Installing Citrix Workspace Chromebook

Introduction

This guide will assist you in setting accessing ADAPT.

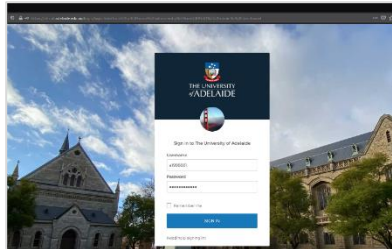

Currently no Citrix Workspace client exists for chromebooks. ADAPT access is via the html5 support component within the Chrome web browser.

Procedure

Access via Chrome web browser

1. Open Chrome web browser and visit <https://adapt.adelaide.edu.au>, add this page to your favourites.
2. You will automatically be taken to the Multi-Factor Authentication (MFA) Okta to log in and authenticate. If you have not yet registered for MFA, registration instructions are available in the [MFA guide](#) or on the [MFA Webpage](#)

Enter your university Username eg: a1234567, your Password and click Sign in

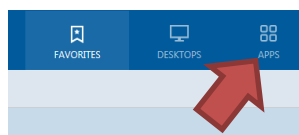

3. After authenticating, you will return to the ADAPT. By accessing it this way, applications and desktops are launched within the tabs of the web browser, where you will have reduced functionality

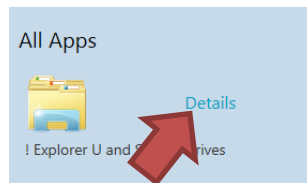

Adding applications

Method # 1:

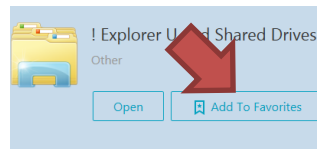

- Click on the “Apps” tab to add applications

- Click Details on the application you would like to add to your Favorites

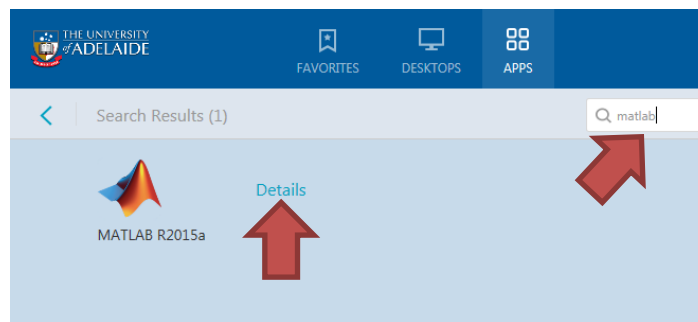

- Click Add to your Favorites

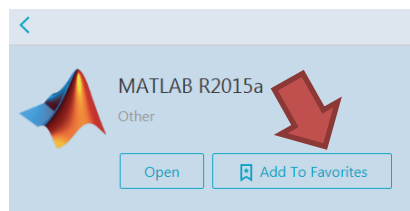

Method #2: You can search for the apps you want. In this example, we add “Matlab” as a favourite app.

- Enter “matlab” in the search box as shown below, click on the Details of Matlab icon.

- Add to Favorites

For future access to ADAPT

Open Chrome web browser and navigate to the following link <https://adapt.adelaide.edu.au>
