Education that enlightens

Studying with South Australia’s highest ranked university—consistently placed among the world’s top 1%—equips students to be tomorrow’s leaders.

Having learnt from, and with, teachers and researchers who are themselves international leaders in their fields, our graduates are highly regarded and professionally recognised around the globe. What’s more, they’re well prepared to take advantage of the opportunities this recognition can bring; with a complementary emphasis on practical career skills, we’re also the state’s leading university for graduate employability*.

Our long and proud tradition instils confidence in our students. We are Australia’s third-oldest university and have a history of excellence in education spanning more than 145 years.

We are distinguished by a commitment to equality and an ongoing focus on delivering outstanding research for the benefit of society. The University has played key roles in many of the world’s important discoveries and advancements, and our alumni have contributed significantly to shaping the educational, political and social arenas of their day.

At the University of Adelaide, students are taught, supported and inspired to be everything they can be.

WHY BUSINESS, LAW AND ECONOMICS?

Welcome to the Faculty of the Professions, where putting 'leading thought into leading practice' is our guiding principle.

Study with us and you will emerge as a career and world-ready graduate, through:

- learning and teaching underpinned by world-class research
- structured study pathways that prepare you to achieve external professional accreditation
- a business school and centre awarded international accreditation from the Association to Advance Collegiate Schools of Business (AACSB)*
- outstanding development programs and support networks
- real-world, experience-building internships
- horizon-expanding exchange programs and tailored study tours.

*AACSB accreditation is a hallmark of excellence in business education. It has been earned by less than five per cent of the world's business schools.

Executive Experience study tours

Available as an undergraduate or postgraduate elective, our Executive Experience study tours will enable you to take a transformational leap in personal and professional development.

Conducted in Sydney over the course of a week, you'll learn from experts in multiple fields—everything from building personal brands to effective networking, communication and presentation, dining etiquette, business protocol, cultural awareness, and even professional styling.

You'll be given exclusive opportunities to visit top organisations, attend high-level networking and panel sessions with industry professionals, and gain insight from the Sydney School of Protocol.

Free 'Future Leaders' program

Our free 'Future Leaders' program provides Year 10, 11 and 12 students the opportunity to:

- participate in exciting and engaging workshops focused on lifelong learning, entrepreneurship, law, economics and business practices
- attend University campus events to meet like-minded students passionate about business, law and economics
- understand the relationship between high school subjects and university studies, and how to formulate this passion into a rewarding career and future success.

For more information and to join, visit: www.business.adelaide.edu.au/futureleaders

Go global with us

The University of Adelaide has links with a number of leading international universities, giving you the opportunity to study overseas (subject to any travel restrictions) and have it count towards your degree. Ranging from 10 days to three weeks, study tours are organised by the University of Adelaide, with participating students accompanied by University staff. Past tours have taken place in Europe, South America and Asia.

Many are partially subsidised by the University or Australian Government, and you may be also eligible for an OS-HELP loan to part-fund your participation. Tours are run in University holiday periods during summer and winter school, and earn credit for up to two courses.

Scholarships

Adelaide Refugee and Humanitarian Scholarship

The University of Adelaide is committed to ensuring our high-quality, distinctive education is accessible to all. Our Adelaide

Professional accreditation

The Adelaide Business School and its Entrepreneurship Commercialisation and Innovation Centre are accredited by the Association to Advance Collegiate Schools of Business (AACSB). With only the world's top 5% of business schools earning the honour, this is the hallmark of business education excellence.

Our commitment to engagement and entrepreneurial excellence is also recognised on a global scale—we are the only university in the world to receive dual accreditation for these qualities from the international Accreditation Council for Entrepreneurial and Engaged Universities (ACEEU).

In addition, many of our undergraduate business courses have met the competence area requirement for CPA Australia and Chartered Accountants Australia and New Zealand (CA ANZ).

And finally, we are also seeking accreditation for our Bachelor of Commerce and Bachelor of Finance degrees from the Financial Adviser Standards and Ethics Authority (FASEA).

