2020
ARCHITECTURE, LAW, BUSINESS AND ECONOMICS

adelaide.edu.au
Future confidence. Global opportunity.

Our world is changing fast. Many of the jobs our current generation will perform in the future do not yet exist. But the ideal preparation for them does. Informed by cutting-edge research and ongoing industry collaboration, a University of Adelaide education gives students the flexibility to adapt and thrive. Wherever their careers take them, they’ll be ready.

And rest assured, their options will be many. The University of Adelaide is South Australia’s global university—consistently holding the highest world ranking and collaborating with top-performing businesses and educational institutions across multiple continents. This opens doors for our graduates virtually everywhere.

A wealth of professional opportunity, however, is just one of the rewards we offer. University of Adelaide students also benefit from the deep inspiration that can only come from a culture of sustained excellence. Our research, and that of our alumni, has enhanced life for people and planet for well over 100 years, and played a role in many of the world’s great advances. Among these are the discoveries of penicillin, x-ray crystallography and gravitational waves.

Equally importantly, we have a proud history of championing equality. Adelaide was the first university in Australia—and only the second in the world—to admit women to academic courses. We’ve educated two Indigenous Australian Rhodes Scholars and we count among our alumni Australia’s first female prime minister and Supreme Court judge.

There’s no better place for students to prepare for their futures.

* Times Higher Education and QS rankings
^ A coalition of Australia’s leading research intensive universities
The Faculty of the Professions produces career-ready—and world-ready—graduates, through:

• learning and teaching underpinned by world-class research
• structured study pathways that prepare students to achieve external professional accreditation
• a business school and centre awarded international accreditation from the Association to Advance Collegiate Schools of Business (AACSB)*
• a career development program and support network for female economics students
• exchange programs and tailored study tours that enhance student learning experiences.

Our Professions Support Hub is dedicated to helping students organise Study Abroad opportunities and internships, and connect with relevant career-readiness programs.

* AACSB accreditation is a hallmark of excellence in business education. It has been earned by less than five per cent of the world’s business schools.
Executive Experience study tours
Available as an undergraduate or postgraduate elective, Executive Experience study tours produce a transformational leap in students’ personal and professional development.
Conducted in Sydney over the course of a week, participants learn from experts in multiple fields—everything from building personal brands to effective networking, communication and presentation, dining etiquette, business protocol, cultural awareness, and even professional styling.
Students are given exclusive opportunities to visit top organisations, attend high-level networking and panel sessions with industry professionals, and gain insight from the Sydney School of Protocol.

Go global with us
The Faculty of the Professions has links with a number of leading international universities, giving students the opportunity to study overseas and have it count towards their degree.

Ranging from 10 days to three weeks, study tours are organised by the faculty, and participating students are accompanied by our staff. Past tours have taken place in Europe, South America and Asia.
Many are partially subsidised by the faculty or Australian Government, and participating students may be eligible for an OS-HELP* loan. Tours are run in University holiday periods during summer and winter school, and earn students credit for up to two courses.

Scholarships
Adelaide Refugee and Humanitarian Scholarship
The University of Adelaide is committed to ensuring our high-quality, distinctive education is accessible to all. Our Adelaide Refugee and Humanitarian Scholarship recognises the particular financial hardships faced by those from a refugee background, and helps them fulfil their career aspirations.

For more information visit: scholarships.adelaide.edu.au/scholarship/ug/all/adelaide-refugee-and-humanitarian-undergraduate-scholarship
A number of other scholarships are also available. For full details, visit: adelaide.edu.au/scholarships

LIFE EXPERIENCE THROUGH GLOBAL LEARNING

www.adelaide.edu.au/study-overseas

All students will have the opportunity to study overseas through a range of programs, including student exchange, study tours and summer and winter schools. There are many exciting opportunities in Europe, Asia, the Americas and Africa.

ABORIGINAL AND TORRES STRAIT ISLANDERS

www.adelaide.edu.au/wirltu-yarlu

The University of Adelaide values diversity where the rich cultures of Aboriginal and Torres Strait Islanders are taught, supported and celebrated. Wirltu Yarlu provide a range of services, schemes and preparation programs that are designed to support your desire to gain educational outcomes. Wirltu Yarlu is a place where students can soar to new heights.

ADVANCED BACHELORS

www.adelaide.edu.au/degree-finder

High achieving students who are inspired by the opportunity to contribute to the world’s important discoveries and research advancements should consider the Advanced Bachelors degrees. These degrees provide a unique close quarters learning experience with academics of international distinction.
CAREERS SERVICE AT ADELAIDE

At the Careers Service we work to help all University of Adelaide students develop connections with industry and maximise their employability, by delivering a suite of industry-informed, student-focused career development services.

Our award-winning team maintains close relationships with a wide range of local, national and international employers, ensuring our industry knowledge is second to none. These partnerships keep us fully informed of current and emerging opportunities for students desiring professional experience, and for graduates seeking employment. They also ensure we’re keenly aware of what graduate employers are looking for.

