

Student Consultation

In allocating the SSAF for 2024, the University has undertaken a two-phase consultation process with students. The first phase involved surveying all students regarding their priorities for allocation of the SSAF.

The second phase involved consultation with democratically elected student representatives as required under the Student Services, Amenities, Representation and Advocacy Guidelines. This consultation was carried out through the SSAF Consultative Committee, which was established in 2011. This committee comprised student representatives from YouX, Student Representative Council, international and postgraduate student representatives, as well as Adelaide University Sport and Fitness (AUSF).

YouX, AUSF and the University were asked to submit SSAF funding requests on behalf of all groups to the committee. They were asked to take feedback from the student survey into account when forming these submissions.

The Committee then made recommendations to the University on the allocation of SSAF funding for 2024. The allocation of SSAF for 2024 is outlined in the tables below.

The University of Adelaide brought forward its allocation of unspent funds from 2023 to ensure this also received the appropriate level of student consultation and this has also been included below.

Distribution of SSAF in 2024

The SSAF Funding for 2024 was allocated as follows:

2024 SSAF Distribution	\$	%
Adelaide University Union (YouX)	2,947,776	36%