Women in Economics program

Supporting our female economics students, the Women in Economics career development program regularly hosts distinguished guests for events like panel presentations, networking, seminars, workshops, mock scenarios and meetings.

To read the latest about the program, visit: www.facebook.com/uoaWomenInEcon

Graduate Career Readiness course

Developing the skills and competencies expected by today's employers, our Graduate Career Readiness course will enhance your competitive employment advantage and ability to achieve your career goals.

You'll attend a number of hosted industry site visits, enabling you to familiarise yourself with contemporary workplaces and network with potential future employers. You will also gain valuable insight from industry guest speakers on leadership, creative thinking and presentation skills.

Charlie Bell Scholarship for Future Leaders

This scholarship rewards successful candidates with a contribution of up to \$30,000 towards tuition fees for their chosen undergraduate or postgraduate study. Shortlisted applicants will also have the opportunity to participate in a foundational leadership program facilitated by DDI Consultants. For more information, visit: www.mcdonalds.com.au/charlie-bell-scholarship

Financial Markets Lab

Gain familiarity and confidence with the systems the finance professionals use so you are industry-ready the moment you leave this state-of-the-art learning facility.

Our Financial Markets Lab will let you construct investment portfolios, stress-test their performance in specific market conditions, observe live market performance, and monitor real-time financial news feeds, via the powerful Refinitiv Eikon database.

eChallenge New Venture accelerator program

If you have a novel, practical business idea to design and develop, our 12-week Australian eChallenge accelerator program provides the ideal platform. Specialised workshops guide teams through the entire new-venture process: from initial opportunity assessment through to marketing, finance, intellectual property, developing a viable business model, and pitching to potential investors.

As a University of Adelaide student, you may even be able to undertake it as part of your degree.

Broad foundations, focused expertise

In the modern business world, it’s not enough to be a jack of all trades; you must also master at least one. Our Bachelor of Business gives you that career edge, complementing a foundation of broad commercial awareness with focused expertise in management, international business or digital marketing and communications.

What will you do?

- Emphasising strategic thinking, innovation and flexibility, the degree prepares you to play a leading role in supporting, growing and transforming sustainable enterprises through your chosen area of specialisation. You will build broad knowledge of contemporary global business issues; explore business life cycles, data analysis, cultural diversity and the entrepreneurial mindset; then focus your career direction through a major or double major. Options include:
- Management
 - International Business
 - Digital Marketing and Communications
 - or any two of these.

You’ll also have the opportunity to hone your abilities through a real-world capstone experience. This could be an internship; industry project; participation in the Australian eChallenge or Tech eChallenge; or approved Business School study tour.

You will emerge ready to research and analyse diverse business problems, develop powerful, evidence-based solutions, and promote ethical, sustainable business through innovation and clearly articulated strategic thinking.

Where could it take you?

Wherever your specialisation and industry interests meet. You could take on an important coordination role in a growing biotech company. You might help a local agrifood operation establish itself overseas. Perhaps you’ll digitally market a cross-border street-art cooperative’s services to cities all over the world.

Get your foot in the door

Our one-year Diploma in Business sets you up for understanding and working in the business world. It’s a great introduction to business for students who want to explore the topic before undertaking the full bachelor degree. The diploma also acts as a recognised qualification should you choose to exit from the Bachelor of Commerce, or Bachelor of Business after one year of learning.

What will you do?

- Explore principles of marketing, management, business law, accounting and business statistics.
- Build communication skills for business contexts.
- Apply your learning to real-world scenarios.
- Work with researchers and peers in a small-group discovery experience.
- Benefit from collaborative problem-solving, reflections and online discussions.
- Develop cultural and ethical awareness.

Where could it take you?

If you want to study further, and successfully pass the diploma, you’ll be guaranteed entry into a range of University of Adelaide business degrees, plus gain credit for the first year. You could also seek employment in entry-level business positions, perhaps as a marketing assistant, assistant broker or sales manager.