To pass on this awareness to students, we hold a major Careers Expo every year and host numerous events where employers work on our North Terrace campus, network with students and promote career pathways within their organisations. Our industry mentoring program also provides opportunities for students to meet and gain insight from alumni, managers and leaders at various stages in their career life cycles.

All employers value industry-related work experience, and being able to draw on these experiences is a great way for students to provide evidence of the skills, knowledge and abilities they’ve developed.

Through our Careers Service, students can access advice—both individually and through small-group workshops—on how to: source opportunities; create outstanding applications and resumes; prepare for interviews; make the most of opportunities they’re offered; and articulate their experiences’ benefits to employers.

We also operate an online CareerHub, which hosts numerous resources to help students connect with industry and apply for work, and lists opportunities for work experience, graduate jobs and industry-related part-time and volunteer work.

“THE GDLP OFFERS BOTH PROFESSIONAL AND SOCIAL ADVANTAGES TO ITS STUDENTS. IMPORTANTLY, IT IS STRUCTURED IN A MANNER THAT PROVIDES FLEXIBILITY, ALLOWING STUDENTS WHO WORK PART-TIME OR FULL-TIME THE ABILITY TO COMPLETE THE COURSE REQUIREMENTS IN A TIMELY MANNER.”

Peta Spyrou
Graduate Diploma in Legal Practice

• Solicitor |
ARCHITECTURE

* Source: Salaries by study area, Graduate Outcomes Survey National Report, Quality Indicators for Learning and Teaching (QILT), Australian National University, 2017
Architects, landscape architects and urban designers play a vital role in society.

They consider and respond to environmental, cultural, social and economic issues, as well as functional needs and aesthetic values, to design the cities, buildings and landscapes we all inhabit.

In the School of Architecture and Built Environment we specialise in delivering internationally recognised degrees in Architecture, Landscape Architecture, Planning, Urban Design, Property and Construction Management.

Our Bachelor of Architectural Design is a three-year undergraduate degree that leads to a two-year postgraduate degree. Completion of both will enable you to practise as a professional in your chosen discipline.

Some of the outstanding benefits you’ll enjoy studying with us include:

- an internship program in master degrees that provides professional work experience within an Australian or overseas business or professional practice
- access to industry-sponsored awards recognising your outstanding work
- the opportunity to travel overseas and interstate, and learn valuable aspects of design from other cultures
- real-world inspiration from three ‘industry professors’, all award-winning professionals
- access to state-of-the-art computer-aided design, building information modelling and 3D modelling facilities.

PATHWAYS

BACHELOR OF ARCHITECTURAL DESIGN (3 YEARS) FOUNDATION DEGREE

Master of Architecture
Master of Landscape Architecture
Master of Planning (Urban Design)
Master of Planning
Master of Property
Master of Construction Management
**The blueprint for your future**

Design goes far beyond the visual. It responds to possibilities and limits, to hopes and needs. It’s equal parts creative and calculated. Architectural design is about understanding landscapes and the way humans create places within them. Architecture, landscape architecture and urban design share the purpose of aiding society while creating structural works of art.

**What will you do?**

Our Bachelor of Architectural Design hones concrete skills and encourages big picture thinking. You will:

- visit notable building sites, landscapes, gardens and exhibitions
- gain high-level practical design and model-making skills
- practise computer and hand based drawing techniques
- explore relevant theory, history, tradition and innovation
- consider issues of ecology and environment
- learn how to formulate effective proposals.

**Where could it take you?**

Our graduates apply design skills in all sorts of rewarding careers, and take on specialised roles through postgraduate study. You might restore beautiful old buildings or be a micro-home master. You could create and preserve natural landscapes and life cycles. Perhaps you’ll design the next iconic skyscraper or opera house.

---

**Professional accreditation**

Please note that to practise as an architect or landscape architect, you must complete a professionally accredited combination of degrees in your chosen discipline.

We offer the following choices:

- Bachelor of Architectural Design followed by Master of Architecture recognised by the Australian Institute of Architects and accredited by the Architectural Practice Board of South Australia.
- Bachelor of Architectural Design followed by Master of Landscape Architecture recognised and accredited by the Australian Institute of Landscape Architects.
- Bachelor of Architectural Design followed by either Master of Planning or Master of Planning (Urban Design) recognised and accredited by the Planning Institute of Australia.
- Bachelor of Architectural Design followed by Master of Property recognised and accredited by the Royal Institution of Chartered Surveyors.
- Bachelor of Architectural Design followed by Master of Construction Management recognised and accredited by the Royal Institution of Chartered Surveyors.

