ESTABLISHING THE WORKING GROUP

4. Introductions

All members introduced themselves and their position (staff) or program and position (students).

5. Background, Scope and Expectations (Chair) – Attachment A

Professor Quester briefly addressed the following points;

- background on the establishment of the Taskforce, as per the background document,
- student forum scheduled for later in the day
- the University has accepted all recommendations that appear on the Mapping of Recommendations and is committed to addressing them all
- the Taskforce aims to identify themes and commonalities, brainstorm specific activities for implementation to respond to recommendations
- a scorecard or other visual aid will be developed to show progress, this will be available online and promoted to the University community

Following questions, Professor Quester clarified the following points;

- the first priority of the Taskforce is to develop actions in response to the recommendations outlined in the Mapping of Recommendations
- other recommendations and considerations may be raised, however these may need to be addressed outside of this Taskforce
- the recommendations provided are widely based on best practice (including from settings such as the Australian Army and the Police Force) and are somewhat tailored to the University setting
- the recommendations are not based on results from implementation in other universities
- at the November/December meetings it may be decided that further meetings are required, or a new Working Group/Standing Committee may be established to continue to the work of this group.

UPDATES / DISCUSSION