Drive strategic accounting, finance or marketing

With technological and societal change constantly reshaping commercial enterprise, the need for business professionals to be strategic, innovative and adaptable has never been greater.

Our Bachelor of Commerce gives you these vital career advantages, while delivering professional accreditation in accounting, finance or marketing.

What will you do?

- The degree gives you the knowledge, tools and insight to immediately contribute to successful organisations today—and confidently lead the sustainable enterprises of tomorrow. You will build foundational knowledge in accounting, finance, economics and commercial law; explore business life cycles data analysis, cultural diversity and the entrepreneurial mindset; then focus your career direction through a major or double major. Options include:
- Accounting
 - Corporate Finance
 - Marketing
 - or any two of these.

You’ll also have the opportunity to hone your abilities through a real-world capstone experience. This could be an internship; industry project; participation in the Australian eChallenge or Tech eChallenge; or approved Business School study tour*. You will graduate able to research and analyse diverse business problems, develop powerful, evidence-based solutions, and promote ethical, sustainable business through innovation and clearly articulated strategic thinking.

Where could it take you?

Everywhere. Complete an accounting major and you’ll be entitled to join CPA (Certified Practising Accountants) Australia and CA ANZ (Chartered Accountants Australia and New Zealand). The Corporate Finance major meets CFA (Chartered Financial Analyst) Institute entry requirements. And the marketing major’s accredited with the AMI (Australian Marketing Institute).

* Students undertaking a double major in Corporate Finance and Marketing must complete the course Marketing Planning Project for their capstone experience

Connect with your world

Economists study the world through the analysis of decision-making in households, businesses and broader society. They examine details and put pieces together, always striving to understand the ‘big picture’.

Armed with these insights, economists can give expert advice on business strategy, understand the background behind the news, influence public policy for a better world, and make informed personal financial decisions.

What will you do?

Our Bachelor of Economics sets you up to understand and shape our economy’s future. You will:

- learn how to break down complex issues into resolvable questions
- discover advanced techniques for analysing and managing data
- study how maths and statistics are applied to economics
- explore matters relating to the growth and stability of the whole economic system
- investigate social issues such as inequality, housing affordability, environmental management and depleting natural resources.

There are also opportunities for professional internships in Adelaide, other Australian cities and overseas.

Where could it take you?

Economics graduates go on to all sorts of exciting careers. You might be a high-stakes stockbroker, banker or financial planner, a data analyst in a government agency, or health economist with a pharmaceutical group. You could be a demand planner in a big wine company. Perhaps you’ll end up working in journalism, foreign affairs or mobile game development.

Double degrees

Economics can be studied successfully with other degrees (as a double degree or a concurrent degree) to broaden your career scope. Options include:

- Bachelor of Arts with Bachelor of Economics
- Bachelor of Economics with Bachelor of Finance
- Bachelor of International Relations with Bachelor of Economics
- other complementary areas like law, psychology, mathematics and computer science.

For more information, please contact a faculty student adviser at: professions@ask.adelaide.edu.au

Scholarship

The Eric Smith Scholarship awards \$1,500 to the commencing student with the highest overall Selection Rank who enrolls in our single degree Bachelor of Economics program. For economic innovators

Aspire to be a leader in business, policy or research? The Bachelor of Economics (Advanced) is a uniquely structured and specialised degree for students who want to stand out in their field.

What will you do?

Our advanced degree emphasises research and high-level analytical skills. You will:

- interact with and learn from eminent researchers, notable economists from abroad, and high-ranking economists practising in the private and public sector
- have the opportunity to partner with an academic mentor who’ll support and encourage your intellectual development
- access three unique courses specifically designed for high-achieving students
- benefit from small-group work, special activities and events with distinguished visitors.

Note: You must maintain a GPA of 5.0 or you’ll be required to transfer to the Bachelor of Economics. Conversely, if you initially enrol in the Bachelor of Economics you may be eligible to transfer into the advanced degree after two or three semesters if you achieve a high enough GPA.

Where could it take you?