**“THE WORLD IS FACING GROWING CHALLENGES OF EXPLOSIVE POPULATION GROWTH. I CHOSE AN ARCHITECTURAL DEGREE, BECAUSE ARCHITECTS ARE UNIQUELY PLACED TO MEET THESE CHALLENGES HEAD ON.”**

Hayley Edwards
Bachelor of Architectural Design
Master of Architecture with Master of Landscape Architecture
BUSINESS AND ECONOMICS

$55.2K MEDIAN GRADUATE STARTING SALARY*

E-CHALLENGE BUSINESS PLANNING COMPETITION

GRADUATE CAREER READINESS COURSE AVAILABLE

* Source: Salaries by study area, Graduate Outcomes Survey National Report, Quality Indicators for Learning and Teaching (QILT), Australian National University, 2017
Professional accreditation
The Business School and the Entrepreneurship Commercialisation and Innovation Centre are accredited by the Association to Advance Collegiate Schools of Business (AACSB). With only the world’s best schools earning the honour, this is the hallmark of business education excellence.

Many of our undergraduate business courses have also met the competence area requirement for Chartered Accountants Australia and New Zealand.

Women in Economics program
Supporting our female economics students, the Women in Economics career development program regularly hosts distinguished guests for events like panel presentations, networking, seminars, workshops, mock scenarios and meetings.

To read the latest about the program visit: facebook.com/uoaWomenInEcon

Graduate Career Readiness course
Developing the skills and competencies expected by today’s employers, our Graduate Career Readiness course will enhance your competitive employment advantage and ability to achieve your career goals.

You’ll attend a number of hosted industry site visits, enabling you to familiarise yourself with contemporary workplaces and network with potential future employers. You will also gain valuable insight from industry guest speakers on leadership, creative thinking and presentation skills.

Charlie Bell Scholarship for Future Leaders
This scholarship rewards successful candidates with a contribution of up to $15,000 towards tuition fees for their chosen undergraduate or postgraduate study.

For more information, visit: mcdonalds.com.au/charlie-bell-scholarship

Financial Markets Lab
This state-of-the-art learning facility will enable you to: access analysts’ international company reports; construct investment portfolios, and stress-test their performance in specific market conditions; observe live market performance; and monitor real-time financial news feeds, via the Thomson Reuters Eikon database.

eChallenge New Venture accelerator program
If you have a novel, practical business idea to design and develop, our 12-week Australian eChallenge accelerator program provides the ideal platform. Specialised workshops guide teams through the entire new-venture process: from initial opportunity assessment through to marketing, finance, intellectual property, developing a viable business model, and pitching to potential investors.

As a University of Adelaide student, you may even be able to undertake it as part of your degree.

For more information, visit: adelaide.edu.au/echallenge/workshops-and-courses

“THE STUDENT COMMUNITY AND EXTRACURRICULAR ACTIVITIES ON OFFER MAKES IT SO MUCH MORE THAN JUST A PLACE TO STUDY. I’VE BEEN ABLE TO EXPLORE MY PASSIONS AND LEARN FROM A VARIETY OF PROFESSIONALS WITH LEADERSHIP OPPORTUNITIES THAT HAVE PREPARED ME FOR MY CAREER.”

Mary Kelly
Bachelor of Innovation and Entrepreneurship
A career with currency

Our modern economy depends on good accounting. We need experts who understand and can explain the financial and social business environment to others. Accountants advise people through good times and bad. They dig for financial truth, consider consequences and work out the best path forward.

What will you do?

Our Bachelor of Accounting teaches fluency in the language of business and finance. You will:

• explore economic concepts, theories and analytical techniques
• learn the fundamentals of financial and management accounting
• understand auditing and taxation in depth
• study economics, business mathematics and business law
• consider technology’s role and ways to build positive client relationships
• work on industry projects and internships.

Where could it take you?

Accounting graduates are always in demand and enjoy both stability and variety. You might work with a charity, in education or for the government. Perhaps you’ll become chief financial officer at a company or manage budgets in the sporting world. You could even unmask financial deceptions as a forensic accountant.

Professional accreditation

Upon completion of the Bachelor of Accounting, you’ll be eligible to apply for associate membership to either Chartered Accountants Australia and New Zealand or CPA Australia. To achieve full membership, both bodies require an additional program of study and a stipulated length of work experience.

Deliver organisational success
Business leaders have vision. They take responsibility and tackle challenges. They devise solutions, drive progress and unite people to pursue common goals.

What will you do?
Our Bachelor of Business Management fast-tracks your self-confidence and initiative, priming you for leadership in today's business world. You will:

- learn to effectively manage people, resources and projects
- explore business finance and commercial law
- study strategic planning and the science of decision-making
- consider client relations, ethics and the role of technology
- build real-world skills through internships, industry projects and entrepreneurial challenges.

We also encourage learning in a wide range of specialised areas, adding diverse skills to your resume.

Where could it take you?
You could plan sales strategies for a video gaming enterprise or negotiate cross-border trade deals. You might design, launch and lead your own space travel start-up. Perhaps you’ll keep a gourmet coffee franchise on track or protect company data in a cybersecurity role.

Maximise your value
Want to strengthen your business skills with financial expertise? Relationships and vision are vital for business management. However, the ability to understand, analyse and use financial information is what makes a trusted business leader.

What will you do?
Our Bachelor of Business Management and Accounting gives you a significant advantage in today’s business world. You will:

- study strategic planning and the science of decision-making
- understand the fundamentals of financial and management accounting
- take core courses in commercial law, data analytics and marketing
- learn to effectively manage people, resources and projects
- build real-world skills through internships, industry projects and entrepreneurial challenges.

