

# Australian Inflammation Centres 2023 Symposium

The Australian Inflammation Centres 2023 Symposium brings together six major sites for academic inflammation research (WEHI, Centenary UTS, Monash CID, Hudson CiiiD, SAiGENCI—The University of Adelaide, and IMB) to engage and connect inflammation researchers nationally and enhance research collaboration. This hybrid event is hosted by the Institute for Molecular Bioscience and co-organised by the six sites.

## When

30–31 October

## Hybrid Event

Join in-person or online

## In-Person Location

Institute for Molecular Bioscience Auditorium  
The University of Queensland