You might specialise in maths and statistics and become an econometrician, working in logistics and modelling transport infra-structure. You could write pioneering policy around education, taxation or mental health. Perhaps you’ll use behavioural economics to encourage people to recycle, or research the potential impacts of a universal basic income.

Concurrent degrees

You can also expand your career options even further by studying the Bachelor of Economics (Advanced) concurrently with another degree, the Bachelor of Laws for example. For more information, contact a faculty student adviser at: professions@ask.adelaide.edu.au

Be the best in the business

Studying finance means learning the art of money management. What are the ins and outs of the financial world? How can individuals and employers best reach their financial goals?

Finance professionals are pragmatic, quick-thinking and ambitious. They’re skilled problem-solvers who stay informed and get results.

What will you do?

Our Bachelor of Finance gives you the skills and knowledge to excel in finance. You will:

- understand wealth management and financial modelling in depth
- study valuation issues and financial markets
- explore international trade and finance
- learn about specialised financial institutions and their asset classes
- build critical thinking, problem-solving and communication skills.

If you’re interested in a more global perspective, we also offer the Bachelor of Finance (International), a specialised stream that emphasises adaptability and large-scale insights.

Where could it take you?

You could work in commercial banking as a sales associate, trust officer or loan officer. You might become a financial adviser, helping people secure their dream homes and plan for retirement. Perhaps you’ll pursue data analysis or even manage a hedge fund.

Professional accreditation

Some Bachelor of Finance courses provide opportunities for gaining affiliate membership of the Financial Services Institute of Australia. They also cover material relevant for entry to the Chartered Financial Analysts and Financial Planning Association.

Additionally, completing certain courses will enable you to obtain partial compliance with the Australian Securities and Investments Commission RG146 (tier 1 Compliance) in the areas of generic knowledge derivatives and securities.

The University is also seeking accreditation for this degree from the Financial Adviser Standards and Ethics Authority (FASEA).

Double degrees

- Bachelor of Economics with Bachelor of Finance
- Bachelor of Mathematical and Computer Sciences with Bachelor of Finance
- Bachelor of Engineering (Honours) (Chemical, Civil, Environmental, Electrical and Electronic, Mechanical) with Bachelor of Finance.

Concurrent degrees

You can study the Bachelor of Finance concurrently with our:

- Bachelor of Arts
- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of International Development
- Bachelor of Laws
- Bachelor of Media
- Bachelor of International Relations
- Bachelor of Criminology
- Bachelor of Sociology.

If you’d like to undertake a concurrent degree you should initially enrol in just one of those degrees, and apply for the second during your first year of study.

Blaze your own path

Entrepreneurs and investors see the world for what it could be. In an ever-changing landscape, they take the risks to start up new businesses and social ventures. Successful entrepreneurs are savvy, resilient and well-connected. At the University of Adelaide, we invest in your potential.

What will you do?

Our Bachelor of Innovation and Entrepreneurship gives you knowledge, access to networks and a growth mindset for success. You will:

- hone your ability to identify, assess and develop opportunities
- understand how to finance, market and manage a new venture or opportunity
- learn the business modelling behind innovations’ commercialisation
- start your own venture in the University’s ThincLab
- get hands-on help from experienced mentors and professionals.

There are also unique opportunities for study in our international ThincLab incubators in Singapore, France and New Zealand. In these locations you can:

- apply international perspectives and strategies to your ventures
- tap into supported international learning
- access different cultures, networks and opportunities.

Where could it take you?

You might shine a spotlight on an unexpected renewable energy source. You could explore ecotourism or virtual reality. Perhaps you’ll invest in a world-changing approach to everyday healthcare. This degree is also suitable if you want to be a corporate intrapreneur, driving innovative products and services for employers. You could even find alternative career pathways in government and not-for-profit sectors.

For variety and challenge

Project management is about delivering successful results for business, government and the community. It requires passion, resolve and vision. Project managers are expected to take charge of complex tasks and keep things on track. They recruit people, coordinate activities, organise and problem-solve.