We also encourage learning in a wide range of specialised areas, adding diverse skills to your resume.

Where could it take you?
You could keep company money matters above board as an auditor. You might spend your time liaising with investors. Perhaps you’ll find creative ways to cut costs as a budget analyst, corporate treasurer, or financial controller.

Professional accreditation
Upon completion of the Bachelor of Business Management and Accounting, you’ll be eligible to apply for associate membership to either Chartered Accountants Australia and New Zealand or CPA Australia. To achieve full membership, both bodies require an additional program of study and a stipulated length of work experience.

Hit the ground running
The University of Adelaide is ranked highest in South Australia for Business and Management*. We’re ready and excited to support your unique pathway to high-level employability and a confident, business-savvy future.

What will you do?
Our Bachelor of Commerce is flexible and progressive. We place a strong emphasis on critical thinking, adaptability and communication skills.

In first-year you’ll complete a range of core business and management courses. In second and third-year you’ll choose up to two major areas of study—or a major and up to two minors—to accommodate different career interests. Areas include:

- Accounting
- Accounting and Corporate Finance (double major)
- Corporate Finance
- International Business
- Business Management
- Marketing
- Entrepreneurship (minor only)
- Project Management (minor only).

Where could it take you?
Studying commerce leads to a wealth of opportunities in business. If your strengths lie in understanding and working with people you might pursue marketing or project management. You could put your skills to use championing early-stage startups. Perhaps you’ve a knack for patterns and numbers that will see you move into accounting or market research.

* 2018 QS World University Rankings
Get your foot in the door

Our one-year Diploma in Business sets you up for understanding and working in the business world. It’s a great introduction to business for students who want to explore the topic before undertaking the full bachelor degree.

The diploma also acts as a recognised qualification should you choose to come out of the Bachelor of Commerce after one year of learning.

What will you do?

• Explore principles of marketing, management, business law, accounting and business statistics.
• Build communication skills for business contexts.
• Apply your learning to real-world scenarios.
• Work with researchers and peers in a Small Group Discovery Experience.
• Develop cultural and ethical awareness.

Where could it take you?

If you want to study further, and successfully pass the diploma, you’ll be guaranteed entry into a range of University of Adelaide business degrees, plus gain credit for the first year. You could also seek employment in entry level business positions, perhaps as a marketing assistant, assistant broker or sales manager.

---

Be an asset wherever you go

Supporting a corporation’s growth takes intelligence and skill. Corporate financiers balance funds and predict the best moves to make. They problem-solve, make decisions and take responsibility.

What will you do?

Our Bachelor of Corporate Finance builds professional skills, knowledge and discipline. You will:

• learn how financial managers make investment and financing decisions
• understand how financial instruments and capital markets are used to enhance returns and manage risks
• study management theory, business maths, business law and economics
• work on industry projects and internships
• build critical thinking, communication and leadership skills.

If you want to focus your skill set you can also minor in specialised business areas—from Public Administration to Marketing and Entrepreneurship.

Where could it take you?

You’ll graduate ready to thrive in the corporate realm. You might build and maintain links with investors. You could negotiate billion-dollar mergers and acquisitions. Perhaps you’ll end up securing a top-paying job on Wall Street or in Hong Kong’s bustling Central business district.

---

Connect with your world

Economists study the world through the analysis of decision-making in households, businesses and broader society. They examine details and put pieces together, always striving to understand the ‘big picture’.

Armed with these insights, economists can give expert advice on business strategy, understand the background behind the news, influence public policy for a better world, and make informed personal financial decisions.

What will you do?

Our Bachelor of Economics sets you up to understand and shape our economy’s future. You will:

• learn how to break down complex issues into resolvable questions
• discover advanced techniques for analysing and managing data
• study how maths and statistics are applied to economics
• explore matters relating to the growth and stability of the whole economic system
• investigate social issues such as inequality, housing affordability, environmental management and depleting natural resources.

There are also opportunities for professional internships in Adelaide, other Australian cities and overseas.

Where could it take you?

Economics graduates go on to all sorts of exciting careers. You might be a high-stakes stockbroker, banker, or financial planner, a data analyst in a government agency or health economist with a pharmaceutical group. You could be a demand planner in a big wine company. Perhaps you’ll end up working in journalism, foreign affairs or mobile game development.
Double Degrees
Economics can be studied successfully with other degrees (as a double degree or a concurrent degree) to broaden your career scope. Options include:

- Bachelor of Arts with Bachelor of Economics
- Bachelor of Economics with Bachelor of Finance
- Bachelor of International Relations with Bachelor of Economics
- Bachelor of Teaching (Secondary) with Bachelor of Economics
- other complementary areas like law, psychology, mathematics and computer science.

For more information please contact a faculty student adviser at: professions@ask.adelaide.edu.au

Scholarship
The Eric Smith Scholarship awards $1,500 to the commencing student with the highest overall Selection rank who enrolls in the single degree Bachelor of Economics program at the University of Adelaide. Recipients must be Australian citizens or permanent residents of Australia undertaking study as a Commonwealth supported student.

