

Student Consultation

In allocating the SSAF for 2023, the University has undertaken a two-phase consultation process with students. The first phase involved surveying all students regarding their priorities for allocation of the SSAF.

The second phase involved consultation with democratically elected student representatives as required under the Student Services, Amenities, Representation and Advocacy Guidelines. This consultation was carried out through the SSAF Consultative Committee, which was established in 2011. This committee comprised student representatives from the Adelaide University Union (AUU), Student Representative Council, international and postgraduate student representatives as well as Adelaide University Sport and Fitness (AUSF).

The AUU, AUSF and the University were asked to submit SSAF funding requests on behalf of all groups to the committee. They were asked to take feedback from the student survey into account when forming these submissions.

The Committee then made recommendations to the University on the allocation of SSAF funding for 2023. The allocation of SSAF for 2023 is outlined in the tables below.

Distribution of SSAF in 2023