What will you do?

Our Bachelor of Project Management gives you the skills and knowledge to excel in the professional realm. You will:

- research project management practices and concepts
- assess and manage risk in a wide variety of project scenarios
- build the soft skills needed to motivate and lead teams
- develop specific knowledge in an industry or field of your choice
- study ways of fostering creativity and innovation.

Where could it take you?

Opportunities for qualified project managers are increasing at pace. You could guide a defence project or manage sporting events. You might work on the global stage guiding community projects in less developed countries. Perhaps you’ll lead an IT team in Silicon Valley or oversee the development of a multi-storey tower in Dubai.

LAW

There are few disciplines more challenging or satisfying than law. The deep analytical thinking developed from a law degree is sought after not only in the legal profession—our graduates follow a wide variety of career paths, from practising in London’s famed ‘Magic Circle’ to jobs in the commercial and government sectors. Our graduates have also led humanitarian interventions and occupied the highest offices in the International Court of Justice.

Moot court

Adelaide Law School’s moot courtroom gives you the chance to build crucial advocacy skills throughout your degree.

Your time spent here—participating in debating, moot competitions and practical training—will thoroughly familiarise you with real-world court processes and procedures.

Adelaide Law School free legal clinics

You can also gain valuable professional experience while giving back to the South Australian community at one of our free legal clinics within the Clinical Legal Education (CLE) program. Run by University of Adelaide students under the direction of qualified legal practitioners. Our free services play a vital role in providing legal support to those who might otherwise ‘fall through the gaps’.

Next Steps program

As part of our career-readiness program, with Next Steps in Law you’ll gain a deeper understanding of how to prepare for a career in the law, exploring career options, enhancing networking skills, and building links with potential employers and colleagues.

Exchanges and short study tours

During your law degree you’ll have the opportunity to study overseas (subject to any travel restrictions) at a leading university and have it count towards your qualification. You could undertake a short study tour of just a few weeks, complete a specific program over a month or two, or soak up the culture for a semester or full academic year.

At the Adelaide Law School we have partnerships with eight leading overseas universities:

- University of Alberta (Canada)
- University of Copenhagen (Denmark)
- University of Mannheim (Germany)
- University of Montreal (Canada)
- Pace University (USA)
- KU Leuven (Belgium)
- Shanghai Jiao Tong University (China)
- Peking University (China).

Balance the scales of justice

Studying law is about understanding our society and the power structures within it. Why do we have the laws we do? How have they evolved? How should we interpret them? Whether you want to uphold, use or change the system—law can take you just about anywhere.

What will you do?

Our Bachelor of Laws can be completed as a single degree, double degree or as part of a combined degree program. You will:

- explore legal concepts, processes and methods within common law principles and legal methodology
- build ethical reasoning, policy-based analysis and oratory skills
- gain rigorous knowledge of the areas of law necessary to undertake legal practice
- go deeper by choosing from our broad list of electives
- learn from legal professionals, former judges and international academics
- undertake internships in areas such as public law, native title law and human rights law
- form connections through the University’s Lex Salus, Next Steps and Law Students’ Society events.

Where could it take you?

Law can take you all over the world. You might advocate for asylum seekers or be a voice for the environment. With a little additional training (see *Professional accreditation*) you could guide innovating

businesses as an in-house counsel or lead legal reform drafting new bills in government. Perhaps you’ll go on to prosecute criminals, or preside in a Supreme Court.

Professional accreditation

Our Bachelor of Laws is accredited by the Legal Practitioners’ Education and Admission Council in South Australia, and provides the academic foundation for admission to legal practice throughout Australia.

To be admitted to practise in Australia, however, you must complete further practical legal training.

In South Australia, we—the University of Adelaide—together with the Law Society of South Australia, provide this additional training through our Graduate Diploma in Legal Practice. But if you intend to seek admission to practise elsewhere, you should seek advice from the admitting authority in the relevant jurisdiction.