BACHELOR OF ECONOMICS (ADVANCED)

SATAC CODE: 324791
SELECTION RANK: 95.85 / 38
DURATION: 3 years full-time
CAMPUS: North Terrace
GUARANTEED ENTRY: 95

ASSUMED KNOWLEDGE:
Knowledge of mathematics is helpful for finance, economics and commerce courses.

ADDITIONAL ENTRY REQUIREMENTS:
Year 12 applicants must obtain a Selection rank of 95 or higher (or equivalent).

For economic innovators
Aspire to be a leader in business, policy or research?
The Bachelor of Economics (Advanced) is a uniquely structured and specialised degree for students who want to stand out in their field.

What will you do?
Our advanced degree emphasises research and high-level analytical skills. You will:
- interact with and learn from eminent researchers, notable economists from abroad, and high-ranking economists practising in the private and public sector
- have the opportunity to partner with an academic mentor who will support and encourage your intellectual development
- access three unique courses specifically designed for high-achieving students

benefit from small-group work, special activities and events with distinguished visitors.

Where could it take you?
You might specialise in maths and statistics and become an econometrician, working in logistics and modelling transport infrastructure. You could write pioneering policy around education, taxation or mental health. Perhaps you’ll use behavioural economics to encourage people to recycle, or research the potential impacts of a universal basic income.

Concurrent degrees
You can also expand your career options even further by studying the Bachelor of Economics (Advanced) concurrently with another degree, for example the Bachelor of Laws. For more information, contact a faculty student adviser at: professions@ask.adelaide.edu.au

Scholarship
The John Creswell Scholarship awards $5,000 to the commencing student with the highest overall Selection rank who enrolls in the Bachelor of Economics (Advanced) program at the University of Adelaide. This scholarship is open to Australian citizens or permanent residents of Australia.

“My degree significantly strengthened my analytical, research and problem solving skills, as well as being able to communicate effectively.”

Yahdullah Haidari
Bachelor of Economics (Honours)
BACHELOR OF FINANCE

SATAC CODE: 314401
SELECTION RANK: 68.25 / 24
DURATION: 3 years full-time
CAMPUS: North Terrace
GUARANTEED ENTRY: 75

Be the best in the business
Studying finance means learning the art of money management. What are the ins and outs of the financial world? How can individuals and employers best reach their financial goals?

Finance professionals are pragmatic, quick-thinking and ambitious. They’re skilled problem-solvers who stay informed and get results.

What will you do?
Our Bachelor of Finance gives you the skills and knowledge to excel in finance. You will:
- understand wealth management and financial modelling in depth
- study valuation issues and financial markets
- explore international trade and finance
- learn about specialised financial institutions and their asset classes
- build critical thinking, problem-solving and communication skills.

If you’re interested in a more global perspective, we also offer the Bachelor of Finance (International), a specialised stream that emphasises adaptability and large scale insights.

Where could it take you?
You could work in commercial banking as a sales associate, trust officer or loan officer. You might become a financial adviser, helping people secure their dream homes and plan for retirement. Perhaps you’ll pursue data analysis or even manage a hedge fund.

Professional accreditation
Some Bachelor of Finance courses provide opportunities for gaining affiliate membership of the Financial Services Institute of Australia. They also cover material relevant for entry to the Chartered Financial Analysts and Financial Planning Association. Additionally, completing certain courses will enable you to obtain partial compliance with the Australian Securities and Investments Commission RG146 (tier 1 Compliance) in the areas of generic knowledge derivatives and securities.

Double degrees
- Bachelor of Economics with Bachelor of Finance
- Bachelor of Mathematical and Computer Sciences with Bachelor of Finance
- Bachelor of Engineering (Honours) (Chemical, Civil, Environmental, Electrical and Electronic, Mechanical) with Bachelor of Finance.

Concurrent degrees
You can study the Bachelor of Finance concurrently with our:
- Bachelor of Arts
- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of International Development
- Bachelor of Laws
- Bachelor of Media
- Bachelor of Social Sciences
- Bachelor of International Relations
- Bachelor of Criminology
- Bachelor of Sociology.

Students wishing to undertake a concurrent degree should initially enrol in just one of those degrees, and apply for the second during their first year of study.
For further information, contact a faculty student adviser at: professions@ask.edu.au

BACHELOR OF INNOVATION AND ENTREPRENEURSHIP

SATAC CODE: 314401
SELECTION RANK: 68.25 / 24
DURATION: 3 years full-time
CAMPUS: North Terrace
GUARANTEED ENTRY: 75

Be the best in the business
Studying finance means learning the art of money management. What are the ins and outs of the financial world? How can individuals and employers best reach their financial goals?

Finance professionals are pragmatic, quick-thinking and ambitious. They’re skilled problem-solvers who stay informed and get results.

