

Zoom Installation

Introduction

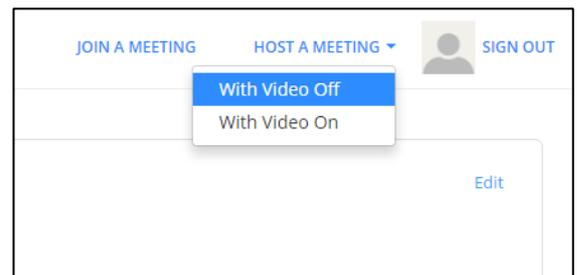

Zoom unifies cloud video conferencing, simple online meetings, group messaging, and a software-defined conference room solution into one easy-to-use platform.

The below information is suitable for Windows PC's and Apple Macs using macOS

Procedure

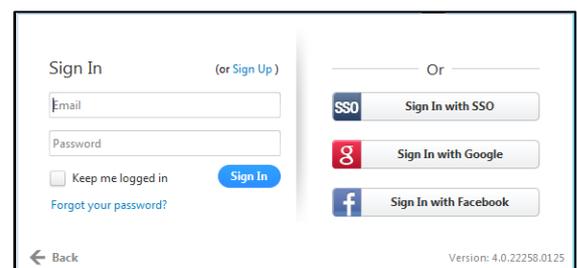

1. To sign-in, simply go to <https://adelaide.zoom.us/> and click on "Sign-In."
2. You will then be taken to The University of Adelaide log in page, where you sign in with your axxxxxxx@adelaide.edu.au username and password.

3. Once signed in, you will be taken to your profile page. To download and install Zoom to your computer, click 'Host a Meeting' in the top right of the page select Video Off.

4. Once downloaded, please run the installer. This will install Zoom.

- If you are on a personal computer and asked to log into the application, please log in with your axxxxxxx@adelaide.edu.au username and password.
- If you are on logged into a Windows University computer, you can also select 'Sign in with SSO' and enter company details 'adelaide'

You can also find the official Zoom self-help resources located [Here](#)
