Program (IAP)**

The Introductory Academic Program is intended to provide AAS students with a range of skills necessary to make a smooth transition to and enhance performance in their academic programs. The IAP is compulsory for AAS students, and students must arrive prior to its commencement.

The IAP is four weeks in duration and takes place prior to the commencement of your academic program. The first week of the IAP includes some orientation activities to help you settle in to the University and to Adelaide.

**Language and learning services**

The Writing Centre and the Maths Learning Centre offer individual consultations to assist with all aspects of coursework involving writing and mathematics. All services, seminars and courses are free for students enrolled at the University of Adelaide.

**Writing Centre**

[adelaide.edu.au/writingcentre](http://adelaide.edu.au/writingcentre)

The Writing Centre presents seminars to advance academic skills, focusing on reading and research skills, giving presentations at tutorials and seminars, essay writing and report writing. A conversational language support program and weekly tutorials are provided for students who have English as an additional language, and Learning Guides are also available to help all students to develop their skills.

**Maths Learning Centre**

[adelaide.edu.au/mathslearning](http://adelaide.edu.au/mathslearning)

The Maths Learning Centre (MLC) exists to help all students to develop the skills they need to learn and use the maths involved in their courses, including statistics. The MLC provides bridging courses, seminars, workshops and online resources, as well as a drop-in service where students can come without an appointment for one-on-one assistance.
The Australian Government requires all international students and their families to have health insurance in Australia through the Overseas Student Health Cover (OSHC) scheme. The OSHC helps pay for medical care which you may need when you are studying in Australia. As an AAS student, your OSHC (Single) cover will be paid by your scholarship. The University’s preferred provider of OSHC is Allianz Global Assistance. When you accept your Placement Offer, the University will arrange an OSHC (Single) membership for you with Allianz. You will receive your OSHC membership card on arrival. Allianz Global Assistance has staff available on North Terrace campus Monday to Friday 10am–4pm to assist with queries and claims. Other support and advice is also available online allianzassistancehealth.com.au/en/student-visa-oshc/

If you have dependants on your student visa you will be required to purchase OSHC (Family) membership by paying the difference between a single and family cover.
Students with families

If you are planning to bring your family to Australia, you are strongly advised to arrive on your own first for at least the first six months. Once you have settled into your new living and learning environment and have found long-term accommodation, you will be in a better position for your family to join you in Australia.

The Australia Awards Scholarship does not provide any financial or other support for your dependants. If you intend to bring your children to Australia, please be aware that there are costs associated with childcare and schooling in Australia.

Childcare

Quality childcare services are available at the University’s North Terrace and Waite campuses, and at many childcare centres throughout Adelaide. Fees vary from approximately AUD$98 per day to approximately AUD$485 per week. Students receiving Australian government scholarships (such as AAS) may be eligible for a government subsidy of part of these fees (the Child Care Benefit).

Childcare services generally cater for children between the ages of three months and five years of age.

Kindergartens or preschools located throughout Adelaide and suburbs offer educational programs for children who are four years old. Fees for kindergarten may be from AUD$80 per term (10 weeks).

For children who are attending school, many public primary schools offer after-school and vacation care for a fee (currently around AUD$10 per hour for after school care and approximately AUD$35 per day for vacation care).

Education for children of international students

South Australia has a range of excellent public and private schools. As a holder of an Australian Government scholarship (an AAS award) your dependant children can attend public schools and pay the same low fees as local students.

School attendance is compulsory for all children in Australia aged between six and sixteen years, with most children commencing school at five years of age. School attendance is from Monday to Friday and generally from 9.00am – 3.30pm. The school academic year commences in late January and the year is divided into four terms.

Schools available to the dependants of international students include State government-operated public schools as well as independent schools.

To be eligible for this, you will need to obtain a document called the “Letter of Authority” from the Department of Education and Child Development (DECD). Once you make a request for this letter through International Student Support to verify your student and scholarship status to DECD, the ISS will facilitate the Letter of Authority for you after your arrival in Australia.

