Message from the Vice-Chancellor and President

Congratulations on graduating from one of the world's leading universities.

This occasion marks the culmination of years of study, and the beginning of lifelong membership of the University of Adelaide alumni—a group spread right across the globe.

You are following in the footsteps of extraordinary individuals, who have collectively transformed societies and who are changing their communities for the better each day.

Your University of Adelaide degree will open doors to new, transformational opportunities. While the knowledge you have gained means you are well prepared for whatever is to come, I truly hope that you will always be open to learning and continue to seek knowledge throughout your lifetime.

Use your knowledge wisely, be bold and generous in the way you share ideas with others.

Today is about celebrating your achievements with family, friends, fellow graduates and our staff who have helped you along the way. I strongly encourage you to maintain those professional connections you have made here; many of them will stay with you for life.

Well done. Be proud of your achievements and know that you graduate today with the warmest wishes of the University of Adelaide community.

Professor Peter Høj AC

Ngadlurlu Kurna miyurna tampinhi.
Parna yarta mathanya Wama Tarntanyaku.

University of Adelaide Kurna yartangka yuwanthi—Tarntanyangga, Waitengga, Roseworthyngga kuma. (Lit. the University of Adelaide stands on Kurna land in Adelaide (North Terrace, Waite, and Roseworthy.)

We acknowledge the Kurna people past and present, the original custodians of the Adelaide plains and the land on which the University of Adelaide campuses are built.

The University's two Reconciliation Statements, along with the Reconciliation Action Plan, support the objectives and strategic directions of the renewed 2019 Tarrkarri Tirkka Aboriginal and Torres Strait Islander Strategy. Together, these statements document the University's ongoing commitment to Aboriginal and Torres Strait Islander empowerment and self-determination.

The University campuses are located on inscribed country and the land holds many stories, every feature in this landscape is imprinted with meaning and lore. North Terrace has always been a place of learning where ceremony and conference were hosted annually.

Coat of Arms

The University of Adelaide's coat of arms was granted to the University by the College of Arms, London, in 1925. It is the official symbol of the University and the stamp which ratifies every degree parchment bestowed by the University.

The crest or shield displays an open book and five stars; one of eight, two of seven, one of six and one of five points—representing the Southern Cross. A scroll containing the University's Latin motto sits directly below the shield; *Sub Cruce Lumen*, meaning 'The light (of learning) under the (Southern) Cross'.

Bonython Hall

Bonython Hall is the University of Adelaide's 'great hall'. It was built in the years of 1933-1936 using a generous donation of over £50,000 from renowned public benefactor Sir John Langdon Bonython.

Planned construction of Bonython Hall was surrounded in controversy. Colonel William Light, Surveyor-General for the City of Adelaide, had an original vision to extend Pulteney Street north towards North Adelaide. The Adelaide City Council was keen to see his plans carried out.

Following much debate, it was City Alderman and lawyer George McEwin who was able to convince the City Council of the University's

master plan and evolving architectural beauty. Further, he pointed out that the City Council had no legal prerogative to construct roads on the private property of the University.

Consequently construction of the great hall began. This proved a critical juncture in the University's history—resulting in the University of Adelaide expanding to become one of the most picturesque campuses in the country today. Today, Bonython Hall is home to all onshore graduation ceremonies and a number of official University events, including the annual Carols on Campus event in December.

About the Organ

The organ in Bonython Hall was installed in 2002. Made in England to a tonal design by the leading Dutch firm Johannus Orgelbouw, it uses custom-built speakers to reproduce digital recordings of individual organ pipes with the acoustic qualities of a piped instrument. The four manual instrument is the largest of its type in Australia.

University Mace

Thousands of years ago the Mace, a heavy club weighted at one end, was used as a blunt weapon in battle. In the sixteenth century the Mace came to be used more ceremonially—representing a symbol of protection of the King. Today, the Mace is celebrated as a symbol and warrant of office, particularly of royal or ecclesiastical office, and of institutions deriving authority from the Crown or Church.

The University of Adelaide Mace was designed by Mr I. Milward Grey of the School of Fine Arts, North Adelaide, and was made under his personal supervision by an Adelaide firm of silversmiths.

The Mace is 24 inches in length and is made of silver gilt throughout. Seventy-three ounces, just over 2kg, of metal was used in its manufacture. The Mace head forms an orb, representing the world, and features a book, a symbol of learning, and a design of gum leaves on matted ground. On either side of the orb, the University's Coat of Arms is featured along with the motto: *Sub Cruce Lumen*.

The University Mace was first carried by President of the Students Council, K H Boykett, at a Jubilee procession at St Peter's Cathedral in 1926, marking the 50th anniversary since classes first commenced.

The traditional role of the Mace Bearer in the University of Adelaide graduation ceremony is to protect the Chancellor, meaning the bearer of the Mace always precedes the Chancellor in the academic procession.

Academic dress

Academic dress, including the full-length robe, hood and classical headwear, dates back to the medieval 12th and 13th centuries in Europe when universities, as we know them today, were developing.

The regalia were originally worn daily by university scholars for reasons of warmth and to reflect their status in society. The sense of purpose and propriety evoked by formal academic dress has ensured the tradition has been preserved over the centuries.

In contemporary times, academic dress is largely reserved for graduation ceremonies and formal university events.

Gown

University of Adelaide graduates wear black gowns in the Cambridge style, with the exception of:

- Professional Doctorate and PhD candidates whose gowns are black and faced with scarlet
- Higher Doctorate and Doctor of the University candidates who wear scarlet gowns faced respectively with the colour of their discipline or ultramarine blue.