What will you do?
Our Bachelor of Innovation and Entrepreneurship gives you knowledge, access to networks and a growth mindset for success. You will:
- hone your ability to identify, assess and develop opportunities
- understand financial planning and management
- learn the business modelling behind innovations’ commercialisation
- start your own venture in the University’s ThincLab incubator
- get hands-on help from experienced mentors and professionals.

There are also unique opportunities for study in linked ThincLab incubators in Singapore and France. In these locations you can:
- apply international perspectives and strategies to your ventures
- tap into supported international learning
- access different cultures, networks and opportunities.

Where could it take you?
You might shine a spotlight on an unexpected renewable energy source. You could explore ecotourism or virtual reality. Perhaps you’ll invest in a world-changing approach to everyday healthcare. This degree is also suitable if you want to be a corporate intrapreneur, driving innovative products and services for employers. You could even find alternative career pathways in government and not-for-profit sectors.

Some Bachelor of Finance courses provide opportunities for gaining affiliate membership of the Financial Services Institute of Australia. They also cover material relevant for entry to the Chartered Financial Analysts and Financial Planning Association. Additionally, completing certain courses will enable you to obtain partial compliance with the Australian Securities and Investments Commission RG146 (tier 1 Compliance) in the areas of generic knowledge derivatives and securities.

Double degrees
- Bachelor of Economics with Bachelor of Finance
- Bachelor of Mathematical and Computer Sciences with Bachelor of Finance
- Bachelor of Engineering (Honours) (Chemical, Civil, Environmental, Electrical and Electronic, Mechanical) with Bachelor of Finance.

Concurrent degrees
You can study the Bachelor of Finance concurrently with our:
- Bachelor of Arts
- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of International Development
- Bachelor of Laws
- Bachelor of Media
- Bachelor of Social Sciences
- Bachelor of International Relations
- Bachelor of Criminology
- Bachelor of Sociology.

Students wishing to undertake a concurrent degree should initially enrol in just one of those degrees, and apply for the second during their first year of study.
For further information, contact a faculty student adviser at: professions@ask.edu.au

Blaze your own path
Entrepreneurs and investors see the world for what it could be. In an ever-changing landscape, they take the risks to start up new businesses and social ventures. Successful entrepreneurs are savvy, resilient and well connected. At the University of Adelaide, we invest in your potential.

What will you do?
Our Bachelor of Innovation and Entrepreneurship gives you knowledge, access to networks and a growth mindset for success. You will:
- hone your ability to identify, assess and develop opportunities
- understand financial planning and management
- learn the business modelling behind innovations’ commercialisation
- start your own venture in the University’s ThincLab incubator
- get hands-on help from experienced mentors and professionals.

There are also unique opportunities for study in linked ThincLab incubators in Singapore and France. In these locations you can:
- apply international perspectives and strategies to your ventures
- tap into supported international learning
- access different cultures, networks and opportunities.

Where could it take you?
You might shine a spotlight on an unexpected renewable energy source. You could explore ecotourism or virtual reality. Perhaps you’ll invest in a world-changing approach to everyday healthcare. This degree is also suitable if you want to be a corporate intrapreneur, driving innovative products and services for employers. You could even find alternative career pathways in government and not-for-profit sectors.
Get what it takes to go global

Want to pursue a career in international business management?

More and more business experts are learning to operate at the global level. This requires a greater grasp of the commercial world and the skills to adapt in foreign environments.

What will you do?

Our Bachelor of International Business is all about analytical thinking and international awareness. You will:

• take foundational courses in business statistics, commercial law, management, marketing, accounting and finance
• study international business environments, operations and law
• learn about managing and marketing across cultures
• consider corporate responsibility in a global context
• develop decision-making and leadership skills.

You can also head off on an overseas study tour during your degree.

Where could it take you?

You’ll emerge ready to use your global insights in a range of career roles. You might work across continents for a major multinational. You could be a trade analyst or developer. Perhaps you’ll help establish new international ventures and partnerships.

An instinct for influence

Marketing is an essential part of any organisation. It’s about attracting consumers, building great relationships and improving brands.

Marketing experts are strategists, innovators and communicators. They craft irresistible experiences, delight customers and create value.

What will you do?

Our Bachelor of Marketing is highly future-oriented. You will:

• understand buyer mind-sets and behaviour
• learn modern marketing theories and research techniques
• develop business knowledge in accounting, finance, management, business statistics, and commercial law
• explore the roles of customer insights, strategy, market offers and brand management
• build the advanced analytic, decision-making and people skills needed for leadership roles.

Where could it take you?

Our graduates go on to all sorts of exciting marketing careers. You could shape the future of global food, fashion or tech brands. You might analyse consumer data and suggest sales strategies based on your research. Perhaps you’ll innovate on social media, connect with partners in public relations or represent the athletic elite as a sports agent.

For variety and challenge

Project management is about delivering successful results for business, government and the community. It requires passion, resolve and vision.

Project managers are expected to take charge of complex tasks and keep things on track. They recruit people, coordinate activities, organise and problem-solve.

What will you do?

