Connecting Wireless iPhone

Introduction

This guide will assist you in connecting your iPhone to the University Wireless.

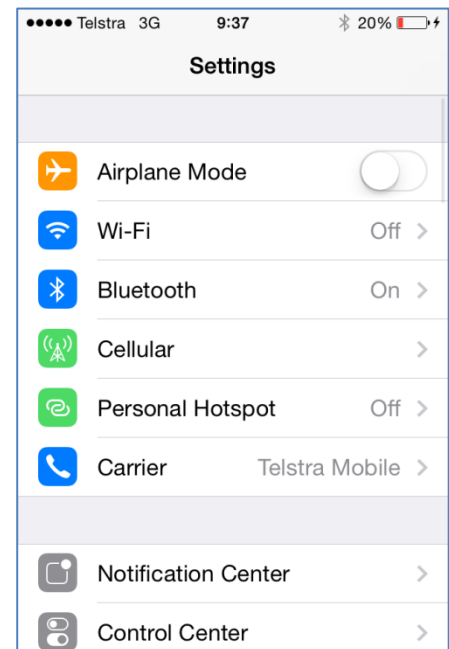

Please note that this will automatically connect you every time you are within range, until you change your password.

- If you are experiencing difficulty connecting, please try the UofA wifi assistant app **Onboard**, accessible [here](#).

Procedure

1. After unlocking your phone, select the 'Settings' button ()
2. Select 'WiFi' from the Settings menu
3. Make sure Wi-Fi is turned on, and then select 'UofA' from the list
4. After selecting 'UofA', enter your 'a' number for the username
5. Then enter in your password and click 'Join'
6. You will then need to accept the Certificate pop-up
7. You will now see UofA show as 'Connected'

Please note that if you do not accept the certificate, you will not be able to connect the the UofA wireless network.