The School Materials and Services Fee is payable each year. This is a fee paid by all parents – local and international. It helps the school to buy exercise books, pens and other personal resources for students. This annual fee is set by the school and ranges from A$110 up to A$920 per child per year depending on the school and level of services offered.

Intensive Primary English Course

If your primary school aged child needs English language instruction, you can enrol them in the Intensive Primary English Course (IPEC), which is an intensive English course designed to provide young children with the skills required for entering mainstream primary education classes. Students usually attend the IPEC Program for one year. They can then continue at the school in the mainstream program or go to their local school if you wish. Similar intensive English language support is also available at secondary school for older dependant children.

For details of primary and secondary schools offering intensive English language support in South Australia contact:

Department of Education and Children’s Services
Ground Floor West, Education Centre
31 Flinders Street, Adelaide SA 5000
Ph: +61 8 8226 3402, Fax: +61 8 8227 2391
ACCkommodation

adelaide.edu.au/accommodation

Adelaide has a wide range of accommodation options including University-managed accommodation, residential colleges, student hostels, private rentals and share-housing. University-managed accommodation and residential colleges offer many advantages, as they are close to campus and offer furnished rooms with the cost of electricity, gas and water all included in the fee.

Students accompanied by family members will find private rental accommodation in houses or apartments is the most suitable option. It is easiest for students to arrive in Adelaide alone initially in order to arrange suitable permanent family accommodation. International students requiring temporary accommodation may be provided one week of single room temporary accommodation upon arrival (a fee applies – approximately A$355 for a single student for one week at the time of printing).

This service is provided by the Accommodation Service and must be arranged before arrival.
Cost of living
Recent research by the National Centre for Social and Economic Modelling found Adelaide to be the most affordable city in Australia. The cost of living in Adelaide is up to 19% less than in Sydney and Melbourne, and 4% less than in Perth and Brisbane.

** The Department of Home Affairs requires all students to have health insurance for the duration of their visa. Visa length varies and is slightly longer than the length of a student’s degree. The fee quoted here is for 12 month’s cover.
# Approximate cost for standard examination only. Additional costs may be incurred if more comprehensive medical exams are required.
^ Surcharge may apply to some subsequent student visa applications

These are basic living costs and do not include program tuition fees, costs for textbooks, other study related needs, running a car, medical expenses, or any luxuries.
“Studying a Master of Education will enhance my teaching skills. I have been able to collaborate with other students with different cultures and have received support from the academic staff. The style of learning known as blended learning has enhanced the learning outcomes.”

M Nural Ikhsan Saleh, Master of Education, Faculty of Arts

“Being enrolled as an HDR student in The University of Adelaide allows me to learn and collaborate with the world class researchers in a professional research environment. The university also provides me with opportunities to develop my skills beyond research, particularly in communication and professional networking. Maintaining a work-life balance can be tricky for a researcher. Fortunately, I have chances to join the university clubs and getting involved in the local community activities, which help me to make new friends and relax. Importantly, I also have a great International Student Support team who assists during my transition to Adelaide and within my study period. Thanks to The Australia Awards, I can have this priceless and incredible journey with The University of Adelaide and Australia.”

Yoko Wang, M. Phil. Candidate, Vagal Afferent Research Group, Adelaide Medical School, The University of Adelaide
South Australian Health and Medical Research Institute (SAHMRI)
HOW TO APPLY

Applications for Australia Awards Scholarships are received by Australian embassies or offices contracted to administer the scholarships on behalf of DFAT in a number of different countries.

Please visit the Australia Awards website australiaawards.gov.au for further information regarding the application process in your region.

If you require further information about the application process for an Australia Award, please contact the relevant office in your home country or region. Contact details and application closing dates can be found on the Australia Awards website.

Programs of study

The University of Adelaide offers a variety of programs relating to the priority areas identified by the Australia Awards in different regions.

Please refer to Degree Finder (adelaide.edu.au/degree-finder) for further information on programs available at the University of Adelaide.

If you require information about the University of Adelaide (for example, about a program of study), please complete the enquiry form (international.adelaide.edu.au/enquire-now).