Our Bachelor of Project Management gives you the skills and knowledge to excel in the professional realm. You will:

• research project management practices and concepts
• assess and manage risk in a wide variety of project scenarios
• build the soft skills needed to motivate and lead teams
• develop specific knowledge in an industry or field of your choice
• study ways of fostering creativity and innovation.

Where could it take you?

Opportunities for qualified project managers are increasing at pace. You could guide a defence project or manage sporting events. You might work on the global stage guiding community projects in less developed countries. Perhaps you’ll lead an IT team in Silicon Valley or oversee development of a multi-storey tower in Dubai.
LAW

* Salaries by study area, Graduate outcomes survey national report, Quality Indicators for Learning and Teaching (QILT), Australian National University, 2017
** QSWorld University Rankings by Subject 2018
There are few disciplines more challenging or satisfying than law.

The deep analytical thinking developed from a law degree is sought-after not only in the legal profession, but in many other areas of employment, including commercial and government sectors.

Moot court

Adelaide Law School’s moot courtroom gives you the chance to build crucial advocacy skills throughout your degree. Your time spent here—participating in debating, moot competitions and practical training—will thoroughly familiarise you with real-world court processes and procedures.

Adelaide Law School free legal clinics

You can also gain valuable professional experience while giving back to the South Australian community at one of our free legal clinics.

Run by University of Adelaide students under the direction of qualified legal practitioners, our free services play a vital role in providing legal support to those in society who ‘fall through the gaps’.

Next Steps program

As part of our career-readiness program, you’ll explore career options, enhance networking skills, and build links with potential employers and colleagues.

Exchanges and short study tours

During your law degree you’ll have the opportunity to study overseas at a leading university and have it count towards your qualification.

You could undertake a short study tour of just a few weeks, complete a specific program over a month or two, or soak up the culture for a semester or full academic year.

At the Adelaide Law School we have partnerships with eight leading overseas universities:

- University of Alberta (Canada)
- University of Copenhagen (Denmark)
- University of Mannheim (Germany)
- University of Montreal (Canada)
- Pace University (USA)
- KU Leuven (Belgium)
- Shanghai Jiao Tong University (China)
- Peking University (China).

Scholarships

The Dr Duncan Memorial Scholarship is open to University of Adelaide Bachelor of Laws students undertaking their first, second or third year of study. To apply, you must be a citizen of Australia or New Zealand, permanent resident of Australia, or hold a permanent humanitarian visa, and be studying full-time as a Commonwealth-supported student.

For further information, visit: scholarships.adelaide.edu.au/scholarship/ug/professions/dr-duncan-memorial-scholarship

Internships

You’ll have many opportunities to undertake industry internships or Clinical Legal Education courses during your studies. These provide an exciting chance to gain real legal experience, while simultaneously completing a three-unit law elective.

“UNIVERSITY WAS THE FIRST PERIOD OF MY LIFE WHERE I FELT LIKE I WAS TRULY ENGAGED WITH A DEEP BODY OF ACADEMIA. IT WAS IMMENSELY REWARDING, AND I AM A BETTER PERSON FOR HAVING DEDICATED MY TIME TO IT.”

Mitchell Stapleton-Coory
Bachelor of Laws
BACHELOR OF LAWS

SATAC CODE  
324111, 324251  
SELECTION RANK IB  
95.05 / 37

Balance the scales of justice

Studying law is about understanding our society and the power structures within it. Why do we have the laws we do? How have they evolved? How should we interpret them? Whether you want to uphold, use or change the system—law can take you just about anywhere.

What will you do?

Our Bachelor of Laws can be completed as a single degree or as part of a double degree program. You will:
• explore legal concepts, processes and methods within common law principles and legal methodology
• build ethical reasoning, policy-based analysis and oratory skills
• gain rigorous knowledge of the areas of law necessary to undertake legal practice
• go deeper by choosing from our broad list of electives
• learn from legal professionals, former judges and international academics
• undertake internships in areas such as Public Law, Native Title Law and Human Rights Law
• form connections through the University’s Lex Salus, Next Steps and Law Students’ Society events.

Where could it take you?

Law can take you all over the world. You might advocate for asylum seekers or be a voice for the environment. With a little additional training (see Professional accreditation) you could guide innovative businesses as an in-house counsel or lead legal reform drafting new bills in government. Perhaps you’ll go on to prosecute criminals, or preside in a Supreme Court.

Professional accreditation

Our Bachelor of Laws is accredited by the Legal Practitioners’ Education and Admission Council in South Australia; and provides the academic foundation for admission to legal practice throughout Australia.

To be admitted to practise in Australia, however, you must complete further practical legal training.

In South Australia, we—the University of Adelaide—together with the Law Society of South Australia, provide this additional training through our Graduate Diploma in Legal Practice. But if you intend to seek admission to practise elsewhere, you should seek advice from the admitting authority in the relevant jurisdiction.

Upon graduation from the Bachelor of Laws and completion of the Graduate Diploma in Legal Practice, you’ll be eligible to be admitted to the Supreme Court of South Australia (with a restricted practising certificate). Once admitted, you can then apply for admission in any other Australian jurisdiction.