Upon graduation from the Bachelor of Laws and completion of the Graduate Diploma in Legal Practice, you’ll be eligible to be admitted to the Supreme Court of South Australia (with a restricted practising certificate). Once admitted, you can then apply for admission in any other Australian jurisdiction.

STUDY THE GRADUATE DIPLOMA IN LEGAL PRACTICE

Practical legal training at Adelaide Law School

Whether you’re a local, interstate or international law graduate, the University of Adelaide’s Graduate Diploma in Legal Practice (GDLP) will give you the practical skills and accreditation required to practise law in Australia.

The Adelaide GDLP

- Flexible—intensive, weekend and after-hours study modes and selected online courses are offered.
- Connected with industry—our networks give you significant opportunity to connect with legal professionals in South Australia and build ongoing relationships.
- Accelerated—the program can be completed in just 20 weeks.

- Strong on advocacy—you’ll undertake advocacy training with senior practitioners in the South Australian District Court.
- Placement a priority—should you have difficulty finding your own placement we’ll step in to help you make it happen (many firms exclusively accept our school’s students).

Scholarships
The University of Adelaide has a range of scholarships available to students from a variety of backgrounds and academic levels. Comprehensive information about scholarships, and how to apply, can be obtained by contacting us (refer below for details) or visiting the scholarships website: www.adelaide.edu.au/scholarships

Student services and amenities fee

Students are charged an annual student services and amenities fee (SSAF) to assist with the funding of student services and amenities at the University. In 2021, the SSAF amount for full-time students was \$313, and for part-time students it was \$235. Fees may increase in 2022. Eligible students may defer this fee to an SA-HELP loan. For further information about the SSAF and SA-HELP, visit: www.adelaide.edu.au/student/finance/ssaf and select ‘Student Services & Amenities Fee (SSAF)’.

Additional costs

Students may be required to pay for specialist equipment, reading materials, etc. Students are advised not to purchase any equipment until they receive their faculty/school handbook, available during orientation. For more information on other program-related fees and charges, visit www.adelaide.edu.au/student/finance and select ‘Other Fees and Charges’.

Adjustment factors

SATAC centrally administers two South Australian Universities adjustment factors schemes. The two schemes are the SA Universities Equity Scheme and the SA Language, Literacy and Mathematics Adjustment Factors Scheme. For more details, visit www.adelaide.edu.au and search ‘adjustment factors’.

Degree intake

Many undergraduate degrees will allow students to begin study in February or July. Please refer to

individual degrees on Degree Finder (www.adelaide.edu.au/degree-finder) to check whether midyear entry is available. Where Degree Finder states ‘subject to availability’ applicants should contact Ask Adelaide (refer below for details) to check whether midyear entry is available.

Deferring your studies

Most undergraduate degrees can be deferred for up to two years. Please refer to specific degrees for exceptions.

English language requirements for international students

All international students undertaking an Australian Year 12 program are required to achieve a Pass grade or above in one of the approved English as a Second Language or English language subjects. If an applicant attempts, but does not pass, the English language subject, then alternative options, such as an acceptable English language proficiency test result, may be arranged. Successful completion of the International Baccalaureate (IB) diploma meets the English language requirements of the University of Adelaide.

Permanent residency

International students who have studied an Australian Year 12 program or the IB and expect to be granted Australian permanent residency before the commencement of their university study must contact the International Office. Visit www.international.adelaide.edu.au

Accommodation

The University understands that finding the right accommodation is important to successful study. For accommodation options and costs please visit: www.adelaide.edu.au/accommodation

Admission transparency

We believe in providing clear and relevant information to help students choose the best university and degree to study. To find out more, visit: www.adelaide.edu.au/study/undergraduate/admissions-information

Unique Student Identifier

A Unique Student Identifier [USI] is a reference number that creates an online record of your qualifications attained in Australia. All students undertaking a higher education qualification, need a USI in order to receive a qualification upon successful completion from 2023, and to receive commonwealth financial assistance from 2021. For more details, visit www.usi.gov.au/students/get-a-usi