Double and concurrent degrees

You can also expand your career options even further by studying the Bachelor of Laws with another degree. You have two double-degrees to choose from:
• Bachelor of Criminology with Bachelor of Laws
• Bachelor of Criminology with Bachelor of Laws (Honours)

STUDY THE GRADUATE DIPLOMA IN LEGAL PRACTICE

Practical Legal Training at Adelaide Law School

Whether you’re a local, interstate or international law graduate, the University of Adelaide’s Graduate Diploma in Legal Practice (GDLP) will give you the practical skills and accreditation required to practise law in Australia.

The Adelaide GDLP

• Flexible—intensive, weekend and after-hours study modes are offered
• Connected with industry—our networks give you significant opportunity to connect with legal professionals in South Australia and build ongoing relationships
• Accelerated—the program can be completed in just 20 weeks
• Strong on advocacy—you’ll undertake advocacy training with senior practitioners in the South Australian District Court
• Placement a priority—should you have difficulty finding your own placement we’ll step in to help you make it happen (many firms exclusively accept our school’s students).

How to apply
Applications to University of Adelaide undergraduate programs are made online via SATAC: satac.edu.au
The application closing date for 2020 entry is 30 September 2019. Bachelor of Medicine and Bachelor of Surgery and Bachelor of Dental Surgery applicants should refer to the UCAT website for information on the University Clinical Aptitude Test (UCAT) including application and test dates: ucat.edu.au/ucat-anz/

International students should refer to: international.adelaide.edu.au/apply

Entry pathways
There are many pathways applicants can take to apply to the University of Adelaide, including SACE, International Baccalaureate (IB), STAT, TAFE, preparatory programs, foundation study and more.
To find out more about the available pathways, visit adelaide.edu.au/study and select Entry Pathways from the menu.

Fees and costs
In 2019, student contributions for Commonwealth supported students studying an equivalent full-time study load were as follows.

Band 1:
Humanities, behavioural sciences, social studies, foreign languages, visual and performing arts, education, nursing, clinical psychology; ...... $6,566

Band 2:
Computing, built environment, allied health, other health, engineering, surveying, agriculture, science, mathematics, statistics; .......... $9,359

Band 3:
Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce................................. $10,958

These annual fees are indicative only as actual charges are determined at the course level based on the area of study. Fees may increase in 2020.

HECS Higher Education Loan
This program, known as HECS-HELP assists eligible students to pay their student contribution. Further information is available at: www.studyassist.gov.au

Scholarships
The University of Adelaide has a range of scholarships available to students from a variety of backgrounds and academic levels.

Comprehensive information about scholarships, and how to apply, can be obtained by contacting us (refer below for details) or visiting the scholarships website: adelaide.edu.au/scholarships

Student services and amenities fee
Students are charged an annual student services and amenities fee (SSAF) to assist with the funding of student services and amenities at the University. In 2019, the SSAF amount for full-time students was $303, and for part-time students it was $227. Fees may increase in 2019. Eligible students may defer this fee to an SA-HELP loan.

For further information about the SSAF and SA-HELP visit: adelaide.edu.au/student/finance and select Other Fees and Charges.

Additional costs
Students may be required to pay for specialist equipment, reading materials, etc. Students are advised not to purchase any equipment until they receive their faculty/school handbook, available during orientation.

For more information on other program-related fees and charges, visit adelaide.edu.au/student/finance and select Other Fees and Charges.

Bonus points
SATAC centrally administer a South Australian Universities Bonus Scheme. The two schemes are the SA Universities Equity Scheme and the SA Language, Literacy and Mathematics Bonus Scheme.

For more details, please visit adelaide.edu.au and search Bonus Points.

Degree intake
Many undergraduate degrees will allow students to begin study in February or July. Please refer to individual degrees on Degree Finder (www.adelaide.edu.au/degree-finder) to check whether midyear entry is available.

Where Degree Finder states ‘subject to availability’ applicants should contact Ask Adelaide (refer below for details) to check whether midyear entry is available.

Deferring your studies
Most undergraduate degrees can be deferred for up to two years. Please refer to specific degrees for exceptions.

English language requirements for international students
All international students undertaking an Australian year 12 program are required to achieve a Pass grade or above in one of the approved English as a Second Language or English language subjects.

If an applicant attempts, but does not pass, the English language subject then alternative options, such as an acceptable English language proficiency test result, may be arranged.

Details of recognised subjects and recognised tests and requirements are available by visiting international.adelaide.edu.au/apply, selecting Admissions Information from the menu, then English Language Requirements.

Successful completion of the International Baccalaureate (IB) diploma meets the English language requirements of the University of Adelaide.

Permanent residency
International students who have studied an Australian year 12 program or the IB and expect to be granted Australian permanent residency before the commencement of their university study must contact the International Office.

To contact the International Office for more information, visit international.adelaide.edu.au, select About Us from the menu, then International Office and Enquire Now.

Accommodation
The University understands that finding the right accommodation is important to successful study. For accommodation options and costs please visit: adelaide.edu.au/accommodation
